GAZETTE ON THE TARIFF.

Our article of week before last, on the Tariff, and the Bedford County Democratic Plutform, seems to have riled our down-street the plundering bordes of Locofocoism. Tone disregard for the facts, he charges the authorship of the article on somebody else than ourself, and then deliberately tries to show that Henry Clay was never in favor of protection to lows:

which are inferior to no domestic questi whatever. The time has come for the people of tations to place their moral influence at the side of their successful example."

This is as anti-protection, and free-trade a resolution as could possibly be drawn, and we have seen it so treated by the press of the country, of both parties, and heard it again and again spoken of by intelligent persons, and we have the first paper yet to see, (before the last issue of the Gazette,) and the first intelligent man yet to hear, who considers the above quoted resolution as anything else than an open avowal of free-trade sentiments. We think Mr. Meyers ought to be permitted to pass.

they mean just what they say; and it is a good (long continued applause.) deal too barefaced a falsehood to say or pretend, that "progressive free trade" does not Knox and Gov. #### Arouse, Freemen, Arouse

But a little over two weeks yet remain, until the freemen of Pennsylvania are called upon to decide one of the most important elections that has occurred for many years. Are you ready, freemen of Bedford County, for the contest? If not, gird on your armor, and prepare for the battle. If you are in favor of the Protection of American Industry - if you are in favor of better times - if you are opposed to the present ten-cents-a-day system of the Locofoco administration-if you are in favor of the people of a sovereign territory making their own Constitutions and law -if you are opposed to using the United States army to crush free State sentiment in a territory-if you are opposed to border-ruffian invasion from other States -- if you are opposed to the present unprecedented expenses of the Buchanan administration, amounting to one hundred milltons of year -- if you are opposed to a vast national debt-if you are opposed to fraud and corruption-if you are in favor of paying off our heavy State debt-if you are opposed to running Bedford County still further in debt-if you are in favor of paying off some \$8,000 or \$10,000 of Locofoco County debt- if you are in favor of paying off some three or four thousand dollars of Locofoco Poor House debtand if you are in favor of an economical administration of officers, National, State and County-go and do all you can for Edward McPherson for Congress, for the State ticket, and for the whole County ticket.

The prospec's for the success of the opposition in Pennsylvania this full never were better they are cut up and divided in nearly every County in the State. In nearly every Congressional District, they have two candidates, Lecompton and anti-Lecompton, and they are now in the same position as was the opposition for the last few years. The times are changed and politics are changed! The Locofoco party is broken, shattered and divided! All over the North, is this the case. Pennsylvania will speak in thunder tones-and will re-echo the Vermont and Maine!

What say you, freemen of Bedford County the State to secure the glorious victory? You lows: have the numbers and the power to carry the County, and wrest ber from the hands of those who are robbing you and plunging you into a vast debt. To work, then, from this time until the election, and all will be right, and we will be able after the second Tuesday in October, to proclaim to you a glorious victory over

It has been very evident for months past that a breach would soon occur between Gov. American industry. Having done this, no Packer and his triends, and President Buchan doubt to his own satisfaction, he undertakes an and his adherents. It has now taken place, the still more difficult task of convincing his open and palpable, and is preclaimed in a speech readers that the Free Trade resolution of the delivered on the 15 inst., by the Hon. It is a good sound speech, and we are almost persuaded to publish it, in condemnation of things Judge Knox says :

"Another man, upon whom the vilest abuse has been beaped by the minions of power, and who had as much or more to do with the election of Mr. Buchanan than any living man, from the first indication that an effort was about to be made to prevent and destroy the popular will in Kansas, fearlessly, ably, and persistently gave his voice and his pen to the denunciation of the contemplated outrage and "Progressive Free-Trade," are the words of its perpetrators. ALL HAIL, VERMONT!

The Star that Never Sets! The following is the result of the recent

election in this noble State:

MONTPELIER, Vermont, Sept. 8 .- We have returns this evening from 89 towns, which foot up thus for Governor: --

Hiland Hall, Opposition, Hiram Keyes, Locofoco, Scattering, Opposition majority over all, Last year over all, Net gain in 89 towns, Returns from 144 towns give the following

results for members of the House: Opposition, 144; Locofoco 21; Abolitionist. No choice, 5.

The Burlington (Vt.) Times says that the majority of Hiland Hall for Governor will not

be less than sixteen thousand, and adde: "The entire vote of the State is probably about 42,500, which is between two and three thousand more than that of last year, and ten thousand less than it will be in 1860, when Vermont will be called on to testify in the case of the People vs. Lecompton. Give the Green Mountain boys a fair chance at that particular development of " Democracy," and they will furnish a new illustration of what is meant by a 'popular majority.' The Republican majority in the Legislature will probably be more than two hundred. The Senate shows 'a clean bill of health.' There is not the shadow of a smell of Lecomptonism on its garments; and the 'infusion' in the House is merely suggestive of a new 'potency' in homospathy. ## From the Somerset Herald and Whig.

This organ of the "Lecompton Nigger Democracy" publishes in its last issue, a paragraph copied from this paper, and by us copied from the Philadelphia North American, stating that Hon. Frank Blair and Senator Trumbull addressed a meeting at Alton, Iil., in the very place where, twenty-one years ago, Lovejoy was slain. The paragraph adds: "Now the people flock in thousands to hear his brother proclaim the doctrines for mhich that blood

It will be remembered that Lovejoy was killed in a riot created by the pro-slavery men who denounced him as an abolitionist, and the North American cites as an evidence of the change of public sentiment in that community, the fact 6,359 that Blair & Trumbull who are opposed to the 81 extension of Stavery, particularly into Kansas, should have been welcomed and listened to by should have been welcomed and listened to by thousands. From this paragraph, Mr. Benjamin Fracklin Meyers, editor of the Bedford Gazette with that profundity of ratiocination for which he is so remarkable, proves that the North American is an abolition sheet, that the Herald & Whig is also an Abelition organ, that the said Herald & Whig is the organ, not only of the Abolitionists of Somerser, but of Bedford County' ergo, the Republican must be identified with the Abelition party." To such profound logic, we must of course how with all due deference, not even daring to plead in extenuation an editorial record of ten years, or the fact that the article was merely copied by us as an item of news. We can but throw ourselves upon the mercy of the court. As a special plea in mitigation of damages however, we erave leave to set forth the following facts .--In June of 1856 business called us from home, and not liking to trust the old Herald to edit itself during our temporary absence, we called in the assistance of one Benjamin Franklin Meyers, then at that time a hanger on to the skirts of the Know Nothing party in this goodly town, since promoted (in consideration of his services in attempting Julas -like to betray and sell out, the American party of the County) to the editorial chair of the Bedford Ga zette. During our absence aforesaid, the Cincinnati Convention met and brought forth its nominees. On this momentous event, our tem-porary substitute, the Benjamin Franklin Meyers aforesaid, produced an l published, in our

In conclusion it is suggested, not by way of defence, but as of probable benefit to some of our demogratic brethern of Bedford, that if the Benjamiu Franklin Meyers aforesaid has proved that we are an abolitionist, then by a parity of reasoning we can prove that white is black and therefore, if any of them long to possess an able bodied "Nigger" with those unerring marks of the race, a hang-dog look and beefheels, he can be obtained at a low figure by applying at the office of the Bedford Gazette.

Hoffmeier, where wincing under the shameful expose that of Friends Cove, expects to preach, in the stone the Iron pipes for the great National Water Works at Washington City are to be made in a Foregn country, by Foreign materials, and to

the great prejudice of American interests, en-terprise and laber.

But in Hollidaysburg, in Blair county, in the very heart of the great Iron region of the country, surprising to relate! we have a press that boldly and unblushingly DEFENDS THE OUTRAGEOUS FACT. The Democratic Standard, admitting that the Government pet who has the job, has made "a contract with some Scotch house to supply a part of the pipes,' with shameless face sets up the plea American manufacturers and American laborers have no right to complain, because "upon these imported pipes the United States Government will be as much of a gainer as the duty amounts

Is not this too bad ! And will the freemen of America tamely submit to such Anti-American conduct on the part of the Government, and such heartless doctrines on the part of the government presses ? See ! American Manufacturers are crushed down and ruined by Foreign competition, and American laborers are deprived of employment, or forced to earn a scanty subsistence at starving wages, and yet THE AMERICAN GOVERNMENT ROLLS OUT ITS HEAPS OF GOLD TO SUSTAIN AND BUILD UP THIS FOREIGN COM-PETITION !! And see, again, the argument in defence of this conduct! The U. S. Government will be "as much of a gainer as the duty amounts to." The Government-the office holders, the Plundering Contractors, &c.,
--"will be the gainer,"-NO MATTER ABOUT THE PEOPLE; these will lose and suffer of course; but no matter -- the Govern-

ment is the gainer !!! So argues the Democratic Standard, the Organ of the Administration Party in Blair county, and such we suppose, therefore, is

und "Democratic" dectrine. Against such Government practice and such "Democratic" doctrice, the Opposition in all its branches is uncompromisingly hostile. We hold that our Government should in every possible way promote the PEOPLE'S interest : for that THE LIVING OF THE PEOPLE IS OF MORE IMPORTANCE TO THEM THAN REVENUE TO SUPPORT THE GOVER JMENT. But the interests of the people and of the government are identical, and to promote one is to promote the other. —

### THE CONTEST IN THE ADAMS AND FRANKLIN DISTRICT.

Edward M'Pherson, Esq., the Peoples' candidate for Congress in the Adams and Franktin district, arrived in town this morning on his return from Juniata county. He is enjoying excellent health, and from what we can learn from persons acquainted in the district, we are led to believe that he will be triumphantly elected over his opponent, Wilson Reilly, the Lecompton candidate, who betrayed the wishes that pervades the entire deliberations of the Lecompton candidate, who betrayed the wishes of his constituents by voting for that swin-

On the 11th mst. an anti-Jones Democratic county meeting was held in Reading, over which Dr. H. H. Muhlenberg presided. Mr. M. on taking the chair, gave his reason for opposing the re-election of J. Glancy Jones to Congress. A full County ticket was formed, headed by Maj. John Schwartz of Reading, for Congress. Mr. Schwartz was a soldier in a struggle at first, but they must triumph in in this behalf, that at time and place and in office, and is represented to be a strong man Benjamin Franklin Meyers (now of the charges that Jones' renomination was affected by fraud, another anuounces in favor of a revision of the Tariff of 1857; and another declares in favor of the immediate admission of Kansas into the Union, under such a Constitution as a majority of the people prefer.

## THE PROSPECT.

John W. Forney, in his recent speech at Tarrytown, N. Y., in alluding to the fall election in Pennsylvania, said that the Lecompton candidates for the Supreme Bench and Canal Commissioner, would be beaten by 40,000 MAJORITY

Their is not an intelligent politician of either party, who does not admit that John M. Read nd William E. Frazer, the People's candidates, will be chosen Supreme Judge and canal Commissioner, by an OVERWHELMING MAJORITY.

This should be an incentive to every member of the Party to turn out and vote. Let every one feel it a privilege to participate in what will prove a GLORIOUS VICTORY.
