TO THE POLLS! TO THE POLLS!!
RALLY! RALLY!! RALLY!!!

The time has come, freemen of Bedford County, FOR VOTING! Let every one of you who is in favor of a change of rulers, turn out on next Tuesday and vote for the People's ticket! Bedford County has been run into about \$12,000 of debt, for which you will be taxed heavily for many years to come. Pennsylvania has been run into some \$40,000,000. The national administration is expending \$100,000,000 a year, and plunging the nation into a vast national debt. This has all been done by the Locooco party, and if you wish things to change, for the better, (they cannot get worse,) go and vote for the People's County and State ticket. The sufferings of all classes requires this duty. Let every one who is in favor of the Protection of American industry, against the pauper labor of Europe go and vote for the People's ticket on Tuesday next. If you are in favor of the protection of all kinds of American labor, and in favor of better times, go and vote the People's ticket on Tuesday next. If you are opposed to the late outrages on the freemen of Kansas, to the betrayal of that people by the President of the United States, and men like WILSON REILLY, who falsified all their pledges to you before the election, go and vote against WILSON REILLY and for the People's State and County ticket.

We deem it hardly necessary to add much to what we have here written, as we presume every voter is fully conversant with the issues of this campaign, and they are of the utmost importance—issues upon which the very liberties of the people depend. Then turn-out and defend them with your votes, and all mankind, posterity and your consciences, will tell you that you have done your duty. Let no man stay away from the Polls, but let every one from the hill-top, from the plain, from the valley everywhere, TURN-OUT, TURN-OUT, and RALLY, RALLY, to the support of our ticket. Everything in the State looks favorable for a GLORIOUS VICTORY this fall, let the freemen of Bedford County TURN-OUT and help achieve the victory, and all will be well.

Poor Director.

We warn the people of Bedford County against the election of JOHN AMOS, the Locooco candidate for Poor Director. He is in every way unqualified for the office, and if unfortunately, he should be elected, the people of the County will regret the choice. It is well known that he openly expresses the determination, in case of his election, to have CHRISTIAN STOFFER, his son-in-law, appointed as the Miller! Mr. Stoffer, several years ago, had charge of the Poor House Mill, and the people know how badly affairs were then managed, and if they wish to return to the same state of affairs, they will elect JOHN AMOS. Remember our prediction, as sure as he is elected, Stoffer will be the Miller. He also intends to have his own son appointed to the Stewardship, and then with the father as Director, the son as Steward, and the son-in-law as Miller, the family will have things all to themselves in that institution. Let the voters beware!

What Next?

The stock in trade of our Locooco friends in the present campaign, consists mainly of misrepresentations and falsehoods. One of their great hobbies was the pretended fact that JOHN M. READ our candidate for Judge of the Supreme Court, had written or signed a letter so long ago as 1846, congratulating Geo. M. Dallas for giving his casting vote against the Tariff of 1842. We never could see the force of this charge very clearly even if it had been true. John M. Read was a Locooco at that time, TWELVE YEARS AGO, and if he had then acted with Mr. Dallas, and his party friends, it would not have been so very strange; nor could it well be said now since he has left that party and been acting with us for years, that he holds the same views now that he did twelve years ago. But, as we have heretofore shown, the whole charge turns out to be a mere fabrication and forgery. John M. Read never signed any such letter, nor authorized any body else to sign it for him. One John F. Read did sign it, and it was an easy matter for an unscrupulous opposition to change the F. to M. and then declare it to be the act of our candidate. Gentlemen, "a miss is as good as a mile," and your shallow trick has been exposed, and not even forgery will save you. We have seen but one democratic paper which had the honesty to admit the truth in the matter, and publicly exonerate John M. Read from the charge. No one who knows the tactics of the Locooco press here would expect the retraction of any falsehood it ever uttered. If it should undertake this, it would require about the whole of one paper to unsay or correct the errors in the preceding one.

Another great hobby of our opponents is the representation that they did not pass the tariff law of 1857, but that the Republicans and Americans did. In our paper of last week we proved by the record the falsehood of this whole matter, by a single production of the facts. We showed that President Pierce recommended the passage of the Tariff of 1857, in his last annual message; and that the party by a vote of 67 to 1, voted for the bill and passed it through as a party measure ONLY ONE LOCOOCO IN THE WHOLE 83 IN THE LOWER HOUSE OF CONGRESS VOTING AGAINST IT.—These fabrications have been reiterated in the press, and from the stump all over the county, and rebashed in the Mrs. Partington correspondence of the Gazette from Washington, and now all is proved forgery and fabrication: and it is in view of this we inquire, what next?

We know the never failing resources of sham democracy. When beaten out of one falsehood they take another, and then another, and go on from beginning to end. Nothing is too gross or too monstrous. But, they are in a worse fix just now than we have ever known them before in any respect. They can not explain away the present hard and democratic times, which are pressing upon everybody with crushing effect. They are responsible for them, and the people know it; and the corrupt party is about to be compelled to feel it at the ballot box on next Tuesday. We are confident the people can not and will not allow the authors of such times to go unwhipped of justice. See if in a few days the election does not prove the correctness of our notions on this subject.

The County Debt!

REMEMBER, voters of Bedford County, that since the Locoocos have secured a majority of Commissioners and Poor Directors, the Debt of Bedford County is somewhere in the neighborhood of \$12,000!! They borrowed \$5,000 last Spring, and by next spring the probability is that they will be borrowing more!

REMEMBER, that they have created a new office—tinker at the public buildings—at an expense of \$400 and \$500 a year, when the buildings should not cost over \$40 or \$50 a year. Remember that this tinker is almost constantly employed at the buildings.

REMEMBER, that the County buildings cost \$111.86 in 1856—and \$451.10 in 1857—and the probability is that they will cost the taxpayers \$300 in 1858, at the rate the tinkering has been going on so far this year.

REMEMBER, that the present Locooco board of Commissioners, last year, by mismanagement, bungling and carelessness, sunk the County, in two small matters, the sum of \$1087.35!

REMEMBER, that the present Locooco board of Commissioners have sunk the County so largely in debt that we will not be able to pay it off for a generation to come!

REMEMBER, that your County tax will be largely increased next year, to pay the enormous debts incurred by the Locooco Commissioners.

REMEMBER, that the Poor House is fast running you into debt, and that its affairs are badly managed under the present Locooco board of Directors.

REMEMBER, that when the Americans had a majority in the board, that the taxes were lowered—that they paid off a portion of the debt—but under the present Locooco majority things go on in the old way.

REMEMBER, that the only way to have things go better, is to make a change in the Commissioners' office, and in the board of Poor Directors.

REMEMBER, that GIDEON D. TROUT, and HENRY M. HOKE, our candidates for Commis-

sioner and Poor Director, are excellent business men, and, if elected, will do all in their power to bring about a change for the better.

REMEMBER these facts, freemen of Bedford County, on Tuesday next, and vote accordingly.

Gideon D. Trout.

We have heretofore considered the voters of Bedford County fortunate in having the opportunity to vote for so good a man as Gideon D. Trout for County Commissioner. He not only comes fully up to the good old Jeffersonian standard of honesty and capacity, but is socially a most agreeable gentleman, and every way a most acceptable candidate. And yet, in the Gazette of last week, in an article headed "Jacob Beckley," is the following false and contemptible paragraph:

"His opponent, Gideon D. Trout, is not to be compared with him in point of ability. Mr. Trout is a bad financier, a poor manager, as is proved by his heavy indebtedness. A man who cannot keep his own affairs in order, especially with the opportunities Mr. Trout has had, would make a very unreliable agent for the people. The County needs just such a man as Jacob Beckley to keep it out of debt."

The above article, to say the least of it, is very ungentlemanly and very untrue, and its falsehood is so manifest with those who know Mr. Trout, that we doubt not it will do him more good than harm. In a recent suit, where the worth of Mr. Trout's property was called in question, witnesses stated upon oath that he was worth more than twenty thousand dollars over and above his indebtedness; and yet this is the man of whom it is said he "cannot keep his own affairs in order." He never got a dollar from his father's estate, but has been actively engaged in store-keeping, milling and farming for many years, and now has a handsome estate, acquired alone by his honesty, ability, business tact and hard work. He is one of our most intelligent and successful business men, and yet, according to the Gazette, he is "a bad financier," and "a poor manager."

We would not say anything unkind, and much less untrue, about Mr. Beckley, but we do think the Gazette has been doing him bad service by getting up a comparison between him and Mr. Trout. He has not half the business tact, experience or ability of Mr. Trout, and everybody who knows the two men knows these facts. And it is a notorious fact, proved by the County records, that it is only a few months since the property of this great financier, Beckley, was in the hands of the Sheriff; and we will only suggest that the less Mr. Beckley's friends say about the matter the better it will be for him.

More Lies!

We understand that Gen. James Burns, still continues his assertions, in his electioneering trips through this County that the people of Somerset County intend to vote for Walker and Hay, the two Somerset County candidates. The Card of Mr. W. in our last paper clearly puts the lie to this charge. Our friends in Somerset will do all in their power for Mr. Williams as well as Mr. Walker, our candidates for Assembly. Mr. Burns had better get at some other electioneering hobby—this bait won't take.

We understand, also, from reliable authority, that when Mr. James Burns, was using this hobby in the Northeastern part of this County, he was asked the question, "would he vote for GEORGE W. WILLIAMS," he replied that "he certainly would." This is a mean and contemptible way to try to catch votes, but it won't do. Mr. Burns will not vote for WILLIAMS, and only says that he will, to deceive you. He will not, and dare not vote for a man on our ticket. Williams and Walker, are first-rate men, and we trust all our friends will see that both their names are on their tickets.

We also have it from good authority, that B. F. Meyers states in his speeches, that Mr. Walker told him that if he was elected, "he would take the seven hundred dollars pay, and if the Legislature increased the pay to one thousand dollars, he would take it and put it into the funds of the agricultural society."—This is a lie out of the whole cloth. Mr. Walker NEVER told Meyers so, he is not on such intimate terms with this hang-dog as that. Mr. Walker has pledged himself to us, and authorized us to state that if he IS ELECTED HE WILL DO ALL IN HIS POWER TO BRING THE PAY DOWN TO \$500—THE FORMER SALARY. HE WILL VOTE AGAINST ANY INCREASE, AND HE WILL VOTE AGAINST ANY EXTRA PAY FOR ANYTHING.

Mr. Williams writes to us and authorizes us to say, that "HE WILL VOTE FOR AND ADVOCATE THE REPEAL OF THE EXTRA PAY LAW," should he be elected. He also "favors the reduction of the salaries of all the high-salaried office-holders in the State." Such are the facts—let the people know them, and vote accordingly. Believe nothing that Burns or any of the Locooco speakers may say against our candidates.

Williams and Walker are excellent men, will make good and attentive members, and we hope all our friends will stand by them to the last.

Look Out!

We understand that tickets are in circulation with the names of all our candidates upon them except one or two, and in their place, Locooco candidates are inserted! Beware! Examine carefully your tickets before voting them!

The anti-Lecompton members of Congress in California have been elected.

OFFICE-HOLDERS INTERMED-

DLING IN ELECTIONS!

G. W. BOWMAN, Superintendent of Public Printing, is now in Bedford, sent on for the purpose of interfering in our election. He is drawing from the Government \$3500 per annum, and perquisites, and yet is spending weeks away from his post, and drawing pay for the whole time! Can anything be more dishonest! Is not this the way the government and this County is plunged into vast debt?—Freemen of Bedford County, this is the manner in which this corrupt administration attempts to control the elections. This is the manner in which they attempted to force an odious constitution on the free people of Kansas! Treat this paid agent of the government with contempt. He is not a citizen of this State—he lives out of the State, and has his family out of the State; and if he attempts to interfere in your election, treat him as he deserves. Let the law be enforced against him—and it is very severe. Submit to no interference from non-resident hired officials!

David Hay and Extra Pay!

REMEMBER, taxpayers of Bedford County that DAVID HAY, the Locooco candidate for the Legislature from Somerset County took the TWO HUNDRED DOLLARS EXTRA PAY, OF THE LAST LOCOOCO LEGISLATURE, AND APPLIED IT TO HIS OWN USE. If you oppose Legislators pocketing your money in the shape of EXTRA PAY, vote against him on next Tuesday. Gen. Burns is in the same boat with EXTRA PAY DAVID HAY, and will no doubt do all he can to get some of the EXTRA too, in case he should be elected.

GEORGE W. WILLIAMS and GEORGE G. WALKER have pledged themselves against EXTRA-PAY in any shape. Which will you choose tax-payers of Bedford County? HAY, BURNS and EXTRA-PAY or WILLIAMS and WALKER AGAINST EXTRA-PAY?

Changes!

We say to our friends throughout the County, that the prospects never were better. We hear of many changes in favor of the People's ticket in all parts of the County, and particularly, in this neighborhood, which fact is well known, and the names of the persons well known here by persons of all parties. Many old Whigs who voted for Buchanan, and for Packer, last fall have come back, and are now warmly, heartily with us, and we hear of only one single change against us, and that is in Bedford township. Everything looks well, and our friends never were in such good cheer. Mark our prediction we will give the Locooco party an awful—a terrible drubbing next Tuesday. Do your duty, friends, and all will be well!

Organize! Get Out the Vote! Organize!

Our friends in the county realize, we know, the great importance of the present contest, and are alive to the necessity of carrying our ticket through successfully; but are they attending fully to the means of obtaining success? Are they properly organized? Are vigilance committees appointed and at work? Have they appointed sub-committees in each school district, to bring out the vote in full? Have they arranged for conveyances to get out the old and the infirm? If these things have not been attended to, let them be attended to at once. No time is to be lost. Do not, reader, put it off on some one else, but do it yourself. If these things are properly done, we shall elect our entire ticket.

Friends of Protection!

GO TO THE POLLS ON TUESDAY NEXT, AND VOTE EARLY.

SEE THAT NO ILLEGAL VOTES ARE POLLED.

STAY AT THE POLLS ALL DAY UNTIL THEY CLOSE.

HAVE YOUR WAGONS OUT, to bring to the election, the aged, the infirm, the careless.

GUARD WELL THE BALLOT-BOX!

and have EVERY VOTER OUT!

and A GLORIOUS VICTORY AWAITS YOU.

NOTICE!

No tickets were printed in this office for any other candidates than the ones regularly nominated by our party.—No person asked us to print any others! If any of our tickets are printed with the name of any other candidate in them they were printed at the office of the Bedford Gazette! We have undoubted authority that such tickets were printed by the Bedford Gazette! Friends consider this matter! These tickets were printed by the Locoocos!

Hard Times!

The people of Pennsylvania, by this time are aware that the only thing that will bring about better times, is a Protection Tariff. The times never were harder! There is no money in circulation. The Buchanan administration is a failure! All who go in for a change for the better, will vote for EDWARD McPHERSON, and the People's State and County ticket.—Remember, McPHERSON and better times, against REILLY and the continuance of the present Locooco hard times!

REMEMBER TAX-PAYERS!

That Maj. S. DAVIS, the present Locooco Treasurer, took to the city \$2,000 in silver, of the borrowed money, last spring, and "drew upon it a NICE PREMIUM, WHICH TO THIS DAY REPOSES IN HIS OWN POCKET!" He was Treasurer then and is yet. This is the way the County affairs are managed! If you are opposed to such conduct, vote the People's Ticket.

Are you ready for action! Make a list of voters in each district, who are opposed to the ruinous policy of Buchananism, and see that each and every man comes to the polls on election day. Let none stay away! The interests of the tax-payers demand that every man should come to the polls and right the wrongs inflicted upon the people by Buchanan's Administration.

OUR MEETINGS.—The meetings of our friends in Monroe and Bedford Townships, were very large and enthusiastic, whilst those of the opposition have all been small, cold and spiritless. Everything looks right for the People's cause.

A RAINY DAY.

It is probable that Tuesday next may be a rainy day. No matter, rain or shine, let every friend of the protection of the languishing interests of our country, turn out and vote.

COL. FORNEY'S ADDRESS.

In the Press of 30th ult. appears an address of some eight columns of Mr. Forney's, in vindication of the principles of Popular Sovereignty, and in reply to the assaults of the Locomotion organs. He intended to deliver the address at a public meeting, but the multiplicity of his duties has rendered it impossible. He commences by reviewing the part he took at Tarrytown, and the causes which induced him to make the speech which he did there.

He then alludes to the statement of the Union, denying the conversation he is represented to have had with the President. He says: "Not only did the conversation take place, but many things that were said were omitted in the Tarrytown speech. Among other things, the President said, 'If you, Walker and Douglas will unite in support of my Kansas policy, the people of Kansas will vote for it at the election on the 21st of December. I know that you have the strong side of the question, and that you can carry off the people, but I appeal to you to stand with me, because, if I don't adhere to my policy, Alabama, Georgia and Mississippi will probably secede from the Union.' A few days after this interview, a friend from Southern N. York visited me (Forney) at Philadelphia, saying that the President had desired him to assure me that the President intended to make his Kansas policy a test upon the party, and that no man would be tolerated by the Administration who did not approve and support it."

Regarding the Union's assertions that his (Forney's) statement of the cabinet meeting is false, Mr. Forney says that the report of the conversation between Walker and the cabinet was communicated and described by Col. S. M. Johnson, one of the editors of the Union.—Mr. Forney then alludes to the attacks of the New York Herald upon him, applying terms to the editor of that paper far from complimentary. He next quotes from several articles that had appeared in the Herald during the Presidential campaign, saying that Mr. Buchanan once said to him with much excitement, "Why am I so traduced and pursued by this infamous knave? Have I no friends who will visit New York and punish him as he deserves? His ears should be taken off in the public streets."—Subsequent to the election when he (Forney) had published a caustic article about Mr. Bennett, Mr. Buchanan regretted the publication, saying, "I desire that Mr. Bennett shall support my administration." Mr. Forney then reviews the political condition of the Union, claiming that all the Democratic victories at the North have been anti-Lecompton, and concludes by predicting the complete overthrow of the President's rule in the coming election in this State.

Notes and Queries for Working Men.

The federal government has recently made a contract for \$750,000 worth of Scotch water pipes, which are now in course of being delivered.

The Galveston and Houston Railroad Company has just made a contract in Belgium for 14,900 tons of iron.

The Atlantic and Great Western Railroad has just made a large contract in England for railroad iron.

The shipments of gold from New York last week amounted to \$1,361,140 46.

The total shipments from that port, for this year, have been \$19,400,349 46.

If we had made our own iron, could we not have retained all this gold?

If the demand for gold had not existed, should we have had the financial crisis of the last year and present year?

Had there been no reason for such a crisis, would not confidence have prevailed throughout the community, enabling men of activity and enterprise to obtain the loan of money at moderate rates of interest?

Had such men been able to obtain money at such rates, should we now see our mills and furnaces closed, and our mines abandoned?

Had our mills, furnaces and mines been kept in motion, would there not have been a steady demand for labor?

Not having done so, what is their present duty to their wives, their children, their country, and themselves?

Does not that duty require that they should refuse to vote for any man whose past history does not furnish conclusive evidence that he is honestly in favor of such a tariff as will enable us to make our own cloth and iron, and keep our gold at home?

Had the demand for labor increased, would not wages have tended to become higher, even, than they before had been?

Look Out!

We understand that this week's Gazette is filled with lying slanders on our candidates.—Believe none of these eleventh hour stories.

DIED.

In Bedford on Sunday evening last, JOHN ELLIOTT, infant son of Francis and Maria Louisa Jordan, aged 4 months.

"It gently sinks to rest,
As once it used to do
Upon its mother's tender breast,
And as securely too."

The spirit is not dead,
Though the body dies:
But, freed from sin and sorrow, fled
To dwell beyond the skies."

In this Borough, on Tuesday morning, the 25th ult., Mrs. MARY SPRING, aged 53 years, 9 months and 4 days.

The deceased was a member of the M. E. Church for more than 20 years. During the latter part of her life she was subjected to much affliction, under which she was an example of faith, patience and meekness. When declining rapidly she told her friends that her peace was made—that her work was done. She had no doubts, no fears, and was heard frequently exclaiming, "Lord. She still lives in the affections of those who knew her best, and her pious example, christian resignation under trials, and triumphant victory over death, teach us that

"Tis religion that can give,
Sweeter pleasure while we live:
Tis religion must supply
Solid comfort when we die."

In Bedford, on Sunday morning last, ELLA, daughter of Wm. and Anna E. Keiser, aged 3 years, 11 months and 3 days.

"Mourn not ye whose child hath found
Purer skies and holier ground;
An angel, with a STORY and a half
Flowers of bright and pleasant hue
Free from thorn and fresh with dew."

Mourn not ye whose child hath fled
From this region of the dead,
To yon winged angel-band,
To a better, fairer land."
