THE LIVER INVIGORATOR, PREPARED BY DR. SANFORD.

Compounded entirely from GUMS. TS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicino known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the s:omach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the opany of the painful feelings experienced in the op-crations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strength-ea and build it up with unusual rapidity. The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The atomethys almost entirely dependent on the

THE GREAT PURIFIER :-THE WORLD CHALLENGED :-TO FRODUCE ITS EQUAL : THE BLOOD SEARCHER OFGLORIOUS TRIUMPHANT :

Sworn statement of Divid McCreary, of Napler Township, Bedford county: In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used policies of sorrel, and a wash of blue(vitrio), with out effect. Finding the sore extending Lealled on politices of sorrel, and a wash of blue vitriol, with-out effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronunneed it CAN-CER, and proscribed a wash of sugar of lead and bread poultices. Finding these reunedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somersct county, who also pronounced the disease Cancer, and gave me internal and external remedies the latter consisting neicebally of caustic, but Cancer, and gave me internal and external remedies —the latter consisting principally of caustic; but all to no purpose, as the disease continued spread ing toward the nose. I next used a preyaration of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon in-creased. I next called upon Dr. Statler of St. Chairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, tho disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electic Medical Collegs. He pronounced the disease a cutaneous Cancer, superinduced by an inordinate use of mercury.— He applied mild zine ointment, and gave internal remedies. My face healed up, but the inflamation was not thoroughly removed. In Febuary, 1857,

remedies. My face heated up, out the influmation was not thoroughly removed. In Febuary, 1857, he pronounced me cured, and I left for home. In April the disease again returned and so violent was the pain that I could not rest at night. Late in May I returned to Cincisnati, and again placed myself under the charge of Dr. Newton, with whom I remained until Scattenber, during which there has I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the and also medicine that I got from Dr. Ely, but the Gancer continued growing until it had eat off the left side of my nose, the greater portion of my left cheek, and had attacked my left eye. I had given up all hope of ever being cured; since Dr. Ely said he could only give relief; but that a cure was impos-sible. In March, 1858, I bought a bottle of Blood Scearcher,' but I must confess that I had no faith in it. I was very weak when I commenced taking it, taut I found that I gained strength day by day, and also that the ulcers commenced drving up. I

NEW EVIDENCE.

NEW EVIDENCE. Being afflicted with a grievous Tetter on the arms and face—after trying many remedies which utterly failed to cure—I was persuaded by W. M. Barris & Co. to try Lindsay's Improved Blood Searcher; and now, six weeks after finishing the secoud bottle, pronounced myself cured. The tetter broke out, something over a year ago, on the inside of my arms, extending from the el-bows down to the wrists; also, on my face, im-mediately round the mouth and ciin, and continued to be a perfect torment to me until cured by the Blood Searcher. My arms, were almost useless, owing to the cracks and sores on them, liable to bleed at any time on the least exertion to lift or work, and sometimes so itchy that I could searcely prevent sometimes so itchy that I could scarcely prevent tearing off my flesh. I have now been cured six weeks and feel it due to Mr. Lindsey, and to the weeks and foel it due to Mr. Linkey, and to the public generally, to make this statement, in hope that others like myself may be benefited by using his valuable medicine. her JANE M WILSON.

Dr. Hardman trewais Consumption, Bronchitis Astima, Lairyngittis, and all diseases of the throat and lungs, by medical Inhalation, iately used in the Bromton Hospital, London. The great point in the treatment of all human maladies is to get at the disease in the direct manner. All medicine, are estimated by their action upon the organ re-quiring relief. This is the important fact upon which Inhalation is based. If the stomach is di-seased are take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medi-cated vapors directly into the langs. Meaicines are the antidotes to disease. Inhalation is the ap-plication of this principle to the treatment of the lungs, for it gives ns direct access to hose intri-cate air cells and tubes which lie ont of reach of avery other means of administering medicines.— The reason that consumption, and other diseases of the lungs, have heretofore resisted all treatment has been because they had never been approsched in a direct manner by medicine. HAVE just oper ed their new store, in Anderson's row of buildings, nearly opposite the Gazette

Their stock of *boots and shoes* for men, women and children is certainly the best and cheapest that has ever been brought to Bedford, for three reasons: FIRST. On account of the pressure of the times, they have been laid in at 30 cents on the dollar less than what was paid last year for the same kind of goods. SECOND, They were bought for cash, and the
