#### PEOPLE'S MEETING.

A meeting of the People will be held in the Court House, on Monday evening of Court week, (15th Nov. next,) for the purpose of consulting together, and congratulating the country over the recent brilliant victory in this Congressional and Legislative District, the State at large, and the glorious triumphs in Onio, Indiana, Iowa, Minnesota, Kansas, &c. Several speeches will be delivered on the oc-

Let there be a good turn out. Come one, Oct. 29, 1858.

#### GEORGE W. WILLIAMS.

Among the most gratifying local results of our recent election, is the success of our candidate, Geo. W. Williams, by a bandsome majority, not withstanding the unprincipled and malignant efforts made to defeat him. He lost some fifty votes by an independent candidate, and was no doubt injured some by the persistent efforts of General Burns to make it be believed that our friends in Somerset had conspired against the Bedford county candidates, the falsehood of which is now manifest from the official returns. But, perhaps the meanest and most unfounded charge of all to which Williams was subjected, was one started and industriously circulated by our old friend, Judge Snively, to the effect, that on a certain occasion, when Mr. B. F. Tucker, of Napier township, was about to vote, and had his hand in at the window for that purpose, Williams pulled him back and compelled him to change Ass ticket. We are authorized to say that this is a most unmitigated falsehood, that Williams was not within twenty yards of the polls at the time refered to, and that Tucker himself, if desired, would so declare on oath. The former sctivity of Williams, and his known popularity, have caused bim to be both feared and hated by a certain class of his political opponeats, and hence the unscrupulous means used to defeat him; but they not only failed to such to come anywhere near it. It is the such that the disappears, we come anywhere near it. It is the such that the disappears, we come anywhere near it. It is the such that disappears, we come anywhere near it. It is most gratifying to know that such means, used against such a candidate, have only recoiled on the heads of the parties using them.

#### THE LATE ELECTION.

We publish to-day the official returns for Supreme Judge and Canal Commissioner, and also for members of Congress. On the State ticket the opposition majority is 27,000! On the Congressional vote, however, is where the real strength of Mr. Buchanan's policy is tested, many men that condemned bis policy on the Lecompton bill, voted the State ticket, as it did not have a direct bearing on that question. It will be seen that the majority of the Opposition candidrtes over the regular Locofeco candidates is 44,155 ! Add to this the anti-Lecompton Democratic vote of 28,417, and we will find that the actual anti-Lecompton, anti-Buchanan majority is 73,572! This is victory enough for one day, and is the most terrible orusher that any President has over received from the people of his own State. Will Mr. Buchapan resignt

"The Compiler intimates that the Democratin managers did not have enough of money to spend in the last campaign. This is unfortunate, considering that Mr. Reilly received at Washington \$700 of Government Funds to aid in securing his re-election. Probably, however. Mr. Reilly spent all this in the other counties, thinking Adams safe without much expenditure in it. The result shows that the Demeeracy of Adams are as fond of money as the Democracy of any other county. Mr. Reilly will know better than to slight the Adams county Democrats again."—Gettysburg Star.

The Locofocos in this County were not so had off. Reilly and Bowman, it is generally sonceded, left at least \$500 here of money raised in Washington to aid in carrying Reilly through, but it was no go. He fell behind his vote of two years ago, and lost several hundred on last fall's vote. We know of money having been offered in this county at the last election, by the Locofocos, for votes.

Hon. SIMON CAMERON .- The Tyrone Star has raised to its must-head the name of this distinguished son of Pennsylvania as its choice jority. for the Presidency in 1860. Senator Cameron has always been the fast friend of a Protectinterests of the people of this State and of the country. He is a Northern man of backbone, and will stand up to the interests of the peoplo all the time and forever, and his election would, as a Pennsylvanian, help to wipe out the disgrace which has been imposed upon our Comeron's name is a tower of strength, and giorious victory for the cause of the people. It is dead; if so, requescat in pace!

see Mr. Uake, another Auti-Lecompton Domocratic candidate, in the Schuylkill district, in a minority of several thousand. We see Henry D. Foster, of the Westmoreland Disrict, a very popular man, who also ran as an Anti-Lecompton candidate, defeated by from 1200 to 1500. In fact we find but two Auti-Lecompton Democrats elected to Congress and those two in districts where the Opposition despaired of electing men of their own party. see also that Reilly, Fisher, Jones and other regular Democratic nominces are beaten by but trifling majorities. That's rather sorrowful, isn't it? The reason why Cake, Foster, &c., were beaten, was because the people had been deceived before in the pledges of such men, and they elected men over them who were certain not to deceive them. Did not Reilly, the two Jones, Landy, Phillips, Manly, Dewart, &c., & .. , stand on the Lecompton platform, and were they not all beaten? Lecomptonism was enough to kill even a stronger party than Locofocoism. The elecopposition, and condemned the Lecompton

"It appears quite a singular coincidence that the only two candidates on the Democratic County ticket, who were defeated on Tuesday should be of the Catholic Church. It would seem to indicate that there must be some "Know Nothings" in the Democratic party, who have made their mark there, and of course will hereafter. The Democratic State ticket has a majority; yet Mr. Will and Mr. Clunk have been defeated. What does it mean? As we do not belong to either branch, we cannot give any reason -yet it is very significant, and may well be a subject of reflection on the part of our old whig Catholic friends, whether they have got into better company than they were

CORRECTION -- In our paper of the 8th inst., n reply to a scurrilous attack on the private we stated that not long since the property of Mr. Jacob Beckley had been under execution. This being positively denied, we investigated the matter still farther and find that we were election district, and such is known to be the mistaken. We based our remarks on statements ! made by a late Sheriff of this County, and at the time believed in the truth of what we said. The property of a person of the name of Beckley was under execution, but not that of Jacob Beckley. Hence the error. Mr. OVER: -- Perhaps it would not be amiss stronger party than Locofocoism. The elec-tions in Pennsylvania, Ohio, Indiana, Iowa, that occurred in our village yesterday. D. Over, Esq.: -In perusing an article in the Gazette of last week, under the caption of "How it was done," I was forcibly struck with the open falsehood pronounced in that article, stating that "dozens of men were marched up to the polls protesting that they were vofore them for their support. The only two Now there is not a man in our township, democandidates on the Lecofoco County ticket that crat or opposition, but will brand this asseris not held at Coalmont, but at Broad Top City, four miles off, and a second proof of the falsity of the Gazette's assertion, is, that there were scarcely one half-dozen of democrats living at Coalmont, all of whom are uncompromising leaders of that corrupt party; hence it will be seen, that the minious of federal power resort to nothing too low, in order to save their shattered fragments from ignominious shame. But the reasons of the late disaster of the Lacofocos are too plain to be met by the shallow ideas which the Gazette and other servile sheets of the administration would have the people believe. Indeed the late election was one of the brightest evidences of a republican people, of any instance, since the days of '76. It shows the determined uprising of an injured people to resent the wrongs practised by un-principled official tyrants. It shows, too, that while out country lies helpless from the want business reputation of Gideon D. Trout, Esq., of a "protective system," the people, in defiance of the much-loved and practised theory of Free Trade, come out boldly from the ranks of the corrupt democracy, and electioneer on the side of the people. Such was the case at our ease at Stonerstown and Hopewell. At the former place, some of their best men came out Morris's maj. openly in favor of the People, Popular Sovereignty, and a protective Tariff. More anon. A VOTER FROM COALMONT.

"At this writing, it looks as if almost every Congressional L-comptonice in Pennsylvania has been defeated! So much for those who 1294 have preferred the patronage and favor of the 488 President to the confidence of the people.-489 Thus much for the Executive, who has chosen to turn his back upon the immortal doctrine 7349 that the American people shall control their own affires in their own way, and who has dared to erect, in every district in Pennsylvania, an official influence at war with the fundamental principles of the Constitution. That touch for the new and startling idea that not Fisher. D. 2768 the Federal Union, but that the President must and shell be sustained.' But this result 1483 is not only attributable to the uprising of the people against the betrayal of their Represen-8600 tatives and the gross desertion of the popular principle by the Chief Magistrate of the Republic; but it is, at the same time, a tribute to Pennsylvania feeling, and to that idea which is cherished by all our people-that of protection to American industry." Reilly, D.

The New York Tribune says : "Let us not mis-state nor overstate this triumph. The Republicans have contributed 713 nobly to it, but they have not alone achieved The great body of the Americans have heartily co-operated with them, and the elabo rate attempt to draw off votes on "Straight American" tickets in Philadelphia have had little effect. The union for Free Territory, Pure Election and Protection to Home Industry, was too hearty and solid to be shaken by the tricks of demagogues bought and owned by the common adversory.

But the Republicans and Americans united 2273 could not have won so sweeping a victory without the powerful aid of the Douglas Democracy. These faithful devotees of the doctrine of Popular Sovereignty, organized and led by John W. Forney, had resolved to punish the recreants who devised and urged on the Lecompton fraud, and they have done it effectually. > A CROWING EDITORIAL -The Bedford Gazette comes to us with an immense black rooster covering the whole editorial page. The rooster is crowing for the victory of the Democracy of Bedford county. Of course Bedford goes for Buchanan, who honored it with a visit last Summer, in company with Sir W. Gore Ouseley, who has since "sold" the cabinet in the affair of Nicaragua.

We strongly suspect that that rooster was prepared to crow over a Loco Foco victory in the State which didn't come off last Tuesday, 5798 and consequently his proprietors could only use his clarion voice to illustrate the work of Democracy in Bedford county. If our Logo Foco friends are satisfied with Tuesday's work we heartily congratulate them. - Daily Necos.
