#### PEOPLE'S MEETING.

A meeting of the People will be held in the Court House, on Tuesday, evening of Court week, (16th Nov. next,) for the purpose of consulting together, and congratulating the country over the recent brilliant victory in this Congressional and Legislative District, the State at large, and the glorious triumphs in Ohio, Indiana, Iowa, Minnesota, Kansas, &c. Several speeches will be delivered on the oc-

Let there be a good turn out. Come one, Oet. 29, 1858.

Petersons' Counterfeit Detector and Bank Note List is corrected by Drexel & Co., the well known bankers and brokers, and is the best Detector of Counterfeit or altered Notes, published in this country. The November number, issued this week, fully describes eighty-six new counterfeits, and contains a facsimile engraving of a bogus bank note that is being altered to various banks all over the country, and which is being put into extensive circulation. It also contains several pages of other valuable information appertaining to bank notes. We have no hesitation in pronounding it the most complete, reliable and best publication of the kind in the United States. I should be in the hands of every storekeeper in the whole country, and we would advise all such to send one dollar in a letter, for a year's subscription, to the publishers, and thus subscribe for it at once. It is published by T. B. Peterson & Brothers, No. 306 Chestnut Street, Philadelphia.

The last Gazette says Bedford County is a "dependency" of Somerset, in regard to Legislature. Don't that paper know that Bedford was just as much a dependency of Cambria, as she is now of Somerset, under the old apportionment bill? That district was so arranged. and this county was "disfranchised" by John Cessna, who was then "your unfaithful and unscrupulous" representative. Under that apportionment our candidates for Legislature, when they had a majority in this county, were defeated by Cambria, and it was no more than right that in the next apportionment bill. things should be reversed. "What's sauce for the goose should be sauce for the gander," Mr. Gazette. Mr. Williams is a Bedford County man, and will make a much better representative than Gen. Burns, and if these insincere Locofocos did not wish Somerset to overbal- public works had anything to do with it? ance Bedford, why didn't they vote for Williams? Bedford County was disfranchised for seven years by Cambria County, and the Locofocos had the benefit, and the Gazette now thinks it very unfair that the other side should have the benefit for the next seven years.

The last Hollidaysburg Standard copies the yarn of the Bedford Guzette in relation to "marching men up to the polls at Coalmont" on election day, "protesting that they were voting contrary to their sentiments," and which was so completely exposed and refuted by our correspondent, last week. But, poor fellows. they must have something to talk about, to beguile away their hours on the trip up to the head waters of ye mysterious salt! The election was not held at Coalmont, but four miles from

## "WILL MR. REILLY RESIGN?"

"Wilson Reilly is beaten in this district, by 267 majority. The people of this district have emphatically declared that they do not desire his services at Washington. Will Mr. Reilly, notwithstanding his repudiation by his fellowcitizens of the 17th district, have the impudence to claim a seat in Congress this winter, as their representative? Under such circumstances, would not any man who has any respect for himself, at once quietly resign?"

Accident .- On Thursday of last week, Mr. Valentine Steckman, of this place, visited Clearville, in company with his wife. From that place she accompanied Mr. David Morris, in Mr. Steckman's buggy, to her brother's, about a mile further. On the way the horses ran off, and one of them was killed, the buggy broken, Mrs. S. slightly hurt, and Mr. Morris considerably bruised. It was Providential that they both were not killed. Mr. Steekman's loss will be about \$150.

TEAT PEOPLE'S TRIUMPH!!

PHILADELPHIA, Nov. 4, 1858. To DAVID OVER: - Massachusetts -- the Reiblicans have elected their entire State and ongressional ticket. New York-the Republicans have carried their whole State ticket, publicans have carried their whole State ticket, by about twenty thousand majority. The Congressional delegation will most probably stand 24 Opposition, 7 democrats, and 2 anti-Lecompton. The Legislature is largely Opposition. Delaware—the democrats have electted their Governor, Congressman, and a majority of the Legislature, which ensures a democratic U. S. Senator. New Jersey—The Opposition have elected all their members of Congress, and have a majority of 5 on joint ballot of the two Houses. The latter secures an opof the two Houses. The latter secures an op-position United States Senator. Illinois—the atest returns indicate the success of the Douglas democrats in the Legislature, which secures his re-election. In Michigan and Wisconsin the Republicans have carried everything, including all the members of Congress.

#### OUR MEETING.

As will be seen in the announcement of our meeting, we have changed the night from Monday to Tuesday of Court Week. We made this call under the belief that the Locofocos would have none, but seeing our announcement, they have concluded to hold one, and from precedent, they claim Monday as their night. It makes no difference. Let our friends come to the meeting.

LOYD JONES, ESQ.

This gentleman, editor of the Norristown Herald and Free Press, one of the ablest and most sterling opposition papers in the State, will be supported as a candidate for Clerk of the House of Representatives at the coming session. Mr. Jones would make an excellent Clerk, and no one is more deserving. The press should be sustained.

Our friends who intend visiting town in Court week, and who are indebted to us for subscription, advertising and job work, will please not forget us, as we never needed money as badly. Those who do not come to town, can send their dues by their friends. Our terms will be rigidly adhered to, \$1,50 in advance, or \$2.00 at the expiration of the year.

We have not yet been informed of the next neeting of the Buchapan Club. What's wrong? Let the people know! Does the person from whom it is named so "stinks in the nostrils" of the people of Bedford County that they are ashamed to meet again, or has the late election knocked the talk out of it !

THE GERMAN VOTE.

We stated in a recent issue that a large proportion of the Germans of Pennsylvania voted, at the recent election, for the Opposition ticket. This class of citizens are mostly working men, and opposed to the introduction of slavery into free territory, thereby bringing them into direct competition with negro slave labor, they are equally opposed to a policy which paralyzes industry, and deprives them of employment altogether, or compels them to work for starvation prices. For these reasons the great mass of intelligent Germans united with the People's party at the late election in repudiating the slavery extension and Free trade policy of the party now in power at Washington. Of the Germans of Reading the Journal, an American Republican paper, says:

"The result of the election is a very decided rebuke to a few men who undertook to rule the German vote of Reading. These men suppo-sed that they could dictate to this large class of voters precisely how they should cast their votes. They have probably discovered that the Germans can read and think for themselves, and cannot be deceived by empty pre-tences, or led by the dictation of office seek-

#### THE TARIFF.

#### To the People of Pennsylvania.

FELLOW CITIZENS :-- A great victory having been achieved, we desire, on the part of the Committee of 76, appointed at a meeting of the friends of the national industry in all its branches, held in this city on the 15th of June. to offer you our congratulations, not only on the triumph itself, but on the proof it furnishes of the following facts:

That, in the necessity for protecting the far-

mer in his efforts for bringing to his door the market for his products, and thereby economising the tax of transportation, Americans, Whigs, Democrats, and Republicans, have found the solid platform on which they may securely stand:

That men of all pursuits in life-farmer and mechanics—miners and furnace-men—la-borers and capitalists—traders and transporters -have arrived at the knowledge, that they have a common interest in endeavoring so to diversify the demands for labor as to bring together the producers and consumers of the country : That they are awake to the destructive ten-

dencies of a system, which burthens the nation with a foreign debt that already counts by hundreds of millions-requiring the remittance of probably thirty millions of dollars, annually, for the payment of interest alone :

That they are unwilling further to sustain a policy which condemns their own coal and ore to remain useless in the ground, while draining M'Curdy.† the country of the prec

That they do not desire longer to be compelled to pay for foreign labor, while American laborers are badly fed and badly clothed, because unemployed:

That the belief in a necessity for total change

in our domestic and foreign policy is rapidly becoming general throughout the State:

That it needs but union among ourselves to secure the permanent adoption of a system that shall restore prosperity to the people, harmony to the relations of the States, and dignity and character to the administration of the federal government.

The power to accomplish such a change, fellow citizens, is in the hands of Pennsylvania, and it is needed only that she exercise it .-Placed as she is, between the north and the south-great as she is in her natural resorces powerful as she is, by reason of her wealth and population—she may, if she will, guide and direct the policy of the Union. Blind, however, to her true interests, she has, but too often, permitted herself to be harnessed to the some ambitious and unprincipled demagogue, who, in consideration of favors to himself, has helped to sacrifice her interests-lending his aid to the closing of her mills and furnaces, and to the expulsion of her workmen. and thereby depriving her farmers of the advantages resulting from having a market near at hand. The consequences exhibit themselves in the fact that she has had no real influence in the Union--her votes having been obtained by means of frauds, like, that of "Polk, Dallas, and the tariff of '42," while she herself, when asking attention to her interests, has been treated as a mere pauper, seeking to be fed at the public cost. Such, fellow citizens, have been the effects of permitting herself to be, led when she should have placed herself in the lead—of endorsing the opinions of others, when she

should boldly have proclaimed her own. The true Pennsylvania policy knows no North no South, no East, no West—it being that which tends to promote the good of all, whether farmers or planters, miners or manufacturers, makers of railroads or owners of ships. It is that policy which seeks to obtain perfect freedom of commerce among ourselves, and with the world at large, by means of such measures of protection as shall enable all to unite in the fort to increase the productiveness of the labor of each and all-there being a perfect harmony in the real and permanent interests of every section of the country and every portion of our population. That the existence of such harmony may have the chance of being fully demonstra-ted, but little is now required, except another

PROGRESSIVE DEMOCRACY.

A democratic editor in Tenuessee tells some plain truths about his own party. He glories protesting her innocence, declaring her readiin the fact that the democracy of to-day is not that of Jefferson, Madison, Jackson, or even Van Buren. Here is his testimony:

"Democracy is progression. What was deat the present day. What was democracy in to God in the most earnest manner, and she as-Gen. Jackson's day is not democracy now .--And, indeed, what was democracy ten years ty-five minutes the drop fell, and after strug-

its place. Then this latter sort of democracy | Drawn for November Term., (3d Monday) 1858. passes away, and a democracy utterly unlike it in everything becomes its successor. Then this last democracy vanishes into thin air, and another monster stalks upon the stage and takes its name. And yet we are told that the democratic is "the great party of permanenoy." That sort of "permanency" is no doubt a wonderful invention. Apply the term democracy to all sorts of nightmares, and unquestionably democracy will be permanent; for nightmares, with only a change of the phantasmagoria, will last as long as men and women eat late suppers or take bad consciences to bed with them .-- Harrisburg Telegraph.

#### Increased Vote of Baitimore.

The Anti-American papers forget the Eighth Ward, "Limerick," in their great haste to account for the increase of the total vote of the city since 1856, by imputing it to frauds committed by the American party. Notice the following returns, and see to which party the fraud belongs:

Total vote in 1858, " 1856, Increase, Eighth ward, 1858, \$549 2,637 " 1856, 1,886

Increase in Eighth ward: Increase in the 19 Am. wards.

In the nineteen American wards we have, in two years, an average increase of 51 votes, which is a reasonable gain; in the Eighth ward alone we have an increase of 1,663, which is an unreasonable gain. Now, we ask, which party is accountable for the fraud?

Speaking of the election of Mayor Swann the Pariot says:

This, too, was done by a fair election, where the polls were open to every citizen who really desired to exercise the right of suffrage. Prompt means were instituted for the preservation of order, and with the exception of a few brawls incident to the excitement of all elections; order prevailed. It is true that the opposing candidate, Col. Shutt, at a late hour, withdrew his name from the contest, in a card, which is not likely to do him much service hereafter; yet his friends continued to vote for him, and we are ot opinion that he obtained as formidable a vote as he could otherwise have had.

#### THE "RETIRED LIST."

The President having appointed J. Glaucy lones Minister of Vienna, the Philadelphia Bulletin after suggesting Hon. Henry M. Phillips as Minister to England, makes the following disposition of the remaining Lecompton candidates for re-election to Congress, who were put on the "retired list" by the people:

"Mr. Owen Jones might do for France, and it would be very easy to make a vacancy there for his accommodation. Mr. Landy, perhaps, would scarcely be fitted to go abroad, but there is a fresh Governor watted for Kansas, and he would answer as well as any other ecomptonite. If there is nothing for Mr. with him at the head, to go in search of Morgan? Mr. Dewart would make a very fair and substantial representative of the Government at Brussels, or Turin, or Naples. Wilson Reilly is just now in excellent condition to be appointed as special Commissioner to Coventry. Leidy and White might be despatched to Hal-ifax or Jericho, or to any place that might afhim be sent to South America to buy mules!

### Horrible Tragedy in New York.

NEW YORK, OCT. 27.

A most horrible butchery was perpetrated last night on West Thirteenth street. The victims are the family of Francis Gouldy, lumber merchant, consisting of himself, wife, two sons, a daughter, and two servant girls. None of them are yet dead. Their murderer, or would-be murderer, is the oldest son of Mr. Gouldy. He returned home to his father's house last night at 11 o'clock, in a state of delirium. Having armed himself with an axe, he first attacked his father, beating in his skull so that he cannot live. The mother came to the rescue of the father, and she was beaten and badly wounded. The two young brothers, aged respectively nine and thirteen, were next at-tacked, and the eldest cannot live. A married sister of the murderer, with a babe in her arms, was next attacked, but escaped without serious injury. Two servant girls were the victims of the maniac, and they were horribly butchered. It is feared that neither can recover. The assassin then locked himself in his own chamber and blew out his brains with a pistol. The family is highly respectable, and the father is an officer in the Thirteenth street Methodist Church.

A Woman on the Gallows. Execution of Mary Twiggs for the Murder of Her Husband and Mrs. Clark-Died as-

She bade farewell to her brother and children, and after devotional exercise in her room, was taken to the scaffold at a quarter past ten o'clock, leaning on the arm of one of her spirit-ual advisers. A chapter having been read, and an impressive prayer offered up on the scaffold, Mrs. Twiggs spoke for six or eight minutes, ess to die and her trust in a just Judge, only regretting to leave behind her two orphan chil-dren. She was much affected throughout.— The solemnity of the scene was made more impressive by her groans and sobs. Even after mocracy in Jefferson's time, is not democracy the cap was drawn over her face she appealed serted her innecence. At ten o'clock and thirago, is not democracy to-day."

That's a fact. One sort of democracy dies, bung lifeless.
