NOVEMBER APPOINTMENT.
BEDFORD, "WASHINGTON HOUSE,"
SATURDAY NOVEMBER 20TH 1858.
Dr. Hardman treats Consumption, Bronchitis, Asthma, Laryngitis, and all diseases of the throat and lungs, by medical Inhalation, lately used in the Bromton Hospital, London, a great vault in the treatment of all human maladies is to get at the disease in the direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into the lungs. Medicines are the antidotes to disease and should be applied to the very seat of disease. Inhalation is as simple a principle as the application of the steam to the lungs, for it gives us direct access to those intricate air cells and tubes which lie out of reach of every other means of administering medicine. The reason that consumption, and other diseases of the lungs, have heretofore resisted all treatment has been because they had never been approached in a direct manner by medicine. They were intended to act upon the lungs and yet were applied to the stomach. Their action was intended to be local, and yet they were so administered that they should act constitutionally, extending immediately and principally acting upon the unoffending stomach, whilst the foul ulcers within the lungs were unmolested. Inhalation brings the medicine in direct contact with the disease, without the disadvantage of any violent action. Its application is as simple as that which can be employed by the young infant or feeblest invalid. It does not derange the stomach, or interfere in the least degree with the strength, comfort, or business of the patient.

OTHER DISEASES TREATED.—In relation to the following diseases, either when complicated with lung affections or existing alone, I also invite consultation. I usually find them promptly curable. Protrusions and all other forms of female complaints, irregularities, and weakness. Palsiation and other forms of Heart Disease. Liver Complaint, Dyspepsia, and all other diseases of stomach and bowels, &c. All diseases of the eye and ear. Neuralgia, Epilepsy, and all forms of nervous disease. No charge for consultation.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, that I feel our duty to you and the afflicted, to report it.

Our little son's head from some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and that of all our friends a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are, Sir, your obliged servant,

SHOE STORE!
FERGUSON & CO.,
HAVE just opened their new store, in Anderson's row of buildings, nearly opposite the Gazette office.
Their stock of boots and shoes for men, women and children is certainly the best and cheapest that has ever been brought to Bedford, for three reasons: FIRST. On account of the pressure of the times, they have been laid in at 30 cents on the dollar less than what was paid last year for the same kind of goods.
SECOND. They were bought for cash, and the usual discounts made.
THIRD. They were bought in much larger quantities than dry goods merchants buy on hand, and consequently were bought much lower.
If this is doubted, the evidence is on the stand at the counter.

LADIES' DEPARTMENT.
The store room has been so arranged as to have a separate apartment for ladies, provided with comfortable chairs and stools, where they can sit and talk or buy shoes, just as they please.

PICKLES and FRUITS.
In connection with the Shoe business all kinds of Pickles, fruits and Preserves will be kept, including Pine apple, Peach, Strawberry, cherries, Brandy Peaches, Catsups, Mixed Pickles, Lobsters, &c. &c.

ALSO, The best and most general assortment of Tobacco and Cigars will be kept constantly on hand. As there is no store of this kind kept in this County, the proprietors are determined to keep it right, and sell at the lowest living price.

THE GREAT PURIFIER!
THE WORLD CHALLENGED!—
TO PRODUCE ITS EQUAL!
THE BLOOD SEARCHER
GLORIOUS TRIUMPH!
SARAH MCCOY, of Napier Township, Bedford County:
In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used politics of soap, and a wash of blue vitriol, without success. Finding this more tedious, I called on Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davisville, Somerset, who pronounced the growth a Cancer, and gave me internal and external remedies—the latter consisting principally of caustic; but all to no purpose, as the disease continued spreading toward the nose. I next used a preparation of arsenic in the form of salve. This for a time checked the disease, but the inflammation soon increased. I next called upon Dr. Stalter of St. Clairsville, Bedford County, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had extended away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Eclectic Medical College. He pronounced the disease a cutaneous Cancer, superinduced by an immediate use of mercury. He applied mild zinc ointment, and gave internal remedies. My face healed up, but the inflammation was not thoroughly cured. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned and so violent was the pain that I could not rest at night. Let me say I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, when I returned home they still still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had cut off the left side of my nose, the greater portion of my left cheek, and attacked my left
