TO INVALIDS.

Dr. Hardman, Analytical Physician Physician for diseases of the Lungs, Throat and Heart, formerly Physician to the CINCINNATI MARINE HOSPITAL, also to INVALIDS RETIRED.

Author of "Letters to Invalids," Editor of the "Medical Spectator," &c., &c.

NOVEMBER APPOINTMENT.

BEDFORD, "WASHINGTON HOUSE," SATURDAY NOVEMBER 20TH 1858.

Dr. Hardman treats Consumption, Bronchitis Asthma, Laryngitis, and all diseases of the throat and lungs, by medical Inhalation, later used in the treatment of all human maladies is to get at the disease in the direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into the lungs. Medicines are the antidotes to disease and should be applied to the very seat of disease. Inhalation is the application of this principle to those intricate air cells and tubes which lie out of reach of every other means of administering medicines.

The lungs, that consumption, and other diseases of the respiratory system, resisted all treatment has been because they had never been attacked in a direct manner by medicine. They were intended to act upon the lungs and yet were applied to the stomach. Their action was intended to be local, and yet they were so administered that they acted constitutionally, exciting immediate and principal action upon the medullary stomach, whilst the foul ulcers within the lungs were unmolesed. Inhalation brings the medicine in direct contact with the disease, without the disadvantage of any violent action. Its application is so simple that it can be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or interfere in the least degree with the strength, coaction, or business of the patient.

OTHER DISEASES TREATED.—In relation to any violent action, either when complicated with lung affections or existing alone. I also invite consultation. I usually find them promptly curable. Protrusion and all other forms of female complaints, irregularities, and weakness.

Palpitation and other forms of Heart Disease. All kinds of Dyspepsia, and all other diseases of stomach and bowels, &c.

All diseases of the eye and ear. Neuralgia, Epilepsy, and all forms of nervous disease. No charge for consultation.

DOVER, N. H., Feb. 23, 1857.

PROF. O. J. WOOD & CO.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to day we were compelled to send to Boston for a quantity (the 6 dozen you forwarded all being sold) while we might order a quantity from you. Every bottle we have sold seems to have produced three new customers and the approbation, and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is A MOST VALUABLE PREPARATION.

Send us as soon as you can, orders of \$1 size; and one dozen \$2 size; and believe us yours very respectfully.

DANIEL LATHROP & Co. Hickory Grove, St. Charles Co., Mo. Nov. 19, '56.

PROF. O. J. WOOD.—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and the joy of all our friends a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair.

We are, yours respectfully, GEORGE W. HIGGINBOTHAM, SARAH A. HIGGINBOTHAM. Gardiner, Maine, June 22, 1855.

PROF. O. J. WOOD.—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My Hair has now attained its original color. You can re commend it to the world without the least fear, as my case was one of the worst kind.

Yours Respectfully, DANIEL N. MURPHY. J. J. WOOD & CO., Proprietors 31 Broadway, New York, (in the great N. Y. Wire Railing Establishment, and 114 Market Street, St. Louis, Mo.)
