ANOTHER CONDEMNATION OF THE ADMINISTRATION!

Berks County Democracy Aroused! THE APPOINTMENT OF THE REPUTABLE J. GLANCY JONES, AS MINISTER TO AUSTRIA, REBUKED!!

Below will be found a telegraphic dispatch, announcing a glorious victory in Berks County, on last Tuesday. It is well known that J. Glancy Jones was put forward as the administration leader in the House of Representatives, and aided with all his power, in attempting to enforce the odious Leecompton Constitution upon the people of Kansas.

CHANGE OF OPINION.—Historically, Pennsylvania is known as the Keystone of the Federal arch. In political annals, the democrats called her a regular old Conestoga horse, always ready to pull the party out of a tight place, but now the tone of the locomotive editors is changed, and the old Conestoga horse has become an anacron: that has had a plethora, and in its stubborn fatness has been seized and captured. The Richmond Examiner, speaking of the recent defeat of their party, says: "Pennsylvania, gorged with the lion's share of the spoils, in spite of her cabinet officer, her six foreign ministers and her countless herds of office-holders, is in the hands of the Black Republicans. Oppressed with the weight of her abundant rewards, she was early overtaken and slain." Ohio, too, in the dark brotherhood of which Massachusetts, New Hampshire and Connecticut are the evil oracles—this is surely a sight to make the eyes of thinking men turn inward, and seek in their hearts some explanation of the cause which has so resulted.

The Jewish Abduction Case.

There is scarcely any person who reads newspapers who has not heard of the case of the abduction of a Jewish child from its parents at Rome. It is a singular affair, involving questions of international equity, as well as points of ecclesiastical policy. The whole case may be simply stated: The child had been baptized when an infant by its Catholic nurse. On the strength of its admission to the church by the administration of this rite the ecclesiastics at Rome claimed the right to prevent it from being brought up according to the Jewish faith, and therefore took it from its parents and committed it to the charge of its rector to be reared in the Catholic creed. The Jews of London have taken the subject in hand, and are endeavoring to induce their brethren throughout the world to co-operate with them in a demonstration to secure the return of the child to its parents. With this view the London Committee of Delegates of British Jews has addressed a circular to each Jewish congregation in Europe and the United States, making a statement of the case and requesting action. This will of course receive the early attention of the different Jewish congregations in this country.

The Washington correspondent of the New York Times says.

It seems to be the settled conviction of the President and his Cabinet that our Paraguay expedition will be defeated should President Lopez determine to fight. This is believed to result from the very great difficulty of reaching his capital. In the language of a member of the Cabinet, the expedition is about as successful as would be an expedition up the Mississippi and Ohio rivers against the State of Ohio. In order that Lopez may not have an opportunity of complaining of the presence of the fleet, the vessel will come to an anchor in the river outside his territorial limits, and there await the result of Commissioner Bowler's negotiations.

"FEARLESS AND FREE."

D. OVER—Editor and Proprietor.

"Will Mr. Williams resign?" is the heading of an article in the last Gazette. We answer, yes! If Mr. Schell resigns his seat in the Senate, in this District, which gave a majority this fall of 1473 against his party, Mr. Williams will resign; or if Wilson Reilly, who was also beaten in the Congressional District 267 votes this fall, will resign his seat in Congress, Mr. Williams will resign, but unless either one of these gentlemen, who are now in a large minority, will resign, Mr. Williams, who was elected over Mr. Burns, by a majority of 655 votes, would hardly think it fair to resign, without some equivalent.

In the same article, the Gazette says that it is unconstitutional that we should be united to Somerset, and that according to said instrument, each County that was in existence at the time of its adoption, should be entitled to at least one member. Was this not equally true in regard to Bedford County, when Mr. John Cessa had it attached to Cambria, and "Sauce for the goose should be sauce for the gander."

GOVERNOR OF KANSAS.—President Buchanan has appointed SAMUEL MEDARY, late of the Ohio Statesman, Governor of Kansas. Medary has been a life-long opponent of the President, and at every convention at which his name was brought forward, he opposed his pretensions. We rather like the disposition of Mr. Buchanan in this particular, as he follows out the Scriptural injunction, "Forgive your enemies." Gen. Jackson used to say, "Reward your friends, and punish your enemies," a sentiment with which no one agreed, and which but few, if any, ever put in practice. The doctrine of proscription for opinion's sake has been long since exploded, and is not practiced at the present day, except by a few old fogies who are behind the age. That President Buchanan is not one of this class of politicians, is apparent by the appointment of Sam. Medary. If however, Kansas should prove a political graveyard for him, as it has for all previous Governors appointed by the Administration, but few people would mourn the event.

THE RAILROAD.

JOHN FULTON, Esq., has been employed by the Bedford Railroad Company to make the survey for the Road, and is now employed in that duty. He is assisted by Mr. JOHN ANDERSON of this place—both are good engineers. It is now rendered certain that the road will be made, and we hope all who have not yet taken any stock will do so. All our citizens know the importance of the road, and as we have heretofore urged good and sufficient reasons why it should be built, we hardly think it necessary now to say anything more than that every one should subscribe to the stock according to his means. Mr. Fulton expects to make report in a couple of months.

See the prospectus of the House Journal, the Great Republic Monthly, and Peterson's Magazine. They are all excellent periodicals, and our friends who wish something of the kind would do well to subscribe for one or all of them.

Our neighbors of the Gazette say that they have a friend who is "pining." They had better advise him to pine knot.

PHILADELPHIA, Dec. 1, 1858.

To David Over, Esq.:—The special election in Berks County, for a member of Congress, to fill the vacancy caused by the resignation of J. Glancy Jones, took place yesterday. Gen. Keim—Opposition—was elected by a majority of four to six hundred over Wanner—Democrat—who is a devoted friend of Mr. Jones.

We find the following in the Fulton Democrat of last week. Many of our citizens have known "Old John" for many years and have rode with him often before the days of Railroads and steam:

AN OLD STAGE DRIVER.—John Bender, of this place—who does not know Bender, the veteran stage driver!—has driven the mail coach on the Chambersburg and Bedford Turnpike for upwards of thirty-five years, without interruption or suspension. It is calculated that during that time he has averaged fourteen miles a day for every day in the week, excepting Sunday, and has consequently travelled 153,370 miles! He is always at his post, faithful and honest, and looks hearty and active enough to drive twenty years yet. He has one horse in his team that has been driven about 11 years uninterruptedly, (48,202 miles!) If any man in the country deserves a pension for long continued public service he certainly does, for carrying the United States mail faithfully for thirty-five years. Besides all this, he is an old soldier and served his country faithfully in the late war with Great Britain. We believe that he has obtained his land warrant.

THE FOUR SISTERS.—We are indebted to the publishers for this interesting work of Frederick Bremer. The Saturday evening Post says of it.

"The Four Sisters, by Miss Bremer, is one of those novels, by this genial author, which have so pleasantly opened to us the doors of Swedish homes, warmed our hearts in their cheerful fireside glow, and made us familiar with the lights and shadows of Swedish life.—The subject of the story is a woman's life and a woman's fate. The novel is full of rich humor, clever character painting, and felicitous descriptions of town life and country life, and in-door and out-door scenery in Sweden. The translation has been made by Mary Howitt, who seems born to do two things remarkably well—write admirable stories of her own, and admirably translate the stories of Miss Bremer. We would advise all of our readers to obtain it and read it. It is published by T. B. Peterson & Brothers, Philadelphia, who will send a bound copy of it to any one, per mail, free of postage, on sending \$1.25 in a letter to them."

Strong Language.

The Democratic papers in the Northwest do not miss their words in speaking of the General Administration. The St. Paul's (Minn.) Pioneer and Democrat, speaking of the election in Illinois, says: "An Administration which by more than any other man, aided in elevating to power did not scruple, through its salaried office-holders, to ally itself with the Republicans in their desperate efforts to elect Lincoln. Treachery to the Democratic party in Illinois was the sole pathway to political honors at Washington. But in despite of treason, and in defiance of the unprecedented efforts of the Republicans—their appeals to sectional prejudices and studied misrepresentations of Douglas—the gallant leader of the Illinois Democracy has swept the State from the Wabash to the Mississippi, from Cairo to Chicago."

"One great triumph secured by the result in Illinois will be the exemption of the people of the States hereafter from the dangerous encroachments of Federal power. There can be no excuse for the interference of a President in the local politics of a State; and the rebuke that has attended Mr. Buchanan's efforts in that line will prevent its repetition."

The December number of Peterson's Counterfeit Detector is on our table. It contains a list of 66 new counterfeits which have been put in circulation since the issue of the last monthly number. Monthly, \$1 per year; semi-monthly, \$2 per year.

THE PROSPECTS FOR 1860.—Last year, New York, New Jersey, and Pennsylvania, casting sixty-nine electoral votes, went Democratic, while Ohio, Wisconsin, and Connecticut, choosing thirty-four more electors, were very nearly tied. These States together choose more than half the electors to which the Free States are entitled. At the election of 1858, not a single Free State but California has been carried by the Free Democracy. Indiana is apparently balanced, but the Republicans have the advantage. The Republicans and those allied with them have carried them all; their electoral vote being sufficient to elect a President by a majority of more than two thirds. Only blundering folly can prevent our winning a glorious victory in 1860.

CLOSE OF THE VOLUME.—The ninth volume of this paper, under our control, will be concluded on the 24th of December, inst., and a new one commenced on the 31st.

The most of subscribers' subscriptions commenced on the 31st, and to entitle them to receive the paper at \$1.50, they must pay up old scores, and in advance, or \$2.00 will be charged, after that day. This is as important to our patrons as it is to us, and we hope they will attend to it.

WE call the attention of our readers to the advertisement of the 5th annual drawing of the Cosmopolitan Art Association.

The City Bank of Cumberland has exploded. The Citizens call on note-holders not to sacrifice them, but to keep them until its affairs are examined into.

WINTER.—Winter has set in during the last week. There was quite a fall of snow, but during the day it melted so much as to spoil the sleighing.

PHILADELPHIA BULLETIN.—We call the attention of our readers to the advertisement of the Philadelphia Bulletin. It is one of the best news papers in the country.

THIEVES ABOUT.—The corn crib of Dr. Watson was entered a few nights ago, and a considerable amount of corn taken. Look well to your smoke houses and corn-cris.

COL. THOMAS L. HARRIS, whose lamented death we announced yesterday, won distinction in the command of a regiment of Illinois Volunteers in the Mexican War.

Having returned he became a candidate for Congress, we believe in 1848, and carried, by 106 majority, the Springfield District, which had hitherto been decidedly Whig, though Gen. Taylor had 1,500 majority for President in that District that year. In 1850, he was run out by Richard Yates, who had 754 majority; and in 1852 (the District having meantime been changed,) Mr. Yates was re-elected by 480 majority—Col Harris not being a candidate. In 1854, Yates and Harris were again opposing candidates, and Harris was elected by 200 majority. In 1856, he was opposed by a Mr. Williams, but was re-elected by 2,119 majority; and, though in feeble and failing health; so as to be unable to canvass, he was again re-elected on the 2d inst., by 4,447 majority—by far the largest ever given in the District. This was a striking tribute to his personal integrity and worth. Col. Harris, despite his broken health, was one of the most determined and efficient opposers of the Leecompton policy last Winter, and had he lived, would have taken no backward steps. As was less truthfully said of another, he "had taken a thorough ticket, and checked all his baggage." His death at this time is a public calamity, as it is not at all likely that either so good a man or one so thoroughly posted with regard to the question of the day will be chosen in his stead. —N. Y. Tribune.

THE TARIFF QUESTION.

The Washington correspondent of the New York Times says that Cobb has been for some time closely engaged in the preparation of his report, arranging and digesting facts and figures, and gives it as his opinion that but a very slight, if any, modification or revision of the tariff will be recommended. Other reports from Washington are different. They are to the effect that a combined and vigorous effort will be made next Congress to effect some change favoring a restoration of the industrial interests of the country, now so depressed and prostrated, to a healthy and prosperous condition. It is hoped and said that the Administration will take ground in favor of such change; but if not, it is thought the Opposition will carry such a measure over the Administration. We need a tariff modification badly, both for our depleted national treasury and for the suffering manufacturing interests of the country.

WASHINGTON CO.—On the 15th a child of G. M. Reed, of Washington, was seriously burned by communicating fire to its clothes from a lighted candle.

INDIANA.

We have already chronicled a complete Anti-Leecompton triumph in the organization of the Indiana Legislature last Saturday week. In the Senate, James H. Wavter, (Anti-Leecompton Dem.) of Jennings Co. was chosen Secretary by a unanimous vote, and James N. Tyner, (Opp.) Assistant by 22 to 25. A. F. Shortridge of Marion was chosen Doorkeeper by 25 to 23, and B. F. Clark Assistant by 26 to 21. In the House, J. W. Gordon of Marion (Opp.) was chosen Speaker by 50 votes to 43 for David Turpie of White—two scattering and 3 blanks. R. J. Ryan was then chosen Clerk by 54 to 44, Ellis Campbell Assistant by 51 to 45, and Robert Jennings Doorkeeper by 54 to 43. So, both Houses were completely organized by a union of Republicans and Anti-Leecompton Democrats. It is understood that the Leecomptites offered the Anti-Leecompton Democrats all the offices if they would act with them, but the offer was declined.

OH! DEAR.—Deer are quite plenty in the Alleghenies this winter. A party from Hollidaysburg went out the other day, and took down three in a few hours besides seeing several others. Mr. Russell, of the Pittsburgh and Connelsville Railroad, went out on a hunting excursion a few days since, and in the vicinity of Ohio Pike Falls, killed a monster buck, weighing some two hundred and fifty pounds.—Pittsb'g Ev'g Chronicle.

Mr. McAlevy, of Connelsville, who had been out with a party from that place hunting on the mountains, passed through our town on Saturday morning with as large a buck as we have ever seen. It was shot by Mr. Russell of the party spoken of, near the Falls, in Stewart township. It is said he was a hundred and ten yards distant from the buck when he fired, the ball entering just behind the shoulders, and passing through the vitals, which shows Mr. Russell to be a good shot.—Genius of Liberty.

Mr. Russell is a Nimrod with a clear eye, and a steady hand. He is reliable for bringing down whatever he gets his eye upon.—Send us a quarter of that buck.—Pittsburgh Post.

AN IMMENSE WINDFALL.—According to the Cumberland (Md.) Alleganian, an old man named John Brobst, living in the Glades, in that county, recently discovered that he was the rightful owner of a large tract of land in the richest mineral region of Pennsylvania, underlaid with immense seams of coal and iron, and valued at \$8,000,000. Brobst, it is said, lived on the land, fifty years ago, became involved through his brother, mortgaged his property to its then full value, and came to Maryland, where he has ever since lived in indigent circumstances. The property subsequently passed into the hands of his nephews, who afterwards sold it to a wealthy company. The difficulty of giving a good title to the property led to the fact that Brobst was still alive. He was searched out, found, and taken on to Pennsylvania, and according to the Alleganian, has sold out all his right for the sum of \$2,600,000.

DOUGLAS IN THE FIELD.—At a Democratic meeting in Trenton, N. J., on Saturday week, the following, among other resolutions, were adopted:

Resolved, That James Buchanan has forfeited the respect of the people, and the allegiance of his party, and can no longer be considered as a Democrat.

Resolved, That Stephen A. Douglas, by the prompitude with which he resisted aggressive usurpation, and the energy and ability with which he has advocated and sustained the principles of the true Democracy, is worthy of the people's confidence, and entitled to the highest reward in their power to bestow.

Resolved, That we nominate him as the candidate for the Presidency in 1860, subject only to the popular will, as expressed through the ballot-box.

MEXICO.—The recent news from Mexico is of a character calculated to cause much embarrassment to our Government. Self-respect requires that all insults to our Minister, and to citizens of our country, should be promptly redressed. Mexico has no government from which satisfaction can be expected. Should a force be sent thither, it may find another party established, which will be ready to apologize, and all the trouble goes for nothing. Mr. Buchanan is likely to have his hands full shortly. If nothing better can be done, it will be an easy matter to conquer another piece of Mexico, and that will get some glory for an Administration which sadly needs it.

A WIDE AWAKE "LADY."—A "lady" was detected a few days since, in Cincinnati, Ohio, in pocketing a package of gloves in a store.—When charged with the theft, she burst into tears and tendered a \$20 bill in payment.—The merchant took but \$5, and gave her \$15 change, but on counting the cash at night, that \$20 bill was found to be a counterfeit.—"Phenny the phelinks!" of that storekeeper.

A DEGENERATE SON.—The Memphis Advocate states that James B. Clay has sold the residence of Henry Clay, Ashland, for 200,000 acres of Texas Land. This degenerate son of a noble stock had better change his name.

TRAIN STOPPED BY A MONKEY.—The Hartford Evening Press says, a day or two ago a passenger on one of the trains of New York had a pet monkey, with which he amused the passengers. Near Port Chester the train suddenly stopped. Nobody could tell the cause, until it was discovered that Master Jack had mounted the top of the car, and pulled the cord which communicated with the locomotive, and thus gave the engineer the signal to stop.

HOW TO GAIN SITUATIONS.—There is one desirable feature of the Iron City College, and one we believe peculiar to it, which we must not pass unnoticed—it makes itself an express, and a very efficient agent in procuring situations and occupations for such as it qualifies to hold them.—Hunt's Merchant's Magazine.

BENJAMIN F. BUTLER, a noted New York politician, died at Paris on the 8th inst. He was Attorney General of the United States during General Jackson's Administration, and afterwards for a time United States District Attorney for the Southern district of New York.
