THE WORLD CHALLENGED!—
THE WORLD CHALLENGED!—
TO FRODUCE ITS EQUAL!
THE BLOOD SEARCHER
CFGLORIOUS TRIUMPHANT!

Sw orn statement of David McCreary, of Napier Township, Bedford county: In April, 1856, as near as I can remember, a

small pimple made its appearance on my upper lip; which soon became collarged and sore. I used politices of sorrel, and a wash of blue; vitriol, without effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronuunced it CANCER, and proscribed a wash of sugar of lead and tread poultiess. Finding these remedies of no bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies —the latter consisting principally of caustic; but all to no purpose, as the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon increased. I next called upon Dr. Statler of St. Clairsville, Bedford county, who also pronounced the disease, and anythed a supersided to be supersided the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever n checking the spread of the sore. In December, n checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electic Medical College. He pronounced the disease "a cutaneous Cancer, superinduced by an inordinate use of mercury.—He applied mild zine ointment, and gave internal remedies. My face healed up, but the inflamation was not thoroughly removed. In Febuary, 185", he pronounced me cured, and I lett for home. In April the disease again returned and so violent was he pronounced me cured, and I lett for home. In April the disease again returned and so violent was the pain that I could not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which tire he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had eat off the left side of my nose, the greater portion of my left cheek, and had altacked my left eye. I had given up all hope of ever being cured; since Dr. Ely said he could only give relief; but that a cure was inpossible. In March, 1858, I bought a bottle of 'Blood Scearcher,' but I must confess that I had no faith Scearcher,' but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day by day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken my face was healed as if by a miracle. I used a forth bottle, and I have been healthier since than I have been for the last seven years. Although my face is sadly disfigured, I am still grateful to a benign

Providence who has spared my life, and which has been done through the instrumentality of Lindsey's IMPROVED BLOOD SEARCHER. D. McCREAIX.

NEW EVIDENCE.

Being afflicted with a grievous Tetter on the arms and face—after trying many remedies which atterly failed to cure—I was persuaded by W. M. Barris & Co. to try Lindsay's Improved Blood Searcher; and now, six weeks after finishing the second bottle,

ronounced myself cured.

The tetter broke out, something over a year ago, on the inside of my arms, extending from the cl-bows down to the wrists; also, on my face, im. mediately round the mouth and clin, and confined to be a perfect torment to me until cured by the Blood Searcher. My arms, were almost useless, owing to the cracks and sores on them, liable to bleed at any time on the least exertion to lift or work, and sometimes so itchy that I could scarcely prevent tearing off my flesh. I have now been cured six weeks and feel it due to Mr. Lindsey, and to the public generally, to make this statement, in hope that others like myself may be benefitted by using his valuable medicine.
