# THE GREAT PURIFIER :--THE WORLD CHALLENGED !--THE BLOOD SEARCHER DFTHE BLOOD SEARCHER DFGLORIOUS TRIUMPHANT !

GFGLORIOUS TRIUMPHANT ! Sworn statement of David McGreary, of Napier Township, Bedford county i In April, 1856, as near as 1 can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used poltices of sorrel, and a wash of blue vitriol, with-out effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronunced it CAN-CER, and proscribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsrille, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies and the remedies but

Cancer, and gave me internal and external remedies —the latter consisting principally of caustia; but all to no purpose, as the disease continued spread ing toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon in-creased. I next called upon Dr. Statler of St. Chairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electic Medical Collega. He pronounced the disease tha cutaneous Cancer, He pronounced the disease 4-a cutaneous Cancer, superinduced by an inordinate use of mercury.— He applied mild zinc ontunent, and gave internal remedies. My face healed up, but the influmation was not the oughly removed. In February, 185 he pronounced me cured, and I left for home. I April the disease again returned and so violent was the pain that I could not rest at night. Late in May I returned to Cheixnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home checking the disease, but when I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had eat off the left side of my nove, the greater portion of my left check, and had attacked my left eye. I had given up all hope of ever being cured; since Dr. Ely said he could only give relisf; but that a cure was impos-sible. In March, 1858, I bought a bottle of 'Blood Scearcher,' but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day by day, and also that the ulcers commenced drying up. I and also that the ulcers commenced drying up. I continued, and when the third bottle was taken my bottle, and I have been healthier since than I have been for the last seven years. Although my is sadly disfigured, I am still grateful to a Providenc: who has spared my life, and which has been done through the instrumentality of LINDER'S IMPROVED BLOOD SEARCHER. D. McCREARY. pronounced myself clired. The fatter broke out, something over a year ago, on the inside of my arms, extending from the el-bows down to the wrists; also, on my face, im. mediately round the mouth and clin, and continued to be a perfect torment to me until cured by the Bloo. Searcher. My arms, were almost useless, owing to the cracks and sores on them, liable to bleed at any time on the least exertion to lift or work, and sometimes so itchy that I could scarcely prevent tearing off my flesh. I have now been cured six wocks and feel it due to Mr. Lindsey, and to the public generally, to make this statement, in hope that otheses like upself may be benefitted by using his valuable medicine.
