THE GREAT REPUBLIC MONTHLY.

To the Public, the Book and Periodical Trade, and the Press.

We have the honor to announce that we shall issue, on or about the 1st of December next, so to be in season to command the early attention of the public and the periodical trade, the FIRST NUMBER OF A NEW STRAITS MAGAZINE, to be called THE GREAT REPUBLIC MONTHLY.

It is intended to make this Magazine superior in every respect to anything ever before issued in this country. The general scope of its character can best be understood by its name. It will be thoroughly national—in no wise sectional or sectarian, and wholly impersonal. It will offer to the writers and thinkers of this Union a common field, where they can meet on the highest ground of contemporary literature. It will aim to gather about it every variety of intellect.

The range of articles will be a wide one, covering, among other grounds, Essays, Sketches, Historical Tales, Stories, Historical Incidents, Reviews, Critiques, Biographies, Scientific Articles, Travels, Table Talk, Dramas, Incidents, Politics, Poems, Ballads, Stanzas, Sonnets, Music, Correspondence, Gossip, etc., etc.

The Magazine will be profusely illustrated in the highest style of wood engraving. The literary department will present greater variety, combined with more thorough excellence, it is believed, than ever before offered to the American public in a single periodical. The following authors and popular writers are included in the list of contributors engaged:

George D. Prentice, Thomas Macellar, Charles Swain, H. Brent, (Stirrup), Fitzgrecn Halleck, F. W. Hunt, M. D., Charles J. Ingersoll, Edmund Lynch, Orestes A. Brownson, Fayette Hurd, Gen. Geo. P. Goodwin, Henry Ward Pettit, Jane G. Austin.

In addition to the foregoing brilliant array of American authors, there are a large number of first-class writers engaged, (among them some of the most distinguished of the day) who are compelled, from pre-existing engagements, or other causes, to withhold their names for the present, but who will, nevertheless, contribute frequently to our pages. We would also announce to those who are not our list of contributors the names of other distinguished authors, as soon as satisfactory arrangements can be completed.

Each number will contain an original piece of music, composed expressly for this work. Of the superior excellence of the Magazine in every respect, and of the certainty of its permanent success, very little more need be said. The terms and general conditions of Magazine will be as follows:

THE GREAT PURIFIER—THE WORLD CHALLENGED!

TO PRODUCE ITS EQUAL! THE BLOOD SEARCHER! GLORIOUS TRIUMPH!

Sworn statement of David McCreary, of Napier Township, Bedford county. In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used poultices of sorrel, and a wash of blue vitriol, without effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronounced the disease CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies—the latter consisting principally of caustic; but all to no purpose, as the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflammation soon increased. I next called upon Dr. Statler of St. Clairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Eclectic Medical College. He pronounced the disease "a cutaneous Cancer, superinduced by an immoderate use of mercury." He applied mild zinc ointment, and gave internal remedies. My face healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned, and so violent was the pain that I could not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had cut off the left side of my nose, the greater portion of my left cheek, and had attacked my left eye. I had given up all hope of ever being cured; since Dr. Ely said he could only give relief; but that a cure was impossible. In March, 1858, I bought a bottle of "Blood Searcher," but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day by day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken my face was healed as if by a miracle. I used a fourth bottle, and I have been healthier since than I have been for the last seven years. Although my face is a little disfigured, I am still grateful to a benign Providence, who has spared my life, and which has been done through the instrumentality of LINDSEY'S IMPROVED BLOOD SEARCHER. D. McCREARY.

Sworn and subscribed, this 21st day of August, A. D. 1858, before me, one of the Justices of the Peace in and for the Borough of Hollidaysburg, Blair county, Pa.

Witness—U. J. Jones. JOHN CORLEY, J. P.

NEW EVIDENCE.

Being afflicted with a grievous letter on the arms and face—after trying many remedies which utterly failed to cure—I was persuaded by W. M. Barris & Co. to try Lindsey's Improved Blood Searcher, and now, six weeks after finishing the second bottle, pronounced myself cured.

The letter broke out, something over a year ago, on the inside of my arms, extending from the elbows down to the wrists; also, on my face, immediately round the mouth and chin, and continued to be a perfect torment to me until cured by the Blood Searcher. My arms were almost useless, owing to the cracks and sores on them; blood to bleed at any time on the least exertion to lift or work, and sometimes so thick that I could scarcely prevent tearing off my flesh. I have now been cured six weeks and feel it due to Mr. Lindsey, and to the public generally, to make this statement, in hope that others like myself may be benefited by using his valuable medicine.

Sworn and subscribed before me, one of the Aldermen in and for the City of Pittsburg, this 28th day of July, A. D. 1858.
