CFTHE BLOOD SEARCHER CFTHE BLOOD SEARCHER CFTHE BLOOD SEARCHER CFTHE BLOOD STRIUMPHANT! Swom statement of David McCreary, of Napier Township, Bedford county: In April, 1856, as near as I can remember, a small pimple made its appearance on my npper lip, which soon became enlarged and sore. I used policies of sorrel, and a wash of blue vitriol, with-out effect. Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronuuneed it CAN-CER, and proscribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somersct county, who also pronounced the disease Cancer, and gave me internal and external remedies —the latter consisting principally of caustic; but all to no purpose, as the disease continued spread ing toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon in-creased. I next called upon Dr. Statler of St. Clairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Electic Medical College. He pronounced the disease en cutaneous Cancer, superinduced by an inordinate use of mercury.— PATENT MEDICINES .- Having the regular agency PATENT MEDICINES.—Having the regular agency for the sale of many of these medicines, the pub-lic are assured that they are of the best; such as have stood the test of time and experience, and can be safely recommended as genuine. viz : Townsend's and Sand's Sarsaparilla, Wistar's Balsam of Wild Cherry, Ayer's Cherry Pectoral, Meffat's Life Pills and Phcenix Bitters, Dr. Jayne's Family Medicines, Fahnstock s, Hoben-sack's and other vermifuge; Hoofland's German Bitters, &c., &c. and also medicine that I got from Dr. Ely, but the Cancer continued growing until it had eat off the left side of my nose, the greater portion of my left cheek, and had attacked my left eye. I had given up all hope of ever being cured; since Dr. Ely said he could only give relief; but that a cure was impos-sible. In March, 1858, I bought a bottle of 'Blood Scearcher,' but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day by day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken my face was healed as if by a miraele. I used a forth bottle, and I have been healthier since than I have been for the last seven years.
