PICKLES AND SHOES TO BOOT.

"Many men of many minds," Many shoes of many kinds; From sizes one to number nine, Allowing some for heel behind.

Boots for men and women too, Some high, some low, some old and new, With slanting tops and pointed heels, To make him high who lowly feels.

If prices do not suit your mind, Just take a little cheaper kind; But when you buy cheap shoes, beware, For cheapest shoes are first to wear.

If fruits or pickles well put up, Preserved fruits, or nice catnip, Be bothering any one to taste, To FERGUSON'S be sure to taste.

Tobacco and cigars are there, Of qualities and kinds quite rare; To please the taste of every one, And make the boys appear full grown.

We take all kinds of trade for goods, Even wagons full from out the woods— All kinds of produce, and of grain, Will be received and sold again.

Now call and see this store of shoes, Or pickles and preserves for use; And when you call, just bring along, What is the object of our song,

HARD TIMES RELIEF! Nov. 6, 1858.

THE LIVER INVIGORATOR.

PREPARED BY DR. SANFORD. Compounded entirely from GUMS, OF ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, emetic, milier, and more effectual than any other medicine known.

It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics.

It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal organs of the human body, and when it performs its functions well the powers of the system are fully developed.

The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty.

One person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, causing food to digest well, purifying the blood, giving tone and machinery, removing case, and effecting a radical cure.

Bilious attacks are prevented by the use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent indigestion.

Only one dose taken at night loosens the bowels gently, and cures constiveness.

One dose taken after breakfast will cure Dyspepsia.

One dose of two spoonsful will always relieve Sick Headaches.

One bottle taken for Femoral obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholera, while a second dose repeated at intervals is a sure cure for Cholera Mortis, and a preventive of Cholera.

One dose taken often prevents the recurrence of bilious attacks, while it relieves all painful feelings.

Only one bottle is needed to throw out of the system the effects of medicine after long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhea in its worst forms, while summer and bowel come plains yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no safer or speedier remedy in the world as it acts fast.

A few bottles cures Dropsy, by exciting the absorbents. We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chills Fever, and all Fevers of a Bilious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor. It is a sure cure for Cholera Mortis, and a preventive of Cholera. One dose taken often prevents the recurrence of bilious attacks, while it relieves all painful feelings.
