#### Life in Japan.

THE WAY THEY DO BUSINESS.

The manner of doing business at Nagasaki is odd and very troublesom. In the first place no one but government officers are allowed to take any gold or silver money from a foreigner, under penalty of being disambowled .--All the specie that comes into the place is taken possession of by the government and custom house officers, and by them it is transferred to the imperial government officers at the seat of government. To purchase any articles on shore you must first proceed to the proper officer and give him your specie. In return, he gives you the currency of the country, which consists of pieces of thick paper about an inch wide and four inches long, and they are marked tacls, half tacls, one hundreth's of a tacl, &c. They have the Dutch and Japanese characters upon them. A tael is twenty-three cents. With your pocket filled with this trash you can proceed to make such little purchases as you may wish. You enter one of the splendid bazaars, filled with the rich works of these people; you commends pricing the articles before you; you turn a little to the left or right, and your heels you perceive a Japanese Mandarin, or high official, with book, ink and pencil in hand. On inquiry, you find this individual to be a government officer, who is standing by to take down all sales, the articles sold, the price paid; the object of which is that a correct account of all goods leaving the piece may be accounted for at the Custom House, if it is not more than a tael's worth; also that the govern-ment shall not be deprived of its export du-

#### Black and White Elopement.

The E liter of The Detroit Advertiser has had a conversation with Miss Judson of Pontiac, who eloped to Windsor C. W, and was there married to her colored lover. No signs of insunity, except her love for the negrowhich she frankly avowed-was observed .-She is one of a family of 12 children, and 24 years of age-matured enough to make her own choice of a husband, one would think .-Her father --- who is a very respectable looking man, about sixty years of age, has ever been distinguished for uprightness and piety. He said the negro had always been faithful and obedient, and he had allowed him many privileges colored people do not usually enjoy .-He sat at the table with the family, made one of the social-circle evenings, and accompanied them to church. Mr. Judson denies, however, that he ever professed amalgamation doctrines. The negro is represented as about fifty years of age, his white wool showing off a countenance of superfine ivory black to a frightful advan-In his escape from the South he received a shot in one of his legs, which adds nothing to the elegance of his locomotion, and there is not a solitary ivory remaining to relieve the norrid charm that yawns whenever he attempts a smile . Sarah was sharing a miserable shanty with this man in the suburbs of Windsor.

There was lately a false alarm of fire in the Victoria theatre, London, which caused a pan-ic, and sixteen people were trampled to death.

> It is the duty of every one to improve their personal appearance through some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or wo-man, is an object much to be desired, and there are no means that should be left untried to obtain such consideration .- Woman's Advocate, Philadelphia.

> PROF. O. J. WOOD & CO-Gents: As I have been engaged in selling your Hoir Restorative the last season for one of your local agents (R. M. Hackinson,) and having experienced the baneficial effects of it myself, I would like to obtain agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you repre-sent it to be, I would like to engage in the sale of it, for I am satisfied it must sell,

S. T. STOCKMAN.

PROF. O. J. WOOD & Co-Gents: Having rewish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth, both of which it has effected completely.—
In the operation I have used nearly three bottles.—

Compounded entirely from MMS,

Is one of the BFST PURGATIVE AND
LIVER MEDICINES now before the public, that acts as a Cathartic, carier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bewels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cuthartic. It strengthens the system at the same time that it jurges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper perform ance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of ore organ—the Liver—

suffers in consequence of ore organ—the Liver—having ceased to do its duty. For the disease of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the ma-ny derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.
