TS ONE OF THE BFST PSBRATIVE AND
LIVER MEDICINES now before the public, that acts as a Cathartic, carier, milder, and more effectual than any ether medicine known. It is not only a Cathartic, has a Liver remedy, acting first on the Liver to eject its morbid matter, then on the second and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The slomach is almost entirely dependent on the healthy action of the liver for the proper performance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consequences of one organ—the Liver-having case and of the interpretations of the proper term and source of its functions.
