To NE OF THE BFST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, easier, miller, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with anusual rapidity.

The Liver is one of the principal regulators of the human body, and when it periorms its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper perform ance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its daty. For the disease of that organ, one of the proprictors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

afflicted with baid heads and the only remedy, heretofore known, has been those abominable wigs. By
a recent discovery of Professor Wood these articles
are being fast dispensed with, but a great many
persons still patronize them, because they have been
so often imposed upon by Hair Tonics of different
kinds. To all such persons we carnestly make the
request, that they will try orce again, for in Wood's
Restorative there is no such thing as fail. We know
of a lady who was baid, who used the article a short
time, and her head is now covered completely with
the timiest and most beautiful curls imaginable. We
know of numerous cases where hair was tapidly fulthe timest and most bendthul curts imaginable. We know of numerous cases where help was rapidly fulling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles.
