PREPARED BY DR. SANFORD.

Compounded entirely from GUMS, IS ONE OF THE BFST PURGATIVE AND LIVER MEDICINES now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bewels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper perform ance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duy. For the disease of

The Hair.—People have for centuries been afficed with bald heads and the only remedy, here-tofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the tiniest and most beautiful curls imaginable. We the tiniest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly fal-ling out, which it restored in greater perfection than

it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff and has proved itself the greatest enemy to all the ills that hair is beint to It is the duty of every one to improve their per-

sonal appearance through some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or wo-man, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—Woman's Advocate, Philadelphia.

PROF. O. J. WOOD & CO—Geuts: As I have been engaged in selling your Hoir Restorative the last season for one of your local agents (R. M. Hackinson,) and having experienced the beneficial effects of it myself, I would like to obtain agency for the State of Ohio or some State in the West, should you wish to make such an arrangement as I should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell.

Yours truly

S. T. STOCKMAN.

WOOD & CO.—Gents: Having re-alized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to pro-mote its growth and change its color as it was in youth, both of which it has effected completely.— In the operation I have used nearly three bottles.— Yours &c., JAMES FRANCIS.
