

BEDFORD QUAKER.

AN OMBEN.—The following anecdote is given by the Opinion of Turin: A banquet of officers was held at Milan, a few days ago, at which, among the numerous toasts drunk in allusion to the impending war, a young officer proposed the following: 'To the Austrian army; the French and Piedmontese armies will break against it like this brittle glass.'

'Burleigh,' the New York correspondent of the Boston Journal, give the following items of news, in regard to the Sickles case. He says: 'Mr. Sickles has come on to New York. His presence makes no sensation. The delicate conduct of the District Attorney, in refusing privately the proposed testimony of Mr. Sickles' conduct in Baltimore, is commented on with much severity.'

TUSCANY.—This State, whose Grand Duke ran away from his people on the first show of hostilities, is located in the north-western part of Middle Italy, has an area short of nine thousand square miles, and a population little short of two millions, and its population are said to be well supplied with common schools and universities. Here the famous Medicoff flourished, and here, also, once was the prosperous republic of Florence. There seems to have been always a leaning to liberty in this State.

A DANGEROUS PREACHER.—Dr. Cross, in a letter to the Richmond Advocate, describes a southern preacher, in part, thus: 'He encompasses himself with raincoats, and meteoric, and earthquakes, and catarrhs, and hurricanes, and water spouts, and showers of comets, and torments of fire, and boundless conflagrations, and marshaled philosophies, and trooping seraphim, and the stupendous wheels of Providence, and the silver chiming of the spheres, and the weltering chaos of demolished worlds.'

Three men illustrious in Science and Art, have recently paid the debt of nature. Late arrivals from Europe inform us of the demise of Humboldt the traveller naturalist, and author of 'Cosmos,' Lardner, noted for his scientific investigations, and Leslie the painter.

EXTENT OF LONDON.—London is rapidly extending its boundaries. It covers an area of 121 square miles, equal to a square of 11 miles to the side. The population in this area amounted in the year 1801 to 958,836, and in the year 1858 to 2,802,336. The London of 1858 is equal to three Londons of 1801. It has now a larger population than the six New England States.

Out in Ohio, the other day, Miss Goss recovered \$1,500 from her lover, Smoak, the son of a substantial farmer, for neglecting to marry her after many years' sparring. It is said that both Miss Goss and Mr. Smoak are well satisfied with the result.

Miss Mary, daughter of Gov. Packer, was married at Harrisburg, on Thursday last, to J. W. Clarke, Esq. of the Locomotive Gazette.—Mr. C. is an Equine Measurer at Philadelphia.

Jenny Maher, who was appointed public gardener by President Jackson during his administration, died in Washington on the 16th, ult. aged 67 years.

Mexico, since its establishment as a republic, which is 27 years ago, has had 56 Presidents.

Rev. John Lyon has returned to Bedford, after an absence of several years in various parts of the world. He intends opening a school in Bedford in a few weeks.

SYRACUSE HIGHLAND NURSERIES. The agents for these Nurseries, Messrs. Cory, Neff, Casad and Spoker, are now canvassing Bedford County, to make contracts for Trees deliverable in the fall. From the catalogue handed us the establishment seems to be a large one, with a great variety of fruit and ornamental trees and shrubbery. They represent the Nurseries as being located on high ground.

WORMS! WORMS! WORMS! A great many learned treatises have been written, explaining the origin of, and classifying the worms generated in the human system. Scarcely any topic of medical science has elicited more acute observation and profound research, and yet physicians are very much divided in opinion on the subject. It must be admitted, however, that, after all, a mode of expelling them and purifying the body from their presence is of more value than the wisest disquisitions as to their origin.

Such an expelling agent has at last been found. Dr. M'Lane's Vermifuge proves to be the much sought after specific—its efficacy being universally acknowledged by the entire medical faculty. As further proof, read the following from a lady—one of our own citizens:

New York, October 15th, 1852. This is to certify that I was troubled with worms for more than a year. I was advised to use M'Lane's Celebrated Vermifuge, prepared by Fleming Bros. of Pittsburgh. I took one bottle, which brought away about fifty worms; I commenced improving at once, and am now perfectly well. The public can learn my name, and further particulars by applying to Mrs. Hartie, No. 3 Manhattan place, or to E. L. Theall, Druggist, corner of Rutgers and Monroe streets.

Purchasers will be careful to ask for Dr. M'Lane's CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburgh, and other vermicifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS. May 27-1m.

FITS! FITS! FITS! Persons laboring under this distressing malady will find Dr. Hanco's Epileptic Pills to be the only remedy ever discovered for curing Epilepsy or Falling Fits. These pills possess a specific action on the nervous system; and although prepared especially for the purpose of curing Fits, they will be found of especial benefit to all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered from any cause whatever. The dyspeptic patient, whose stomach has lost the power of duly converting food into a life-sustaining element, is relieved by a single course of the extraordinary pills. The gastric fluid re-acquires its solvent power, and the crude nutriment which was a load and a burden to the sufferer, while his digestive organization was paralyzed, and air-strung, becomes under the wholesome revolution created in the system, the basis of strength, activity, and health.

Send to any part of the country by mail, free of postage. Address Seth S. Hanco, 108 Baltimore Street, Baltimore, Md. Price—one box, \$3; two, \$5; 12, \$24. May 27-1m.

Do you want something to strengthen you? Do you want a good appetite? Do you want to build up your constitution? Do you want to feel well? Do you want to get rid of nervousness? Do you want energy? Do you want to sleep well? Do you want a brisk and vigorous feeling? If you do use Hoodland's German Bitters, prepared by Dr. C. M. Jackson, 418 Arch Street, Philadelphia, Pa., and sold by druggists and stockkeepers throughout the United States, Canada, West Indies, and South America, at 75 cents per bottle. DR. M'LANE'S CELEBRATED VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz: THE VERMIFUGE, for expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of FEVER and AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS, PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to FLEMING BROS. Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros. will do well to write their orders distinctly, and to use the name of Dr. M'Lane's, prepared by Fleming Bros. Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cent extra.

THE LIVER INVIGORATOR, PREPARED BY DR. SANFORD. Compound containing GUMS, IS ONE OF THE BEST PULVERIZED LIVER MEDICINES now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to digest its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the disease of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable. To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purging the blood, giving tone and machinery, removing the causes of the disease, and effecting a radical cure. Bilious attacks are cured, and what is better, prevented by the Liver Invigorator. One dose after eating the food from rising and souring. Only one dose taken before retiring prevents all night longers the costiveness. Only one dose taken bows gently, and cures all constipation. Only one dose taken after dinner will cure Dyspepsia. Only one dose of two tea-spoons will always relieve Sick Headaches. One bottle taken for female obstruction removes the cause of the perfect cure. Only one dose immediately relieves Cholera, while a single dose often repeated is a sure cure for preventive of Cholera. One dose taken often will prevent the recurrence it relieves all painful feelings. Only one bottle is needed to throw out of the system the effects of medicine after long sickness. One bottle taken for Jaundice removes all yellowness or unnatural color from the skin. One dose taken a short time before eating gives vigor to the appetite and makes food digest well. One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel come plainily fall almost to the first dose. One or two doses cures attacks caused by worms, while for worms in children, there is no safer or speedier remedy in the world, as it never fails. A few bottles cures Dropsy, by exciting the absorbents. We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chills Fever, and all Fevers of a Bilious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues. All who use it are giving their unimpaired testimony in its favor. Mix Water in the Mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR. Is a great scientific Medical Discovery, and is daily working cures almost too great to believe. It cures as if by magic, even the first dose giving benefit and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a Diseased Liver. PRICE ONE DOLLAR PER BOTTLE. Sold in Bedford by Dr. B. F. HARRY, and retailed by all Druggists. June 11, 1858.—zz.

MORE THAN 500,000 BOTTLES SOLD IN THE NEW ENGLAND STATES IN ONE YEAR. THE RESTORATIVE OF PROF. O. J. WOOD for restoring hair perfectly, and permanently, never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative; but read the circular and you cannot doubt; read also the following:—

THE HAIR.—People have for centuries been afflicted with bald heads and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the finest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance through some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—Women's Advocate, Philadelphia.

PROF. O. J. WOOD & Co.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Hackinson) and having experienced the beneficial effects of it myself, I would like to obtain agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be. I would like to engage in the sale of it, for I am satisfied it must sell.

Yours truly, S. T. STOCKMAN.

PROF. O. J. WOOD & Co.—Gents: Having realized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color, as it was in youth, both of which it has effected completely.—In the operation I have used nearly three bottles.—Yours &c., JAMES FRANCIS.

J. WOOD & CO., Proprietors 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market Street, St. Louis, Mo. For sale by Dr. B. F. Harry. And sold by all good Druggists. Jan. 14, 1859.
