DROFESSOR WOOD'S HAIR RESTORATIVE. PROFESSOR WOOD'S HAIR RESTORATIVE. —We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the bead of the haid with a luxuriant growta—removes the dand-ruff, itehing, and all cutaneous eruptions—caukes a continual flow of the natural fluids; and hence, is used as a regular dressing for the hair will preserve its color, and keep it from failing to cutrene old age, in its natural beauty. We call then upon the baid the gray, or discussed in scelp, to use if; and surely the young will not, as they value the flowing locks, or the witching cut, ever be without if. Its praise is upon the tongue of thousands. The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard.

Prise is upon the tongue of thousands.
The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard, to the Restorative, a few weeks since: DEEP RIVER, CONN., July 23, 1856.
Mr. Leavenworth--Sir: I have been troubled with dandruff or scurf on my bead for more than a year, my hair began to come out, scurf and hair together. I saw m a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April lest, and purchased one bothe to try it, and I found to my satisfaction it was the thing, it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place, you may have a market for many bottles after it is known here. Yours with respect, RUFUS PRATT.

PHILADELTHIA, Sept. 9, 1856. PROF. WOOD-Dear Sir: Your Hair Restorative is proving itself banchical to me. The front, and also the back part of my head almost lost its covering-in fact math. I have used but two half piut bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have ticd other preparations without any benefit whatever. I think from n.y own per-sonal recommendation I can induce many others to, try it. tıy it.

Yours respectfully, D. R. THOMAS, M. D. No. 484 Vine street,

VINCENNES, IA., June 22, 1853. PROF. O. J. WOOD: As you are about to manufacture and vond your recently discovered Hair Restorative, I will state, for whomsoever it Hair Restorative, I will state, for whomsoover it may concern, that I have used it and known others to use it—that I have, for several years, been in the habit of using other Hair Restorative, and that I find yours vasily superior to any other I know — If entirely cleanses the head of dandruff, and with one month's proper use will restore any person's, hair to the original youtifal color and texture, giving it a healthy, soft and glossy appearance; and, all this, without discolering the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. Respectfully yours. 0. J. WOOD & CO., Proprietors S12 Frondway,
