DR. M'LANE'S CELEBRATED

VERMIFUGE LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE, For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS. Pittsburgh, Pa P.R. Dealers and Physicians ordering from others than Fleming Bros, will do well to write their orders distinctly, and take none but Dr. M. TO DE SUNDES IMPROVED CAST-IRON CARRIAGE HUB.

1. THE undersigned believes that he has invented a cast iron carriage hub which far excels all others now in use, for strength, neatness and dura bility, and that it only needs to be examined, and its merits tested, to secure its universal approval and adoption. Indeed it is no longer an experi-ment, it having been effectually tried by the best judges in our country, and pronounced one of the Greatest Improvements of the Age

Several vehicles have been in use over two years with the Improved Hub attached, and the wheels are stin's perfect as when they left the shop, the unavoidable wear excepted.

This is the only Cast Iron Hub ever invented sutable for light wheels.

This improvement is of such a nature that one or nore spokes may be taken out changed or replaced without disturbing the other portion of the wheel Where a wood hub is used, if, a spoke happens to become broken, it is necessary to cut the tire and separate the felloes, to get at the damaged part.—
The wheel must be then mporeco the sed, tire rewelded and reset. All this involves a considerable pense and loss of time.

In the present improvement the inner ends of the stolky are accounted.

the spokes are secured in an Iron Hub, which consists mainly of two shells fasteneted together with screws. By simply unscrewing the nuts and taking off the back shell, any one of the spokes may be removed or changed, and the bub again put together are leaving the wheel as colidared. er, leaving the wheel as solid and firm as ever, all WITHIN THE SPACE OF A FEW

MINUTES.
This method of constructing Iron Rub Wheels rives them unusual strength LIGHTNESS AND NEATNESS are sides obvisting several other objections that have deretofore attended their use. The cost of manu-

facture is also greatly reduced.

A for Consumption, ASTHMA, BRONCHITIS, and all other Curonic Complaints complicated with or causing pulmonary disease, including Catarrh, Heart Disease, Affection of the Liver, Dyspepsia,

Gastritis, Female Complaints, etc.

Drs. Firch & Sykks would state that their treatment of consumption is based upon the fact that the disease exists in the blood and system at large, the disease exists in the blood and system at large, both before and during its development in the lungs, and they therefore employ Mechanical, Hygienic and Medicinal remedies to purify the blood and strengthen the system. With these they use MEDICAL INHALATIONS, which they value highly, but only as Palliatives, (having no curative effect when used alone,) and invalids are earners by cautioned against wasting the precious time of curability upon any treatment based upon the plausible, but false idea that the "seat of disease can be reached in a direct manner by Inhalation."
For as before stated, the seat of the disease is in the blood and its effects only in the lungs.

No charge for consultation.
