The above is a portrait of David McCreary, of Napier township, who, on the 31st day of August, 1858, made affidavit before Justice Gorley that he was treated for the cure of Cancer by three physi-cians of Bedford County, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his hy, nese, and a portion of his left check were entirely eaten away! He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his lift. # HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem-ber of the human family is subject to discass or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has inthings at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters

his hame, which is not a new meanine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, howels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple pro-cess of strengthening nature, enable the sys-tem to triumph over disease. To the cure of Dyspensia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid innetion of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal. Intribue, dysentery or flux, so generally con-tracted by new settlers, and caused principally by the change of water and dit, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more provalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestire organs, can be cured without iall by using HOSTETER'S STOMACH HITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind, then why not use an article known to be infal-lible? All nations have their Bitters, as a pre-ventive of disease and strengthemer of the sys-tem in general; and among them all there is not be found a more healthy people than nated, based upon scientific experiments which have tended to prove the value of this great. Trype and Autor.—This trying and provok-ing disense, which fixes its relentless grasp on the body of man, reducing him to a mere sha-dew in a short time, and rendering him phy-sically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER's Further, nome of the above-stated diseases can be contracted, even in exposed situations, fit the Eitters are used

from the body by the use of MOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nauses nor offend the palate, and render un-necessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is re-moved as speedily as is consistent with the pro-duction of a thorough and permanent cure. For Persons in Advanced Years, who are suffering from an enfoshed constitution and infarm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indis-pensable, especially here the mother's nour-ishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, ahould ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness. mmend their use in all cases of weakness.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

We do not think a person can evince a more benevolent trait of character than being moved at the distress and suffering of others, and further-

the distress and suffering of others, and further-more, anxious to do all in their power to alleviate by every possible means human suffering. The use of Dr. Hostetter's Stomach **Bitters**, or Dyspepsla, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters" are a certain cure for dyspepsia, and like diseas, is to the proprietors a source of unaloyed pleasure. It removes all mor-bid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health.
