#### To Our Friends

During the past winter we sent cut quite number of accounts to some of our subscribers, to \$20. We stated that we had purchased a property and had near \$1000 to pay on the 1st of April, now near at hand, and would be spective amounts, or at least part of them, but as yet we have not received from these persons \$25, in all. Come, friends, don't let us stick, but every one of you try to pay us immediately.

A Bill has been introduced into the Legis lature, by Senator Hall, of Blair, providing, that coal and ore rights and mining privileges, owned by any person or corporation, within this Commonwealth, shall be assessed and taxed according to their value, and the taxes collected as real estate taxes now are.

To this bill a newspaper called the "Mining this matter, says: Record" objects, it seems. We are not sure but that the "Mining Record" may be sometors. At any rate, we regard the proposed law as eminently just and proper.
