BEDFORD INQUIRER.

A VIVID PICTURE.

sional" in reviewing the prospects of the campaign, draws the following picture:

Should Lincoln he chosen President, there will be a sad and mouroful procession of di-lapidated office holders of the various depart-ments. Protected, as Mr. Lincoln would be, from the avalanche of Southern applications, which has rolled up so terribly upon every new President since the organization of the Gov-erument, and no doubt rescued by patricito resignations on the part of those who declare that his election will dissolve the Union, it will be a most significant spectacle to see men who have grown gray in office -- who are, indeed, the checks, stops and obstacles of that great circumlocution system which has become a vast cvil here-turning their trembling steps to the homes that they so rarely see, and to the avocations they have so long abandoned. We shall then ascertain whether certain men are indispensible in the management of public affairs--whether the Union will collapse like a great balloon when the gas of the official firccaters is withdrawn from Washington, and whether new men and fresh men may not be able to prove that this Republic depends upon no particular individual, and even a change, no matter how drastic and purging it may sometimes be, may not save a billious and con-stipated system. The venerables who carry gold headed canes along the avenue every day at three o'clock P. M., at about \$1 800 a year apiece, and who have grown gouty before dusty desks and in cosy snuggeries, realize the possibility of a new regime. Their dissolution of of the Union is their removal from office; their idea of the destruction of the Democratic party is the receipt of a yellow envelope inclosing a polite request to leave, and their only idea of a violation of the Constitution is the approhension that the places which know them may after the fourth of March, 1861, know then no more forever."

"A DEMOCRATIC LEGACY."

The National Administration will leave to the Republicans when Mr. Buchanan retires from public life on the 4th of March next, the " of a debt of almost EIGHTY MILLIONS "legacy OF DOELARS, and a most corrupt and wicked precedent. When Mr. B. entered upon the duties of the Presidency, he found TWENTY MILLIONS in the Treasury. All this he has expended, and by the time he finishes his publie cureer he will have made way with EIGHTY MILLIONS, making in four years the enormous sum of ONE HUNDRED MILLIONS OF DOLLARS which he has squandered beyond the regular revenue of the Government, amounting to sixty millions annually.

Such is the economy of the Democratio Administration. Mr. Buchanan was greatly shocked that Mr. Fillmore's expenditures should have approached fitty millions of dollars a year, even while he was paying off the Mexican dobt. The expenses of the last three years have nearly doubled those of Mr. Polk while the war was in progress ; and during the Administration whose corruptions have in-volved the country in this enormous debt, we were at peace with all the world. Yet over eighty millious have been anoually expended ! Is it strange that the people demand a change, and is it not strange that the Doughface leaders desire to perpetuate this state of things by continuing in power the party which is justly responsible for these corruptions ?- Erie Ga-

PILES! PILES! PILES!!

What is it ? How Cured ?

Thousands of persons have Piles-suffer for years with the disease-yet tew know what it is, or how it is cured. Every case of Piles, whether maniit is cured. Every case of Piles, whether mani-fested in the form of external tumors, frequent bleedings, or in violent itching and irritation, de-pends essentially upon congestion of the abdomi-nal venous circulation. This produces the engorge-ment, dilation of the veins, formation of tumors, hemorrhages, pain and suffering; and the disease can only be fundamentally cured by medicines which, taken internally, relieve this venous con-gestion. Hence ontments, washes, and even in-icctions, are so inefficient. jections, are so ineffectual. HUMPUREYS' HOMEOPATHIC PILE SPE-CIFIC, a simple sugar pill, taken two or three times per day, cures the disease by curing the con-

dition upon which the disease depends. Hundreds have been cured by it, even of the most obstinate cases. All will be promptly benefited by it. Price, SO certs a box. N. B.-A full set of HUMPHREYS' HOMEOPATHIC

PHYSICIANS are generally loath to speak a word in preise of what are called "pitent medi-cines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the ise of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the deciples of Esculapius have actually been combelled, by the force of facts, to recommend the use of DR. J. HOSTETTER'S STOMACH BITuse of DR. J. HOSTETTER'S STOMACH BIT-TER'S, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the phar-macopia which can compare with this wonderful compound for derangement of the system. Thou-sands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally largo. Sold by druggists and dealers generally. ICF See advertisement in another column. August \$, 1860.

ret the past. AND GO OUT OF THE UNION TOGETHER. If we permit the blacks to come into power, and allow them to govern us, they will, in four short years, inflict a mortal sting upon slavery from which it will never reover. We must not permit it. Douglas charges the Breckinridge men of cover.

the South with being disunionists, and presents non-intervention as the grand healing salve .--But he has neglected to clap a plaster over the mouth of the Coufedoracy, and it mutters treason as offensively as before raising a Douglas and Johnson flag. The first threat of disunion since the Baltimore nominations comes from Popular Sovereignty advocates, a fact worth remembering. If the Douglas traitors down South covet twisted hemp, "Honest Old Abe" is just the man to follow the example of "Old Hickory," and provide cravats for the disunion crowd. When they go out of the Union they will be certain to "drop out," as they deserve, with a six foot fall!-Leader.

Douglas that solitary and alone put the ball in motion. should now object to the time given to this slavery excitement. Old Nick if the Demoeratic candidate (as he perhaps deserves to be,) would be ashauned to make such an issue. Why Douglas, Democracy and the Devil [the three D.'s) got up this excitement for their own special benefit. -- Pitts. Jour.
