HOSTETTER'S STOMACH BITTERS.

Ir is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but ono that has been tried for years, giving satisfachis name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, howels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple pro-cess of strengthening nature, enable the sys-tem to triumph over disease. For the cure of Dyspepsia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal. Bitters have no equal. Diarrhœa, dysentery or flux, so generally con-tracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various formi, than any other, and the cause of which may diversy be attributed to derangements of the digostive organs, can be cured without tail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind, then why not uss an article known to be infal-lible? All nations have their Bitters, as a prointic? All nations have their bilters, as a pre-ventive of disease and strengthener of the sys-tem in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation ema-nated, based upon scientific experiments which have tended to prove the value of this great reasons in the scale of medical estimates preparation in the scale of medical science

FRVER AND AGUE.—This trying and provok-ing disease, which fixes its releatless grasp on the body of man, reducing him to a mere sha-dow in a short time, and rendering him phy-sically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. For Persons in Advanced Years, who are suffering from an enfeebled constitution and infim body, there Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indis-pensable, especially where the mother's nour-ishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.
