SHRINER'S MASTER OF PAIN.

THE GREAT EXTERNAL REMEDY, For Sprains and Bruises, Burns and Scalds, Rheumatic and Neuralgic Pains, Swellings, Stiff Joints, Paralysis, or Numbness of the Limbs, Perins

in the Breast, Side or Back; Scre Throat, Tooth-Ache, Frosted Feet, &c., &c., And for the Relief of Pain Anywhere and Everywhere.

This is a most perfect preparation, and seldom fails to do good. It is harmless in its effects but powerful to relieve Pan. If you use it once you will not likely be without it again. You will find it a constant household friend, giving case and relief just when needed. Keep it constantly on hand and it will save you many hours of pain and suf-fering. There is hardly a pain it will not easy. fering. There is hardly a pain it will not eas:.— There is hardly an accident that will occur where

There is hardly an accident that will occur where it will not be useful.

Should one of your family get burned or scalded, cover the burned part with a cloth of several thicknesses wet with the "Master of Pain," and keep the cloth saturated with it. In a short time it will draw all the fire out. It will cause a prickling sensation—this is the fire coming out. Keep it wet with the "Master of Pain" until the pain and prickling ceases. Let the wet cloth stay on for six or cight hours, after which apply some healing ointment or sweet oil. In nearly all cases of Pain or Soreness of the Chest, Throat, Side, Back, Spine, Limbs or Joints, it will give relief.—Rub it on freely with the hand or with a flannel cloth until the skin becomes heated and burning.

For soreness of the throat rub it on until it produces a little soreness.

duces a little soreness.

For Croup use it in connection with the Cough
Syrup, by rubbing it on the chest.

For Rheumatism and all deep seated pains, if
the pain is not speedly removed by rubbing with
the hand, lay a cloth wet with the liquid over the
part affected, and pass a warm smoothing iron over duces a little soreness.

For Pains in the Breast, Side or Back, the same

For Pains in the Breast, Side or Back, the same may be done.
For Tooth-ache, drop it on cotton, and apply it to the nerve of the tooth, also rub the gums and checks with it.
For Frosted Feet, apply the "Master of Pain" freely, and dry it in before the fire.
For Head ache rub it on the forehead.
It is called "Master of Pain." I did not give it this name—I don't like the name. When I first commenced making it it was without name or label. I made it and sold it by the ounce at my Drug Store. I had no idea then of making a business of it. Some who bought it called it Master of Pain, and by this name it became known for many miles round. And finally, when I had a label printed I was compelled to adopt the name, for by that name it was known. After all, the name is not so very inappropriate. It is used to alleviate or remove pain. It is put on wherever there is pain. Sometimes it will cause pain, but the result always is freedom from pain.

Mr. W. E. Shringa - Dear Sir: Upon several occasions I have used your Balsamic Cough Syrup, in my family and also on one occasion myself—when worn by frequent preaching, and with the happiest results.

I opened the box and Gund it to contain your False. BEDFORD NOV. 3, 1860. opened the box and found it to contain your Ealsamic Cough Syrup. THE TRIBUNE FOR 1860. PROSPECTUS.

THE XXth Volume of the Weekly Tribune commenced with the issue of Sept. 1. During the past year The Tribune has been obliged to devote quite a large proportion of its space to Politica, but we shall soon be able to forego Political discussions almost entirely, for months if not for years, and devote nearly all our columns to subjects of less intense, but more abiding, jut-rest.—
Among these we mesh to pay especial attention Among these, we mean to pay especial attention

I. EDUCATION.—The whole subject of Education, both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to elicit in that discussion some of the profoundest thinkers and the ablest instructors in our foundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of The Trisune in its behalf during the year 1861.

II. AGRICULTURE.—We have been compelled to restrict our elucidations of this great interest throughout 1860, and shall endeavor to atone there-

throughout 1860, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention.

III. Manufactures, &c.—We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the Public Weal, insuring ampler, steadier, more cenvenient, more remunerating markets to the Farmer, with fuller employment and better wages to the Laborer. IV. FOREMON AFFAIRS.—We employ the best correspondents in London, Paris, Turin, Berlin, and other European Capitals, to transmit us early and accurate advices of the great changes there silently but certainly preparing. In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample, but we shall have to render it more perfect during the eventful year just before us.

We aim to print the cheapest general newspaper, with the fullest and most authentic summary of useful intelligence, that is anywhere afforded. WOFFAT'S

Vegetable Life Medicines.

A mild yet effectual medicine, composed of the best material known to medical science, for the cleansing of the alimentary canal and relieving the springs and aveaues of life of all morbid obstructions and impurities, must be a public blessing and a domestic and individual protection and safeguard, in preportion as it becomes known. Such a medicine the famility of the United States have long had in Moffat's Celebrated Life Pills And Phennix Bitters, and the good they have done is inestimable. They have won their high fame and firmly established character by their virtues alone, without the aid of the usual arts of notority or impudent experiment on the faith of the credulous. In all general derangments of the digestive and alimentary functions, as well as in a vast variety of acute and chronic diseases, their effects are prompt and complete as to excite astonishment.

In rheumatism, settled pain in the organs and limbs, costiveness, piles, liver compiains, jaundice, nervous and bilious attacks, headacks, feer and ague, cruptive diseases, bad aspect of the complexion, indigestion and flatulency, choices, affections of the bladder and kidneys, dropsy, asthma and bronchitys, rheumatic colds and sore throats, and indeed in almost every conceivable kind of ill health they are invaluable, and will afford certain, and most generally permanent relief. They require neither confinement nor change of diet—they neither prostrate the strength nor give pain—and a more delightful and effectual medicine cannot be procured either for individuals or families.
