RESIGNATION OF GEN. CASS.

Gen. LEWIS CASS has resigned his scat in the Cabinet. as Secretary of State, in consequence of Buchanan refusing to comply with the request of the brave Maj. Anderson, the Commandant of Fort Moultrie, for reinforcements. We are glad of this. Although we have differed, and still differ with Gen. Cass on political matters, yet we always believed him to be a patriot, and a gallant soldier, and it is a fitting time for him to close a long and eventful career, by an act of patriotism like this. in leaving a Cabiner and President who appear bent on the destruction of this glorious Union, the best ever established by man. It is said J. S. Black has been promoted to the State It insinuates that the first meeting was gotten department, and E. M. Get the Best Detector.

Petersons' Counterfeit Detector and Bank note list for December has been received by us and is corrected by Drezel & Co., the wellknown Bankers and Brokers, and it is the best and most reliable Detector of Counterfeits and Altered Notes published in this country. The number issued this day fully describes Fifty New Counterfeits, and contains full descriptions of all bogus bank notes that are being altered to suit verious banks all over the country, and which are being daily put into extensive circulation. It also contains several other pages of very valuable information of everything pertaining to bank notes. It has been considerably enlarged, having now forty eight pages, and coptains fac-similes of three bogus bank plates and the coat of arms of all the United States. We have no hesitation in pronouncing it the most complete, reliable and best publication of the kind in the United States, as it is not used to subserve the interests of any banking house, as most of the so called Detec-

SOUTH CAROLINA CONVENTION .- This treas. onable body met in Columbia on Monday the 17th inst., and organized by the election of Gen. Jamison as President. In consequence of the prevalence of the small-pox, in an epidemic form, the Convention adjorned to meet in Charleston on the next day. The feeling appeared to be unanimous in favor of secession, and it is very probable, that the first act after neeting in Charleston, was to pass a resolution in favor of secession. The next act in the drama will be the attempt at taking the forts in the harbor.

THE MESSAGE.

Let us devoutedly thank God that, for The ensuing four years at least, the People of the U. S. are relieved from the annual visitation of a long Presidential lecture wherein Reason is insulted, Humanity outraged, History travestied and Common Scuse defied, in the sinterest of Human Slavery and for the gratifi-cation of its upholders. Whatever evils the future may have in store for us, this one, at least, is for a season intermitted if not forever put away.

The man who in this day talks of the opponents of Slavery as blind, besotted fanaties, and represents the current agitation as utterly unprovoked and gratuitous, is simply dishouest Mr. Buchanan knows better. He knows that the means whereby Texas was thrust into our Union were eminently calculated to arouse any latent Auti-Slavery conviction that slumbered in the breast of our non-slaveholding citizens, He knows that, when the War on Mexico was made to result in the transfer of vast and thinly peopled regions from that Republic to out Union, it was inevitable either that Slavery should be excluded from those Territories, or that the People of the United States as a whole, and not those of the South exclusively, should take upon their souls the responsibility of extending "the peculiar institution" over a region half as large as Europe -- far larger than the United States cast of the Mississippi. Mr. Buchanan himself expressly affirms, an with the Committee, and Hawkins, of Florida, quotes the Supreme Court as his authority, that every foot of Federal territory is necessary rily slaveholding territory--that is, territory subject to the law of Slavery--from the moment that it passes under the sway of our Union. He knows that the Kansas Nebraska bill was expressly and avowedly introduced to remove legal obstacles to the diffusion of tance and general interest to that fact. How is it possible, then, for a publicist, with the eyes of the world full upon Lim, to say that "The long continued and intemperate interference of Northern people with the question

to Africa, after our Courts had decided that [they could not be legally given up to the Ca-ban pirates who claimed them.

These measures of Pro-Slavery aggression are pressed upon Congress by this same Buchanon, who tells us in the same breath that all that is asked of us is that we let Slavery in the States alone, and mind our own business. and that this will put an end to Slavery agitation ! But we waste words on such audacity of imposture.

What the President says of the alleged Right of Secession, and the inexpediency if not impossibility of Coercion, is in the main forcibly and well said. We commend it to general attention. Our Foreign Relations, save with Mexico,

would seem to be in a satisfactory state; and it is to be hoped that the reestablishment of the Liberals at the City of Mexico-now apparently imminent-will restore a good understanding in that quarter. But he wastes his breath in urging the Senate to confirm the Mo-Lane Treaty. We have work enough at home, without undertaking to guarantee independence and good government to Mexico.

Why is there no allusion to Peru, with which country we would seem to be on the brick of war? Our Minister has formally withdrawn from Peru; the Peruvian Charge has been sent away from Washington; the relations of the two Governments could hardly be worse in the absence of a formal declaration of war yet no allusion is made to Peru in the Massage Probably a special communication will be made to Congress at an early day.

It is melancholy, at this day, to see good space wasted on a serious attempt to justify the Lecompton Iniquity, or at least the President's port in it. The pretence that that swin-dle was 'recognized' by the Republicans, because a part of them were induced to vote against the Slavery article submitted for separate approval or rejection, is too monstrous.-But no matter. There is no danger that any body will, at this day, be won over to Lecomptonism ; and the President might as well have lavished his sophistry in a eulogy on Judas Iscariat or Benedict Arnold. There are some things pretty generally understood, jand fluecomptou' is one of them.

To sll, or nearly all, that the President says with regard to the Tariff, we render a hearty Amen. We would only add, Let there be no more borrowing, but prompt and efficient prov. i u for paying. The Annual Expenditures have been bandsomely diminished of late, though we fear that the public service has suffered in consequence. To reduce expendi-tures is well; but to reduce them by stopping public works of manifest utility and necessity. is not so well. Let us - have economy without starving the public service, and a working balance in the Treasury without further loans.

We thank the President for his good word for the famishing in Kausas. If he will no longer impede the passage of the Homestead b.ll, that measure will afford them a very general and sensible relief.

It may be well to have all Members of Congress elected on one day; if so, we suggest that the day fixed for the Presidential Election is the proper one. To reject that, and require a hal election for Congressmen in the depth of Winter, would hardly be justifiable.

On the whole, though there is but a small portion of the Message as printed that we can pprove, we heartily thank the President for the four columns that, on revision, he omitted. The omission of another like amount would have rendered it quite a respectable document. We thank him, moreover, for the similar Messages that he will refrain from writing throughout the years to come. And, though we cannot commend the moral insensibility which renders him unable to see why any good citizen should detest slave hunting in Free States, we can heartily congratulate him on the fact that

The President's Proclamation. TO THE PEOPLE OF THE UNITED STATES.

A RECOMMENDATION.

Numerous appeals have been made to me by pi-Numerous appeels have been made to me by pi-ous and patriotic associations and citizens, in view of the present distracted and dangerous condition of our country, to recommend that a day be set apart for HUMILIATION, FASTING AND PRATER throughout the Union. In compliance with their request, and my own sense of duty, I designate FRIDAY, THE 4TH DAY OF JANDARY, 1861, for this purpose, and recommend that the people assemble on that day, according to their several forms of worship, to keep it as a sol-emn Fast.

The Union of the States is at the present mo The Onion of the States is at the present mo-ment threatened with alarming and immediate dan-ger; panic and distress of a fearful character pre-vail throughout the land; our laboring population are without employment, and consequently depriv-ed of the means of earning their bread. Indeed, And the wisest councils of our best and purest men All classes are in a state of confusion and dismay, and the wisest councils of our best and purest men

and the wisest councils of our best and purest men are wholly disregarded. In this the hour of our calamity and peril, to whom shall we resort for relief but to the God of our fathers *i* His omnipotent arm only can save us from the awful effects of our own crimes and follies —our own ingratitude and guilt towards our Heav-enly Father. Let us, then, with deep contrition and penitent sorrow, unite in humbling ourselves before the Most High, in confessing our individual and nation-al sins, and in acknowledging the justice of our punishment. Let us implore Him to remove from our hearts the false pride of opinion which would impel us to persevere in wrong for the sake of con-sistency, rather than yield a just submission to the unforseen exigencies by which we are now sursistency, rather than yield a just submission to the unforscen exigencies by which we are now sur-rounded. Let us with deep reverence beseech Him to restore the friendship and good will which pre-valled in former days among the people of the sev-eral States; and above all, to save us from the horrors of civil war and "blood-guiltiness:" Let our fervent prayers ascend to His Throne that he would new desert us in this hour of extreme peril, but re-member us as he did our fathers in the darkest days of the Revelution, and preserve our Constitution and our Union, the work of their hands, for ages yet to come. An Omnipotent Providence may overrule exist-

mg evils for permanent good. He can make the wrath of man to praise Him, and the remainder of wrath he can restrain. Let me invoke every indiwhat he can restrain. Let me invoke every indi-vidual, in whatever sphere of life he may be placed to feel a personal responsibility to God and his country for keeping tais day holy, and for contrib-uting all in his power to remove our actual and impending calamities.

JAMES BUCHANAN. WASHINGTON, Dec. 14, 1860.

Major Anderson.

This gallant officer, a Kentuckian, as we are informed, and a graduate at West Point, is, as most of our readers know, in command of Fort Moultrie, in Charleston Harbor. The fact that he has applied to the President for reinforcements has been hitherto kept secret or denied. We now learn from several sources that he has actually so applied, that it has been the subject of excited Cabinet debates, that the reinforcements have been refused, that Gen. Cass earneatly advocated the reinforcements and that on the refusal to grant them, he has resigned his place in the Cabinet.

We cannot find language sufficiently strong to reprobate the heartlessness and pusillanimity of this treatment of a gallant officer. The issue here is short. Is Major Andersomacting in the line of his duty or is he not? If he is, should be with his gallant little band of six;yfive men to be left to the mercy of any mob in South Carolina, to be out to pieces for doing his duty to his country? If he is not in the line of his duty, why is he not withdrawn altogether from Fort Moultrie?

We can readily understand the feelings of Gen. Cuss. They do him much honor. He is an old soldier. He understands that an officier must hold the position entrusted to him. He understands equally the duty of the Government to give suitable support to its officers .--We learn, that the ladies and children have all been sent away from Fort Moultrie. Major

Coughs and Colds! Coughs and Colds ! SEASONABLE ADVICE.

Let no one neglect a cold or a slight cough. Thousands, doing so, have had one cold added to unother, uctil the mucous membrane, lining the air passages, has become excessively irritaed, and even permanently thickened, and soon chronic cough, chronic preumonia, and con-sumption gallop along. The best time to cure all this is when it begins. If you are so fortunate as to possess a case of Humphrey's Specific Homeopathic Remedies, and if you do, you ought to at once take a cough pill, and then two or three pills per day, with care as to renewed exposure, will bring you all right in a day or two.

If your cough has got further along, then more care and more patience is necessary for a care, though it lies in the same direction. Our advice is, to keep the feet warm, the head cool, and take Humphrey's Homeopathic Cough Pills.

The Charleston Courier says: "Just so soon as more troops are sent to the forts in Charleston, that ment will the sword be drawn; South Caroliuians will consider the movement a casus belia, and we are informed from the most reliable sources, will prevent the landing of such reinforcements.

The New York Times declares that it states on good authority, that Gen. Scott, a mouth since, urged these reinforcements.
