A continual course of suffering through life having reduced me to a state of dependance, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. tood by which this fluid becomes vitiated, reak, and poor. Being in the circulation, it aread a the whole body, and may burst out a disease on any part of it. No organ is free real its attacks, nor is there one which it may not destroy. The scrofulous taint is variously acted by mercurial disease, low living, disardered or unhealthy food, impure air, filth and fifthy habits, the depressing vices, and, alove all, by the venercal infection. Whatever be us origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the langs, liver, and internal organs, is termed tribecies; in the glands, swellings; and on the surface, emprions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, wast numbers perish by disorders which, attacking hot scrofulous in their nature, are still rendered fatal by this taint in the

and, indeed, or all the organs, arise from or are sggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must removate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical

shill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the evetem from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, St. ANTHONY'S FIRE, ROSE, OF ERVSIPELAS, PINFLES, PUSTULES, BLOFGIES, BLAINS AND BOLLS, TUMOUS, TETTER and SALT RUPLIM, SCALD HEAD, RINGWORM, KHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPLESIA, DEBLITY, and,

RAREWATES, SYPHILTIC and MERCURIAL DIS-CASES, DROFST, DYSPESIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITLA-TED OR IMPURE BLOOD. The popular belief in "timpurity of the blood" is founded in truth, for scrotula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to fornish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Hearthurn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bottels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

Coughs, Colds, Influenza, Hoarseness,

disease.

Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the

disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the affected they can never forget, and produced cures too numerous and too remarkable to be forgotten.

The above is a portrait of David McCreary, of Napier township, who, on the 31st day of August, 1858, made affidavit before Justice Gorley that he was treated for the cure of Canter by three physicians of Bedford County, and by Pr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his ltp. ness, and a portion of his left check were satirely eaten away! He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadily disfigured, there is no question but what this invaluable medicine saved his life. The full particular, which can be had of any of the Agents.
