SHRINER'S MASTER OF PAIN.

THE GREAT EXTERNAL REMEDY. For Sprains and Bruises, Burns and Scalds, Rheumatic and Neuralgic Pains, Swellings, Stiff Joints, Paralysis, or Numbness of the Limbs, Pains in the Breast, Side or Back, Sore Throat, Tooth-Ache, Frosted Feet, &c., &c., And for the Relief of Pain Anywhere and Everywhere.

This is a most perfect preparation, and seldom fails to do good. It is harmless in its effects but powerful to relieve Pain. You use it once and you will not likely be without it again.

Should one of your family get burned or scalded, cover the burned part with a cloth of several thicknesses wet with the "Master of Pain," and keep the cloth saturated with it. In a short time it will draw all the fire out. It will cause a prickling sensation—this is the fire coming out. Keep it wet with the "Master of Pain" until the pain and prickling ceases. Let the wet cloth stay on for six or eight hours, after which apply some heating ointment or sweet oil. In nearly all cases of Pain or Soreness of the Chest, Throat, Side, Back, Spine, Limbs or Joints, it will give relief. Rub it on freely with the hand or with a flannel cloth until the skin becomes heated and burning. For soreness of the throat rub it on until it produces a little soreness.

For Rheumatism and all deep seated pains, if the pain is not speedily removed by rubbing with the hand, lay a cloth wet with the liquid over the part affected, and pass a warm smoothing iron over it.

For Pains in the Breast, Side or Back, the same may be done.

For Tooth-ache, drop it on cotton, and apply it to the nerve of the tooth, also rub the gums and cheeks with it.

For Frosted Feet, apply the "Master of Pain" freely, and dry it in before the fire.

For Head ache rub it on the forehead.

It is called "Master of Pain." I did not give it this name—I don't like the name. In my first advertisement making it it was without name or label. I made it and sold it by the ounce at my Drug Store. I had no idea then of making a business of it. Some who bought it called it Master of Pain, and by this name it became known for many miles round. And finally, when I had a label printed I was compelled to adopt the name, for by that name it was known. After all, the name is not very inappropriate. It is used to alleviate or remove pain. It is put on wherever there is pain. Sometimes it will cause pain, but the result is always freedom from pain.

Reader—try it—take a bottle with you—use it whenever occasion requires—give it a fair trial.

SHRINER'S BALSAMIC COUGH SYRUP, For Coughs, Colds, Croup, Whooping Cough, Asthma, Bronchitis, Spitting of Blood, Pain and Weakness of the Breast, Difficulty of Breathing, &c.

From the Rev. Samuel Yingling, Bedford, Nov. 3, 1860.

Mr. W. E. SHRINER—Dear Sir: Upon several occasions I have used your Balsamic Cough Syrup, in my family and also on one occasion myself—when worn by frequent preaching, and with the happiest results.

W. E. SHRINER—Sir: As you are about to introduce your Balsamic Cough Syrup into our County, I will give you my experience with it, which you are at liberty to use if you think proper, some two years ago a box that was lost on the Pennsylvania Central R. R. found its way to my store. I opened the box and found it to contain your Balsamic Cough Syrup. I had never heard of it at that time but a Mr. Aughinbaugh from your state happened to be present and said it was one of the best cough remedies in use and happening to need a cough medicine in my family I determined to give it a trial, and so well pleased was I with its effects that I gave bottles of it to my friends all of whom agree with me in pronouncing it the best cough remedy they have ever met with. We have used it for Coughs, Colds, Croup and Whooping Cough, and in every case it gave the most signal relief—Yours truly,

ADAM FERGUSON. I used in my family some of the Cough Syrup referred to by Mr. Ferguson, and fully concur in the opinion expressed by him.

WM. AGNEW. We used Shiner's Balsamic Cough Syrup and consider it the best Cough Medicine we ever used.

THE TRIBUNE FOR 1860. PROSPECTUS.

THE XXth Volume of the WEEKLY TRIBUNE commenced with the issue of Sept. 1. During the past year The Tribune has been obliged to devote quite a large proportion of its space to Politics, and it will seem to be able to forego Political discussions almost entirely, for months it not for years, and devote nearly all our columns to subjects of less interest, but more abiding interest—Among these, we mean to pay special attention to:

I. EDUCATION.—The whole subject of Education, both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to elicit in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of THE TRIBUNE in its behalf during the year 1861.

II. AGRICULTURE.—We have been compelled to restrict our citations of this great interest throughout 1860, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention.

III. MANUFACTURING.—In all every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contributor to the Public Wealth, having ample, steady, more certain, and more remunerative outlets at the Farmer, with full employment and better wages to the Laborer. The progress of Mining, Iron-Making, Steel-Making, Cloth-Weaving, &c., &c., in our country and the world, shall be watched and reported by us with care and active sympathy.

IV. FOREIGN AFFAIRS.—We employ the best correspondents in London, Paris, Berlin, and other European Capitals, to transmit us early and accurate advices of the great changes there silently but certainly preparing. In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample, but we shall have to render it more perfect during the eventful year just before us.

V. HOME NEWS.—We employ regular paid correspondents in California, at the Isthmus of Darien, in the Rocky Mountain Gold Region, and wherever there is any important and accessible portion of our own country, we derive our information mainly from the multitudes of correspondents of the Associated Press, from our exchanges, and the occasional letters of intelligent friends. We aim to bring the cheapest general newspaper, with the most and most accurate summary of useful intelligence, that is anywhere afforded. Hoping to "make each day a critic on the last," and print a better and better paper from year to year, as our means are steadily enlarged through the generous co-operation of our many well-wishers, we solicit, and shall labor to deserve, a continuance of public favor.
