For the Inquirer. UNION BATTLE-SONG!

Ain-Annie Laurie. By PROP. T R. V. Rouse, Patriots! Rouse! To action!
And by your colors stand;
Let neither foe nor faction
Destroy your native fand!

And let your anthem be, Union and Liberty;
And stand by Freedom's banner,
And by it nobly die!

The battle-cry has sounded In Freedom's peaceful land, And thousands forth have bounded To stay the traitors' hand!

Oh! hear the patriot cry, From glen and mountain high, "To save this glorious union We'll holdly fight and die!

" While the Stars and Stripes wave o'er us, Our pride in ev'ry land, Our foes shall fall before us,

And naught our might withstand. The Stars and Stripes shall be, The emidem of the free, And to save them from dishonor There're thousands who will die.

While the Flag of Freedom flutters Above the true and brave, Though flerce the cannon mutters, The God of right will save. The Union still must be, United, firm and free, And to save it from destruction, There're thousands who will die.

* When host with host engages Upon the goty field, And wrathful carnage riges, Error to right must yield?

The rebel host will fly,
While sabres flish on high,
And each dauntless column charges,
To rout the foe or die.

"And should we fall in vict'ry Upon the Southern sod, We'll give each life to Liberty, Each spirit to its God.

Each martyr'd life will cry To Him who reigns on high, To save this glorious union For which we bravely die."

ANOTHER MESSAGE FROM GOV. HICKS .-BALTIMORE, June 18th .- Gov. Hicks sent another tart message to the Legislature to-day, in response to an order of the House, asking if certain arms shipped by the Adjutant-General to a Maryland military company some time since, and sezed by Gen. Butler, was by his knowledge and consent.

The Governor says the inquiry is impertinent, and refers the House to Gen. Butler and 1,000 persons, including the Veteran Grays, the Adjutante General for information.

LET THERE BE NO WHITEWASHING .- NOW that the Governor has appointed Commissioners to investigate the army frauds, we trust there will be no whitewashing, which is usually the case with such commissions. Messers. Fry, Haywood and Abbot have the reputation of being honest men. Let them also be firm. They should be strong enough to become exeentioners if necessary. We want to know just ! ... where the responsibility belongs, and we want these Commissioners to tell us plainly and uneto carry conviction with their report. Scrofula, or King's Evil,

is a classitutional disease, a corruption of the blood, by which this find becomes vitiated, weak, and poor. Leing in the circulation, it pervades the whole body, and may burst out in docase on any part of it. No organ is free from its attacke, nor is there one which it may not destroy. The scrofulous taint is veriously caused by more real disease, low living, disordered or unhealthy food, impure air, filth and flithy habit, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will wish the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in

Its effects commence by deposition from the blood of corrupt or alcerous matter, which, in the langs, liver, and internal organs, is termed to bereles; in the glands, swellings; and on the surface, emptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrothlous constitutions not only suffer from scrothlous constitutions not only suffer from scrothlous complaints, but they have far less power to withstand the attachs of other diseases; consequently, wast numbers perish by disorders which, although not scrothlous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrothlous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrothous;

are aggravated by the same cause.

One quarter of all our people are screfulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must removate the blood by an alterative medicine, and invigorate it by healthy food and exercise.

Such a recilience we surally in Such a medicine we supply in

AYER'S

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Empriver and Skin Diseases, St. Anthony's First, Rose, or Errspels, Playtels, Playtels, Blottones, Blains and Bolls, Tunger, Tetter and Salt Resem, Scald Head, Ringworm, Riffunder, all Complaints arising people for "impurity of the blood" is founded in truth, for seer fulls is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate of this vital fluid, without which sound health is impossible in contaminated constitutions. Compound Extract of Sarsaparilla,

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

FOR ALL THE FURPOSES OF A FAMILY PHYSIO, are so composed that disease within the range of their action can rarely withstand or evade them Taeir penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astenished to find his health or energy restored by a remedy at once so simple and inviring.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseased. The agent below named is pleased to furnish grafts my American Linauae, containing certificates of their cures and affections for their use in the following complaints: Costingness, Hearthurn, Heacasche original from a facetion for their use in the following complaints: Costingness, Hearthurn, Heacasche original from directions from the Boweis, Flatulency, Loss of Appetite. Ayer's Cherry Pectoral,

Coughs, Colds, Influenza, Moarseness, Croup, Brenchitis, Incipient Consump-tion, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hasitate what antidete to employ for the distressing ahd dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too hammerous and too remarkable to be forgotten. So wide is the field of its usclainess and so nu-
