Account of the Victory in Western Virginia.

GARNETTS FORCE COMPLETELY ROUTED. Details of the Battle of Rich's Mountain.

BEVERLY, July 12 .- Yesterday morning Gen. McClellan ordered four regiments (the 8th, 10th, and 13th Indiana, and the 19th Ohio) to proceed along the line of the bills southeast of the enemy's entremehed camp, on the Beverly road, where it crosses Rich's Mountain, two miles east of the enemy's poeition, with orders to advance along the Bev-erly road, and attack the east side of the work Gen. oclellan M being prepared to assault the west side as soon as the firing should annonnce the commencement of the attack.

The capture of a courier, who mistook the read through the enemy's camp for the route of our troops, placed the enemy in possession of the movement.

When Gen Roseneran's reached the Beverly road, at two o'clock, after a most exhausting march over the mountains, he found the enemy posted on the opposite site of the road, about 800 strong, with two cannons, holding a strong position, partially fortified. An engagement immediately took place, and continued for three-quarters of an hour, when the robels were totally routed, with a loss of 300, including ten officers and both cannon .--About 75 of the killed and 75 wounded are in our bands, besides 150 prisoners.

The road was between two hills. Our troops, descending a steep declivity, were greatly exposed to the fire of the rebels, who occupied the opposite bill, and poared their musketry shot, and shell upon them.

Gen. Rosenerantz' column remained at the place of the engagement during the night. Gen. McClellan was to position with his whole force during the afternoon, teady to make the assault, but heard nothing from the other column except distant firing early in the other column except distant firing early in the

He was proceeding to plant his cannon upon an eminence commanding a portion of the rebel camp, and preparing to attack the whole nest in front, when it was ascortained that the enemy had evacuated the-place during the night, moving towards Laurel Hill, leaving a few men with their sick, and their cannon, equipage and transportation:

A rapid march was then made by General McClellan to Beverly, passing General Rosencrantz' command on the road, with instructions to follow quickly.

At Beverly it was ascertained, late in the day, that the rebel forces at Laurel Hill had retreated, moving towards Romney. Our total loss is not more than 11 killed and 35

to the Commercial, dated at Beverly, says that Gen. McClellan's advance division is moving rapidly towards the Cheat Mountain pass .this cannot delay us an hour.

At Rich Mountain 131 dead rebels were commissioned rebel officers were killed and captured, including Captain Stepwith, of Pow-haten; Captain D. E. Langell, late of the United States army; Captain Irvin, of Brunswick, dangerously wounded. Drs. Tyler and Wall, late of the United States army, are prisoners. Some Georgians and South Carolinians are among the dead, but the dead are generally from E s ero Virginia.

This morning, Colonel Pegram, who comenauded at Rich Mountain, sent a letter to General McClellan, offering to surrender him-self and his command of 600 men. Their surrender was socepted, and the prisoners will probably march in to day. They are much reduced by hunger.

the remnant of his command, say 600 men. -They are said to be very penitent, and deformined fiever again to take up arms against the General Government.

"I shall have nearly 900 or 1,000 prisoners to take core of when Pegram comes. The latest accounts make the loss of the rebels, in killed and wounded, some 150."

Dear Inquirers: There has been nothing of particular laterest transpiring in camp worthy of note, for some time, except the proceedings on the 4th, which were or unusual interest. The Dastriation of Indepentence was than raid and the band discoursed "Hail Columbia." Next an all russ was delivered, reviewing some of the causes which lead to the present difficulty. The address was spirited; that portion which protested against compromiseing with traitors, was received with vociferous cheering. Schellsburg, July 13, 1861. MR. EDITOR : In last week's number of the Ga zette, we notice a short item saying that those men who left Schellsburg to aid Col. Wallace at Cum-berland, were not the Black Flummed Riflemen noder the command of Captain Mullin, but the Home Guard, commanded by Captain Schell. We is not true. Not that we would speak depreciat agly of Capt. Schell, for we believe him to be a ood man, but we are always willing to give onor to whom honor is due," and it honor is due honor to whom honor is due," and it honor is due to any one for taking the lead in that movement it is to Capt. He said he wanted a company of good men, willing to face any danger, and when such a company was raised, he himself was willing to occupy any place in it. It was an easy matter to determine who would have commanded, as we heard not less than 28 say that Mullin was their man. Prof. O. J. The enquiries are first is it a fact of my habitation and naise, as stated in the communication; second, its true of all therein contained; third, does my bair still continue to being of dorder and of natural color. To all I can and answer invariably yes—My hair is even helter than in any stage of my life. My hat is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablation of the face, when it care were used by wiping the face in clear connection with the whiskers, the same result will tollow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fruit in the manufacture and sale of various compounds as well as this, it has, no doubt been basely initiated well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my bair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray her in my head or on my free; and to prove this f ct. I send you a Lek of ms hair taken off the part week. I received your favor of two quant bottles last summer, for which I am very gratful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear, without authority from you. A pure article will instruct success, and I believe where good effects do not follow, the tailare is caused by the impure article, which curses the inventor of the good. I deem to my duty as heretotore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to dothis through the natural channels of the body by an alterative medicine. Cleanse out the ritiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been cyregiously deceived by

reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug sione has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

pretending to be concentrated extracts of it, contain but little of the virtue of Sarssparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the cystem, the remedy should be judiciously taken according to directions on the bottle.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
