

BEDFORD INQUIRER.

The following articles are from two leading Democratic journals, the Junata Democrat and Carlisle Volunteer. How different they speak in comparison with the Bedford Gazette: **SHALL THE UNION BE PRESERVED.**

The question, Shall the Union be preserved? would not, at any time prior to this, in the history of our country, have received even a passing notice from those imbued with ordinary love of country. But strange and incredible as it seems, it is nevertheless a fact, that, besides the fanatical and infidel element of Abolitionism, besides the disunion and government-distrusting elements of the Secession States, we have those in the Northern States, nay, even in our midst, who are indifferent about the present struggle of our Government for existence some who even sympathize with the rebels in their unholy attempts to subvert the best government the sun ever shone upon, and in ill-forgotten holy horror cry peace, peace, and contend for the acknowledgement of the independence of the Secession States, and thus, as they argue, avert a horrible and devastating war.

To what is this want of loyalty to the Government owing? to weakness, delusion, or obstinacy? What sane man can, for a moment, conceive of any other result from a patched up peace, a temporary truce, for the formation of innumerable rival and evercontending governments? What other result, we say, can be conceived of? If not the final destruction of our country, that strengthening the hands of the rebels, preparing them for a more formidable rebellion, which in the end will cost thousands of lives, millions of treasure, and years of time more for its suppression than if it is met promptly by a decided and vigorous effort for its arrest. This is the course that a prudent foresight, good judgement, and humanity itself would dictate. This course, whilst it is clearly the only mode of establishing the perpetuity of our Government, of meeting the charge of European aristocrats that our form of government is a failure, is far from any endorsement of principles of the Republican party. We have fought and expect for the balance of our lives to war against the principles of that party; but at the same time we permit so sickly sympathy for Southern politicians, who may at one time have acted with the Democratic party, to pervert our loyalty; for we believe, and firmly believe, that many of the leading, designing politicians of the South fostered disunion schemes for years past, as have the insane Abolitionists of the GARRISON and GIBBINS school, whose love for the nigger is paramount to religion, to country, and to everything. It should have been plain to every unprejudiced mind that the action of the Southern disunionists in breaking up the Charleston and Baltimore Convention and in disorganizing the Democratic party was but a part, in fact the consummation of their hellish designs. It is now apparent to all, and candid men admit it, they took that as the shortest route and quickest way to disunion, to prepare the minds of the masses of the Southern people (most of whom were then loyal) for the Secession movement, knowing that they could, by the election of a Republican President, inflame the populace and enlist them in this unholy secession, disunion scheme, and in their attempts they found the infernal ravings of the higher-law Abolitionists to render their important aid. Who, in the face of facts, can doubt that their fixed intention was disunion from the onset. You see no propositions of adjustment, no overtures for reconstruction coming from the Cotton States; and in addition to that is the fact that by their Representatives remaining in Congress there would have been a majority in both Houses of Congress against LINCOLN and his cabinet, which would have secured the defeat of any sectional measures they might have attempted to introduce.

But we did not intend to write at length, and conclude our article by expressing the firm conviction that, notwithstanding the treasonable designs of traitors North and South, in the language of JACKSON, THE UNION MUST AND SHALL BE PRESERVED.—Junata Democrat.

PEACE.
We doubt not that the desire for peace is very general, at least it is very natural that it should be. We all deprecate the existence of war, and we have abundant reason so to do. Such are the horrors of war itself, such the disaster and suffering it induces, that it is not to be wondered that the blessings of Peace are infinitely preferred to the curse of War. And yet we are not of those who would purchase peace, however desirable it would be at any cost, not of money but of that which is far more precious, honor and dignity. We are immeasurably amazed that not only individuals but journals professedly loyal to the government should at this time, when the stability of that government is threatened, and when it is laboring to maintain its integrity, and vindicate the wisdom of its founders, prate about peace and seemingly invite it, no matter how great the sacrifice it may require. Our government is engaged in a struggle for its very life. This struggle is not of its own seeking, the issue not one made by itself, but forced upon it. Around it in this hour of trial flock its friends. They are determined to maintain it. Those who stand not by and with them are against them, and against their country and their government. We declare again what we have avowed from the beginning, and what is patent to all except the wilfully blind that there can be but two standing places upon this issue. We must be either earnest active friends, or we are enemies; we must be warmly for the Union in its complete integrity, for the government, with its full power and ability, or we are against them both. There is, there can be no middle ground. We are contending with a rebellion; a formidable one it is true, but those engaged in it are none the less guilty, no more less entitled to grace on that account. It is causeless and unprovoked, and so we will consider it.

The duty of all true patriots in this juncture is very plain. It is to stand unflinchingly by the government in its efforts to crush out this unholy conspiracy, and encourage and second all its measures direct towards that end. He who at such a time would advocate a truce, or parley with traitors, especially armed traitors, or would weaken the cause by talking of peace when peace is utterly beyond our power, such a one certainly does not stand with us nor by the government.—Carlisle Volunteer.

Public Sale
OF VALUABLE REAL ESTATE.
THE subscriber, Agent and Attorney in fact, for the children and heirs of Mrs. Rebecca Shimer and Peter Shimer, late of Union Township, Bedford County, dec'd., will sell at Public Sale, on Tuesday, the 10th day of September, next, all that valuable tract of five limestone lands, late the Manston property, of said Rebecca and Peter Shimer, situate in said township, and containing 312 acres and 18 perches, more or less. This land lies on both sides of the road leading from Bedford to Hollidaysburg, about fourteen miles from Bedford, and may be regarded as one of the best farms in the county. It adjoins David Gochmoir, John Fickens, Michael Gochmoir, Isaac Frossed and others, and is susceptible of being divided into two good farms, for which purpose a survey has been made so as to have it so divided if desired. The land is of the best quality of limestone, and very productive; about one hundred and seventy acres are cleared and in cultivation, about fifteen acres of which are meadow. There are two streams of fine water on it, one of which is at the house, with good fresh water flowing through a considerable part of the tract, and a mill race is laid out upon it. The improvements are a two story log Dwelling House, and a tenant house, with a log barn and other out buildings.

The attention of persons wishing to purchase a farm of the very best quality, is directed to this property; it presents advantages for a profitable investment in real estate not often met with in this region of country. The location is healthy, public, convenient to mills and in a good neighborhood.

Any one wishing to examine the land, will call on John Fickens, now residing on it, who will take pleasure in showing it. It is patented and the title indisputable.

The terms are—one third of the purchase money in hand, on the 1st of April, next, when possession will be given and the balance in two equal annual payments, without interest, to be secured by Judgments.

It will be sold in two parts or together, as may be most advantageous.

Sale to commence at 10 o'clock, A. M.

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but to profess to have discovered something that would produce results identical; but they have all come to grief, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

Bath, Maine, April 18th, 1859.

PROF. O. J. WOOD & CO., GENTS.—The letter I wrote you in 1858 concerning your valuable Hair Restorative, which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all those who have used it; third, does my hair still continue to be in good order and of natural color? To all I can and answer invariably yes—My hair is even better than in any stage of my life for 40 years past, more soft, thick, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when it came were used by wiping the face in close connection with the whiskers, the same being followed as the hair grows, it has been the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful; I gave it to my friends and acquaintances, and they all were struck with its universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear, without authority from you, a pure article will insure success, and I believe your good advice do not follow, the failure is caused by the impure article, which causes the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshakable opinion of its valuable results. I remain, dear Sir, yours,

A. C. RAYMOND,
Aston, Barb. Is., Nov. 30, 1858.

PROF. O. J. WOOD: Dear Sir—I would certainly be doing you a great injustice, were I to make known to the world, that you are not, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restorative, but without success, and finding my hair nearly destitute of hair, I was induced to try a bottle of your said Restorative. Now, candid and justice compelled me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce finer and handsomer than the original growth of my hair, and I therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it. Respectfully yours,

REV. S. ALLEN BROCK.

F. S.—This testimonial of my appreciation for your valuable medicine (as you are aware of) is unqualifiedly in its favor, and if you think it worthy a place among the rest, insert it if you wish; if not destroy and say nothing. Yours, &c., Rev. S. A. B.

The Restorative is put up in bottles of three sizes, viz: large medium, and small, the small holding a pint and retailing for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retailing for two dollars per bottle; the large holds a quart, 40 per cent more in proportion and retailing for \$3 a bottle. O. J. WOOD & CO., Proprietors, 444 Broadway, N. Y. No. 114 Market Street, St. Louis, Mo. And sold by all good Druggists and Fancy Goods Dealers. For sale by B. F. Harry, Bedford, July 5, 1861.

GREAT CURE.
DR. LELAND'S ANTI RHEUMATIC BAND.
IS THE ONLY KNOWN REMEDY FOR RHEUMATISM, GOUT AND NEURALGIA, AND A SURE CURE FOR ALL MERCURIAL DISEASES.

It is a conveniently arranged Band, containing a medicated compound, to be worn around the Waist, without injury to the most delicate persons, no change in habits of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines which weaken and destroy the constitution, and give temporary relief only. By this treatment, all mercurial principles contained in the Band, come in contact with the blood and reaches the disease, through the pores of the skin, effecting in every instance a perfect cure, and restores the parts affected to a healthy condition. This band is also most powerful ANTI-MERCURIAL agent, and will entirely relieve the system from the pernicious effects of Mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggravated cases of long standing.

Price \$2.00, to be had of Druggists generally, or can be sent by mail or express, with full directions for use, to any part of the country, direct from the Principal Office.
