The long established organ of the "Demo-ocrats" of Massachusetts, The Boston Post, thus speaks of the recent proclamation of

"It is evident that as the military commandant of the State of Missouri be has a right to. declare the confiscation of all property, of all that which is as property to the Rebels, however it may be estimated by other men, especially if that property becomes un agent in the bands of the rebels to assist them in a successful prosecution of the war. Of the policy of this decided preplamation, of this sending of the shaft home to the heart of the rebellion, there can be little doubt. It is time that the Rebels nuderstood that, by their defiance and violation of all law they have, by their own suicidal hands, struck the first chlow to that institution which the political philosophy of Stephens and the sword of Davis would support."

The opinion of The Post is the opinion of men of all parties here, except those who aympathize with their "Southern brethren."

A WORD TO THE LADIES .- The importance of providing woolen socks for the soldiers is not under estimated by Gov. Moore, of Alabama, who makes it a subject of a proclama-tion, urging that each lady should knit one pair for the Confederate army. This is an excellent idea, and we hope to see it improved upon by the loyal ladies of the North .- Our young misses, fresh from school, can leave their tabour and crochet work for a season, arm themselves with knitting needles, and work assidously for our brave soldiers, who will be exposed to the rigor of the fast approaching winter.

It is a social employment, does not interrupt conversation, and all should be capable and willing to engage in it.

Reader have you seen Prof. Wood's advertisement in our paper. Read it; it will interest you.

RESTORING

THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gore, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following. Read the following:

The enquiries are first, is it a fact of my habitation and name, as stated in the communication; second, it is true of all therein contained; third, does my hair still continue to be to good order and of natural color? To all I can and gnewer invariably yes.—My han is even hetter than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the for 40 years past, more soft, thritty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, to doubt been basely imitated and been used, not only without any good effect. and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, your Restorative of any account for some months, and yet my hair is as good as ever, and hundieds have examined it with serprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your, favor of two quart bottles last sommer, for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear, without in the Restorative, sold by many, I fear, without authority from you. Aver's Sarsaparilla

A compound sensely, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective autidote for the disease. Sarsaparilla is reputed to care. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Scrotula and Scrotulous Complaints, Baupinons and Empire Dispasses, Ulcerse, Propley, Biotoues, Turiors, Sher Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Dispass, Diopsy, Necreached on The Douloureux, Debilitir, Dyspersal and Indicated the whole class of complaints arising from Industry of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find it is industriated and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pahulum of life disordered, there can be no lasting health. Sconer or lat

preparations of it, partly because the drug alone has not all the virtue that is claimed, for it, but more because many preparations, protending to be, concentrated extracts of it, contain but little active virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheef. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
