Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense — se to this large class of our afflicted fellow rizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Scropula and Scropulous Complaints, Emuptions and Equipment on Equipment on many of the worst cases to be found of the following complaints:—

Scropula and Scropulous Complaints, Emuptions and Equipment on Strages, Ulceim, Pimples, Blotches, Tumoras, Salt Rheem, Scald Head, Syprills and Sypribling Apprecions, Mercunial Disease, Droppy, Neuraldia of Tic Docloureux, Denility, Dyspersia and Indicestion, Experiments, Nose

PEPSIA AND INDICESTION, EXYSTPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF

class of complaints arising from IMPLEATY OF
THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to
expel the foul humors which fester in the
blood at that season of the year. By the timely expulsion of them many rankling disorders
are nipped in the bud. Multitudes can, by
the aid of this remedy, spare themselves from
the endurance of foul cruptions and ulcerous
scres, through which the system will strive to
rid itself of corruptions, if not assisted to do
this through the natural channels of the body
by an alterative medicine. Cleanse out the
vitiated blood whenever you find its impurities
bursting through the skin in pimples, cruptions,
or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it
whenever it is foal, and your feelings will tell
you when. Even where no particular disorder
is felt, people enjoy better health, and live
longer, for cleansing the blood. Keep the
blood healthy, and all is well; but with this
pabulum of life disordered, there can be no
lasting health. Sooner or later something
must go wrong, and the great machinery of
life is disordered or overthrown.

Sarsaparilla has, and deserves much, the
reputation, of accomplishing these ends. But
the world has been egregiously deceived by
preparations of it, partly because the drug
alone has not all the virtue that is claimed
for it, but more because many preparations,
pretending to be concentrated extracts of it,
contain but little of the virtue of Sarsaparilla,
or any thing else.

During late years the public have been mis-

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart
of Extract of Sarsaparilla for one dollar Most
of these have been frauds upon the sick, for
they not only contain little, if any, Sarsapailla, but often no curative properties wheter. rilla, but often no curative properties whatever. Hence, bitter and painful discripointment has followed the use of the various extracts of Saraparilla which flood the market, until the sarsaparilla which flood the marker, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. And we think we have ground for believing it has virtues which are irresistible, who discovered the strength of the discovered that the discovered that the statement of by the ordinary run of the discesses it is litted-ed to cure. In order to seeme their complete eradication from the system, the remedy thould, be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral, has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do not that assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has over been found to do.
