In the name and by the authority of the Com-monwealth of Pennsylvenia, Andrew G. Curtin, Governor of said Commonwealth, PROCLAMATION.

WHEREAS, every good gift is from above and comes down to us from the Almighty, to whom it is meet, right and the bounden duty of every people to render thanks for His mercies; Therefore, I. ANDREW G. CURTIN, Governor of the Commonwealth of Pennsylvania, do recommend to the people of this Commonwealth, that they set apart

THURSDAY, 28TH OF NOVEMBER NEXT, as a day of solemn Thanksgiving to God, for having prepared our corn and watered our furrows, and blessed the labors of the husbandman, and crowned the year with His goodness, in the increase of the ground and the gather-ing in of the fruits thereof, so that our barns are filled with plenty: AND for having looked favorably on this Commonwealth and strengthened the bars of her gates and blessed the children within her, and made men, to be of one mind, and preserved peace in her borders; Beseeching Him also on behalf of these United States, that our beloved country may have deliverance from these great and apparent dangers wherewith she is compassed, and that He will mercifully still the outrage of perverse, violent, unruly rebellious people, and make them clean hearts, and renew a right spirit within them, and give them grace that they may see the error of their ways and bring forth fruits meet for repentance, and bereafter, in all godliness and honesty, obediently walk in His holy commandments, and in submission to the just and manifest authority of the republic, so that we, leading a quiet and peaces able life, may continually offer unto Him our

sacrifice of praise and thanksgiving.

( ) Given under my hand and the great L. S. seal of the State at Harrisburg, this ( -- ) sixteenth day of Ostober, in the year of our Lord, one thousand eight hundred and sixty one, and of the Commonwealth, the eighty-sixth. A. G. CURTIN.

# THE NEW-YORK TRIBUNE.

NEW VOLUME. On the seventh of September, 1861, THE NEW-RORK WEEKLY TRIB-UNE commenced the twenty-first year of its exis-tence: THE DAILY TRIBUNE being some months older and the SEMI-WEEKLY TRIBUNE some-what youngey. For more than twenty years, this journal has labored in what its conductors have felt to be the cause of Humanity, Justice and Freedom, endeavoring to meliorate the condition of the oppressed and unfortunate, to honor and encourage useful exertion in whatever sphere, and, to promote by all means the moral, intellectual and material advancement of our country. It has material advancement of our country. It has aimed to be right rather than popular, and to especies and commend to-day the truth that others may not be willing to accept till to-morrow. In pursuing this course, mistakes have doubtless been made and faults committed; but, having in all things incited our readers to think and judge for themselves rather than adout blindly our way. things incited our readers to think and judge for themselves rather than adopt blindly our own or others' conclusions, we believe we may fairly claim for this journal the credit of having qualified its readers to detect and expose even its own errors. To develop the minds of the young by the most general, the ough and practical Education, and to encourage and stimulate Productive industry, through free grants of Public Lands to actual setters and cultivators, as also through the protection of immature or peculiarly exposed branches tromated to powerful foreign competion, and among the mins to which this journal has adhered through good and evil report, and which it steadfastly commends to American patriotism and philauthropy. As to the Givil War now devastating our country, we hold it to have originated in a Rebellion more wanion, wicked, inexcusable, than was ever before known—a Rebellion in the interests of the few against the many—a Rebellion designed to

hefore known—a Rebellion in the interests of the few against the many—a Rebellion designed to raise higher the walls of caste and tighten the chains of oppression. Having done all we could without a surrender of vital principles to avoid this War, and witnessed the forbearance, meekness, and lands of Jacob Boor, Moses Dicken, Jonathan Hendelmann of the second of t War, and witnessed the forbearance, meekness, and long suffering with which the Federal Government ought to avert its horrors, we hold it our clear duty, with that of every other citizen, to stand by nation and its fairly chosen rulers, and to second with all our energies their efforts to uphold the Union, the Constitution, and the supremacy of the Laws. And, though the Rebellion has become, through usurpation, deception, terrorism, and spoilation, fearfully strong, we believe the American Republic far stronger, and that the unanimous, earnest efforts of loyal hearts and hands will insure its overthrow. But on all questions affecting the

remit that attention to Literature, to Foreign Affairs, to Agricultural Progress, to Crops, Markets, &c., &c., which has already, we trust, won for THE TRIBUNE an honorable position among its cotemporaries. Our main object is and shall be to produce a comprehensive newspaper, from which a careful reader may gain a vivid and faithful history of the times, not merely in the domaine of Action but in that of Opinion also. As our facilities for a equiring information increase with years, we trust that an improvement in the contents of our journal is perceptible, and that, in the variety and fulness of intelligence afforded, we may still hope to "make each day a critic on the last." In this hope, we solicit a continuance of the generous measure of patronage hitherto accorded to our journal.

Many, since the great discovery of Prof. Wood, ALSO, one other tract of land situate in the Township and County aforesaid, adjoining William Lane's tract, with 15 dwelling houses, one Foundry, one Machine Shop, one Saw Mill, one Colliery, one Blacksmith Shop, and other out-buildings thereon creeted.

ALSO, one other tract of land situate in Township and County aforesaid, adjoining Thomas Daship and County aforesaid, adjoining William Lane's tract, with 15 dwelling houses, one Foundry.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonder-forced to leave the field to its resistless sway.

Read the following:

Bath, Maine, April 18th, 1859.

Prof. O. J. Wood & Co.: Gents.:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are first, is ta fact of my habitation and name, as stated in the communication; second, it is true of all therein contained; third, does my hair still continue to be ingood order and of natural color? To all I can and answer invariably yes.—My hair is even better than in any stage of my life for 40 years past, more soft, thrity, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face substance is washed off by frequent ablation of the face, when if care were used by wiping the face in close connection with the whiskers, the same result-will follow as the hair. I have been in the teceipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my bair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray bair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your layor of two quart bottles last summer, for which I am very grateful; I gave it to my friends and I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure authority from you. A pure sticle will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND.

Aarons, Run Ky , Nov. 30, 1858. PROF. O. J. Woon: Dear Sir :- I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpoeted result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and heaviful growth of hair which

storative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce riener and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it. Respectfully yours,

REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing. Yours, &c., Rev. S. A. B.

The Restorative is put up in bottles of three sizes, viz: large medium, and small, the small holds \( \frac{1}{2} \) a pint and retails for one dollar per bottle; the mediums hold at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion and retails for \( \frac{3}{2} \) a bottle. EROSENE LAMPS at Dr. Herry's. Dec. 21, 1860.

The effects constrence by deposition from the blood of corrupt or ulcerous matter, which, in the langs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that serofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaled by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternity medicine, and in-

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitlated,

blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervals the whole body, and may burst out in disease on any part of it. No organ is free from its a tacks, nor is there one which it may not destroy. The scrotilious teint is variously caused by more arial disease, low living, discordered or unhealthy food, impure air, filth and fitthy habits, the depressing vices, and, above all by the venereal infection. Whatever is its origin, it is hereditary in the constitution, descending "from parents to children into the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the

Compound Extract of Sarsaparilla, Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the cystem from its destructive consequences. Honce it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Expurrize and Skin Diseases, Sr. Anthony's Fire, Rose, or Extripelas, Pinfley, Rusework, Rusemand Salt Rheem, Scald Head, Ringwork, Rheemantsm, Symmetric and Mercurated Dispasses, Dropsy, Dyspersia, Debility, and, indeed, all Complaints arising from Vitiated or Impurity of the blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital find, without which sound health is impossible in contaminated constitutions. contaminated constitutions

### Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, FOR ALL THE PURPOSES OF A FAMELY PHYSIO, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Castiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indipettion, Pain in and Morbid Inaction of the Boxels, Flatulency, Loss of Appetitle, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

# Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the

disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming liely known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escapo observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benedix on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.
