PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR. It is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to nature, and hence sooth the weakest stomach, and tone up the digestive organs, and ally all nervous and other irritation. It is also perfectly exhilarating in its effects. Broods, and is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure the system. Such a long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility; for it needs no medical skill or knowledge even to use that debility, followed all attacks of disease, and lays the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such, for example, as the following: Consumption, Dropsy, Rheumatism, Nervous Irritability, Neuritis, Palpitation of the Heart, Melancholy, Hysteria, Night Sweats, Languor, Giddiness, and all other cases, as it well watered, and having at least seven never failing springs upon it, and together the property is one of the most excellent and desirable in this section of the state.
