DRAWN for November Term, 3d Monday, 18th day, 1861. John Smith, Esq., Thaddeus Hoehnline, Anthony...

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come to naught, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway.

EYE AND EAR

And Diseases of the Skin of long standing, and the ORGANS OF SENSE AND NERVOUS SYSTEM.

DR. JONES,

CHIEF PHYSICIAN AND SURGEON TO JONES' EAR AND EYE INSTITUTION, No. 218 West Fifteenth St., New York.

Has been persuaded to make a professional visit to some of the principal cities in the United States, thereby to bring his skill within the reach of thousands who could not avail themselves of it in New York. (His place in the surgical and medical treatment of the Eye and Ear wherever he has practiced, has been hailed with joy.)

READ

Dr. Jones' letters on cataract and catarrh on the other side, and read the other side also for the names and residences of persons cured far and near by Dr. Jones.

Dr. Jones has had a thorough medical education in both America and Europe, and is considered, by those who know him best, to be the most scientific and successful Oculist and Aurist in the world. He is a graduate of the Old and New School Medical Colleges, and of an Eye and Ear College.

THE ENGLISH MAGNIFYING EAR-LAMP AND FRENCH OPHTHALMOSCOPE,

WITH POWERFUL AMERICAN LENSES, enable Professor Jones to detect, by night or day, the most deep-seated diseases of the Eye and Ear, with a degree of certainty that years of experience cannot accomplish without them.

CROSS-EYES MADE STRAIGHT AND NATURAL.

This operation can be performed in all cases without fail, and Prof. Jones will do it successfully in no use. Strabismus disfigures the person so afflicted very much, and it also renders the eye practically of no use.

SPECTACLES, with brilliant, clear, and beautiful lenses cut from Scotch and Brazilian pebbles,

cannot reach; and for near and far-sighted persons, as well as those whose eyes have become flattened by age. Half the advantage of spectacles is lost by not having those that are adapted to your eyes.

KIND READER—Time will be well employed in perusing both sides of this Circular, and you may do much good by sending it to any afflicted person you may know.

JOHANNES A. JONES, M.D. Jones' Eye and Ear Institution, at 218 West Fifteenth St., New York.

Prof. O. J. Wood & Co. Gents.—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are first, is it a fact of my habitation and name, as stated in the communication; second, it is true of all therein contained; third, does my hair still continue to be in good order and of natural color. To all I can and answer invariably yes—My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good, as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been largely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and my whiskers have increased in width, and I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful; I gave it to my friends and they have all used it, and I have purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear, without authority from you, a pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which cures the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued use of my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours, A. C. RAYMOND. Anson, Run Ky., Nov. 30, 1858.

Prof. O. J. Wood: Dear Sir— I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restorative extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it. Respectfully yours, REV. S. ALLEN BROCK. P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited—but if you think it worthy a place among the rest, insert if you wish; if not, excuse it and say nothing. Yours, Rev. S. A. B. The Restorative put up in bottles of three sizes, viz: large medium, and small. The small holds 1/2 a pint and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion and retails for \$3 a bottle. Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood by which this fluid becomes vitiated, weak, and poor. Being in this condition, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attack, nor is there one which it may not destroy. The scrofulous taint is variously caused by mental disease, low living, disordered diet, impure air, impure air, fifth and dirty habits, the depressing vices, and above all by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children into the third and fourth generation; indeed, it is said to be the evil of Adam who sinned, and will visit the iniquities of the fathers upon their children.

Its effects commence by deposition from the blood of various and ulcerous matter, which, in the lungs, liver, and internal organs, is termed 'scrophulous'; in the glands, swellings, and on the surface, eruptions or sores. This foul corruption, which renders the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases, consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the removal of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as FURUNCLES and SORES, ERYSIPELAS, STY, ANTHRAXES, PILES, ROSACEA, ERYTHREMA, PITYRIASIS, SCALD HEAD, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RADEMATISM, SPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPENSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSICIAN, are so composed that disease within the range of their action can rarely withstand or evade them. Their purgative properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is assisted to find his health or energy restored by a remedy at once so simple and inviting. Not only do they cure the every-day complaints of every body, but also the most malignant and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Colic, Stomachic, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Junctions of the Nerves, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness, and so numerous are the cases of its cures, that no other every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what candidate to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies are sold, which the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten. GREAT CURE DR. LELAND'S ANTI RHEUMATIC BAND,

IS THE ONLY KNOWN REMEDY FOR Rheumatism, Gout and Neuralgia, AND A SURE CURE FOR ALL MERCURIAL DISEASES.

It is a conveniently arranged Band, containing a medicated ointment, to be worn around the Waist, without injury to the most delicate persons, no change in habits of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines which weaken and destroy the constitution, and give temporary relief only. By this treatment, the medicinal properties contained in the Band, come in contact with the blood and reaches the disease, through the pores of the skin, effecting in every instance a perfect cure, and restores the parts afflicted to a healthy condition. This Band is also a most powerful Anti-Mercurial agent, and will entirely relieve the system from the pernicious effects of Mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggravated cases of long standing.
