The War in Missouri.

Gen. Price Recrosses the Osage

Rapid Advance of the Rebels .-

SYRACUSE, Mo., Nov. 25 .- Intelligence has been received here, from parties direct from Osceola, that Gen. Price's army crossed the Osage river, at Hoffan's Ferry, on Friday last, and that an advance guard would reach Osceo-

la on the following day.
Sr. Louis, Nov. 25.—The Committee appointed to investigate the claims against the Government in this Department, having been in session for over two weeks, during which time claims amounting to more than six willions of dollars have been, presented and approved.

Witnesses are examined daily, and their evidence relating the different claims is reported in full. Claims will continue to be presented daily in large numbers, and the labors of the Committee will hardly be concluded for several weeks yet.

SEDALIA, Mo., Nov. 25 .- It is reported that Price is still advancing, and is now coming towards this place, and that the Federal pickets were driven in this evening.

A number of rebels were arrested last night while on their way to join Price's army.

The Secessionists residing in this town are quite certain that the Union forces are to be driven from this section of Missouri. They are very quiet in regard to the movements of Price. Without doubt he is advancing towards Sedalia.

The military authorities are very strict in enforcing the regulations, and no one can pass signed by the commanding officer of the post.

The train from Warsaw arrived yesterday morning. It brings a report that a sick sol-

COLUMBIA, Mo., Nov. 25 .-- The Statesman, which is published here, has information from Neosho that the rebel Legislature of this State after obtaining a quorum by the appointment of proxies, elected John B. Clark, formerly member of Congress from Harrad county, and R. L. Y. Heyton, of Cass county, Senators to the rebel Congress. The Legislature also

Fifty-two thousand copies of the mechanical part of the Patent Office report have been destroyed by the burning of the bindery.

Ben. B. J. Walker publishes in a Washington paper an appeal for Congress to make an appro-priation for the relief of the suffering millions in Ireland.

If the "Confeds" want to wake up about 50,-600 live Irishmen in the North, every man of who'n will be a hero worthy of the gallant 69th, let them hang Col. Corcoran. It will be the costliest hang-ing the rebels ever indulged in.

There is evidently pervading all branches of the covernment a far more hopeful feeling concerning a successful result of the present conflict than beretofore, and this is exhibited in conversations and otherwise.

Have you read the advertisement respecting .Dr. Leland's Anti Rhou matic Band," in whother column. According to the report of those who have tried it—and who have been cured of the most violent attacks of Khen matism by it—there is no remedy extant equal to this in cases of Kheu-matism—and having no reason to doubt the state-ments we have heard in favor of the "band," we cordially recommend its use to these who are afficted with this disease. will not likely be without it again. You will find it a constant household friend, giving ease and relief just when needed. Keep it constantly on hand and it will save you many hours of pain and suffering. There is hardly a pain it will not eass.—There is hardly an accident that will occur where it will not be useful.

Should one of your family get burned or scalded, cover the burned part with a cloth of several thicknesses wet with the "Master of Pain," and keep the cloth saturated with it. In a short time it will draw all the fire out. It will cause a ptickling sensation—this is the fire coming out. Keep it wet with the "Master of Pain" until the pain and prick ling ceases. Let the wet cloth stay on for six or eight hours, after which apply some for six or eight hours, after which apply some healing ointment or sweet oil. In nearly all cases of Pain or Soreness of the Chest, Throat, Side, Back, Spine, Limbs or Joints, it will give relief.— Rub it on freely with the hand or with a flannel cloth until the skin becomes heated and burning.

For Head ache rub it on the forehead.

It is called "Master of Pain." I did not give it this name—I don't like the name. When I first commenced making if it was without name or label. I made it and sold it by the ounce at my Drug Store. I had no idea then of making a business of it. Some who bought it called it Master of Pain, and by this name it became known for many miles round. And finally, when I had a label rain, and by this name it became known for many miles round. And finally, when I had a label printed I was compelled to adopt the name, for by that name it was known. After all, the name is not so very inappropriate. It is used to alleviate or remove pain. It is put on wherever there is pain. Sometimes it will cause pain, but the result always is freedom from pain. always is freedom from pain.

OF ANY CONFIDENCE FOR RESTORING

THE BALD AND GRAY. Many, since the great discovery of Prof. Wood, Many, since the great discovery of Prof. Wood, have attempted not only to impute his restorative, but profess to have discovered something that would produce results identical; but they have all come and goce, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway.

Read the following ;
Bath, Maine, April 18th, 1859.

Prof. O. J. Woon & Co.; Gents,:—The letter wrote you in 1856 concerning your valuable Hair estorative, and which you have published in this restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are first, is it a fact of my habitation and name, as stated in the communication; second, it is true of all therein contained; third, does my hair still continue to be in good order and of natural cofor? To all I can and answer invariably yes.—

My half is even hetter than in any stace of my life. bair still continue to be in good order and of natural color? To all I can and answer invariably yes.—
My hair is even better than in any stage of my life for 40 years past, more soft, thrity, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will tollow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, to doubt been basely imitated and been used, not only without any good effect but to absolute injury. I have not used any of your Restorative of any account for some months and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your lavor of two quart bottles last summer, for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND. Aarons, Run Ky , Nov. 30, 1858. PROF. O. J. Wood: Dear Sir :- I would certainly be doing you a great injustice not to make know to the world, the won erful, as well as the unex. pected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success and floding my bead nearly destitute of hair, I was floally induced to try a bettle of your Hair Re-storative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it. Respectfully yours,

REV. S. ALLEN BROCK. P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing. Yours, &c., Rev, S. A. B.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparille, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparille is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROPULA AND SCROPULOUS COMPLAIN'S, ERUPTIONS AND ERUPTIVE DISEASE, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RREUM, SCALD HEAD, SYPEILIS AND SYPHILITIC APPECTIONS, MERCURIAL DISEASE, DROPST, NEU-RACIA OR TIC DOULOUREUX, DEMILITY, DYSPERIA AND INDIGESTION, REYSIPELAS, ROSS OR ST. ANTHONY'S PIRE, and indeed the whole class of complaints arising from Impurity of the BLOOD.

This compound will be found a great promoter of health when televen in the compound.

class of complaints arising from Infullity of the Bloop.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous screet, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been mis-

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dellar Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intendor any thing else. by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions.

Ayer's Cherry Pectoral, has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
