THE NEW SECRETARY OF WAR. The history of Hon. Edwin M. Stanton the new Secretary of War, is not so well known as it ought to be. Never having been a politician, he has no obsequious friends to, write biographies for him. A correspondent gives us a few facts on the subject. He began the practice of law in Steubenville, Ohio, having studied in the office of Daniel L. Collier, Esq., now a venerable resident of Philadelphia, who has retired from the profession. Mr. Stanton began to practice in partnership with Col. Geo. W. McCook, a brother of Brigadier General Alexander McCook. After a highly successful career in Steubenville, he removed to Pittsburg, where he soon took high rank at the bar. He first became well-known as a lawyer to this State and to the bar of this eity, as counsel in the celebrated Wheeling Bringe Case, which was tried bere ten or Bringe Case, which was tried here ten or twelve years ago. While residing in Pitis-burgh, Mr. Stanten was in partnership with Judge Shaler. A few years ago he meved to Washington, where he soon obtained a large petitioners should not be granted.

PROF . WOOD'S RESTORATIVE CORDIAL

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilerating, and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemisa to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to as to act in perfect accordance with the laws of nature, and bence sooth the weakest stomach, and tone up the digestive organs, and all y all nervous and other irritation. It is also perfectly evidenting in its offects and yet it is also perfectly evidenting in its offects.

nervous and other irritation. It is also per feetly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining powerful tobic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the universe.

skill or knowledge even to see that detaility follows all attacks of disease, and lays the ungaarded system open to the attacks of many of the most dargerous to which poor humanity is constantly liable. Such, for example, as the following: Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Paintaces, Nervous Irritability, Neuralgia, Paipitaction of the Heart, Melanchely, Hypocondria, Night Sweats, Languor, Giddiness, and all that class of cases, so fearfully fatal if unattended to in time, called Female Weakness and Introduced to in time, called Female Weakness and the Irregularities. Also Liver Derangments of Torpidity, and Liver Complaints, Diseases of the Urinery Organs, Pain in the Back, Side, and between the Shoulders, predisposition to Slight Colds, Hacking and Continued Cough. Emale ciation, Difficulty of Breathing, and indeed we might countered many more still, but we have space only to say, it will not only cure the stacks arising from Miasmatic Induces and cure the diseases at once, if at the

rebiley following Chilis and Fever, but prevent all attacks arising from Miasmotic Influences, and cure the diseases at once, if all ready attacked. And as it acts directly and persistently upon the bilary system, arousing the Liver to action, promoting, in fact, all the excretions and secretions of the system, it will intallibly prevent any deliterious consequences to the system of the syst water; hence all travelers should have a bot.

It the with them, and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the bands of all persons of sections or the strength or the streng

organs, it should be in the bands of all persons of seichtary habits, students, ministers, literary men. And all ladies not accustomed to much out door exercise should always use it. If they will they will find an agrecable, pleasant, and efficient remedy against those alls which rob them of their beauty; for beauty cannot exist without health, and health cannot exist without health, and health cannot exist while the above irregulating continue.

which rob them of their beauty; for beauty cannot exist without health, and health cannot exist while the above irregularities continue.

Then again, the Cordial is a perfect Mother's Relief. Taken a month or two before the final trial she will pass the dreastful period with perfect case and safety; There is no mistake, about it, this Cordial is all we claim for it.—

Mothers, try it. And to you we appeal to detect the illness or decline not only of your daughters before it be too late, but also your sons and bushands, for while the former, from false delicacy, often goes down to a premature of greve rather than let their condition be known in time, the latter are often so naxed up with the excitement of business that it it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilent, and to you we confidently appeal; for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hard in time of need.
