## HOSTETTER'S STOMACH, BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bedily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening assure, enable the system to triumph ower disease.

For the cure of Dyspensia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Billious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Chelera Morbus, &c., these Bitters have no consil

Bitters have no equal.

Diarrhosa, dysentery or flux, so generally con-

tracted by new settlers, and caused principally tracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may ways be attributed to derangements of the digestive organs, can be cured without and by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infal-lible? All nations have their Bitters, as a pre-ventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have texded to prove the value of this great preparation in the scale of medical science.

PEVER AND AGUE. -This trying and provok-FEVER AND AGUE.—This trying and ping disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven sically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are

For Persons in Advanced Forts, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nour-ishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

eir use in all cases of weakness. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hoststyen's Celebrated Stonach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and siamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

RESTORATIVE CORDIAL

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilerating, and strengthening to the vital powers. It also reviviles, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to as to act in perfect accordance with the laws of nature, and hence sooih the unchest stomach, and tone up the digestive organs, and allay all perveus and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility, for it needs no medical skill or knowledge even to 'see that debility follows all attacks of disease, and lays the unguarded system open to the attacks of many of the most dang-rous to which poor humanity is constantly liable. Such, for example, as the following: Consumption, Bronchitis. Indigestion, Dysepsia, Loss of appetite. Faint ness, Nervous irritability, Neuralgia, Palpitation of the Heart, Melancholly, Hypocondria, Night Sweats, Lauguer, Giddiness, and all that class of cases, so fearfully fotal it unattended to in time, called French Wenkness and Irregularities. Also Liver Devangements or 'Torpfalty, and Liver Complaints, Diseases of the Kildway Scalesce.

Also Liver Derangements of Torpfdity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the urine, or any general derangement of the Urinary Organs, Pain in the Back, Sine, and between the Shoulders, predisposition to Slight Colds, Hacking and Cortinued Cough, Ensaciation, Difficulty of Breathing, and indeed we might enumerate many more still, but we have space only to say, it will not only every the

might enumerate many more stid, but we have space only to say, it will not only cure the debility following Chills and Fever, but prevent all attacks alising from Miasmatic Influences, and cure the diseases at once, if all ready attacked. And as it acts directly and persistently upon the biliary system, aronsing the Liver to action, promoting, in fact all the excretions and secretions of the system, it will intallibly prevent any deliterious consequences tollowing upon change of climate and water; hence all travelers should have a bottle with them, and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persens of sedentary nabits, students, miristers, literary men. And all ladies not accustomed to ary men. And all ladies not accustomed to much out door exercise should always use it. If they will they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty; for beauty cannot exist without health, and health cannot exist without health, and health cannot exist while the above irresultation.

exist while the above irregularities continue. Then again, the Cordial is a perfect Mother's Relief. Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety; There is no mistake about it, this Cordial is all we claim for it.—

Mother, try it, And to you we reconstitute the safety of the detect the side and sately; There is no mistake about it, this Cordial is all we claim for it.—
Mothers, try it! And to you we appeal to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former, from laise delicacy, often goes down to a premature grave rather than het their condition be known in time, the latter are often so mixed up with the excitement of business that it it were not for you they too would travel in the same downward path until too late to arrest their fatal fall. But the mother is always visitent, and to you we considently app al; for we are
