The Army of the Potomac to be Reorgan-ter.—The changes of Generals in the Army of the Potomac are not ended. It is said to be decid-ed that General Sedgwick can profitably serve elsewhere, and that General Meade, likewise, ra-pidly approaches the termination of his command.

CLEBLAN.—The prevailing impression that General "Baldy" Smith is filled with what Count Gurowski calls "McCiellanism" is entirely an error. He was among the first of the Generals on the Pennsula, after the collapse before Yorktown, to denounce McCiellan, officially and unofficially, as in-

The Tax on Tobacco.—It is now quite sure that Secretary Chase's recommendation of a heavy tax on tobacco will be adopted. The opinion prevails in Treasury circles that a dollar or upward on spirits, and a correspondingly high tax on tobacco, will yield full one half of all the revenue we shall control to that output the people-sparies and some need, and to that extent the necessaries and com-forts of life will be relived from burdens.

OFFICERS IN WASHINGTON THINNING OUT .-

The estimation put apon Jeff. Dayis in North Carolina is shown by this observation in the late speech of Governor Vance. He said: "If every man in this county (Wilkes) who had used abusive language toward Jeff. Dayis and the Confederate Government were to be put in jail, he would have to ac dress his entire audience through the prison bars."

RUMORS CONCERNING MCCLELLAN.—The town persists in crediting rumors that McClellan is to be placed in command of the defenses of Washington. The more enthusiastic of his friends are disposed to bet that General Grant came from the front Friday the 21st ult., for the express purpose of insisting that McClellan be put at the head of the Army of the Potomac. Each set of these e:clulous friends is in error.

At Winchester he was met by his brother-in-law, who persuaded him from his purpose. The brother-in-law is strongly opposed to the Union Government authorities, because he was arrested a short time since and held as hostage for the safe and a seally attention of a level distance serviced off by the speedy return of a loyal citizen carried off by the rebels, named Dooley.

The New Loan.—There is the best authority for saying that no National Banking Association has yet received authority to receive subscriptions on account of the national ten-forty loan of two on account of the national ten-forty loan of two hundred miliions. Letters are in preparation, however, and will be immediately forwarded to all the National Banking Associations which have been qualified and designated as depositories and financial agents, authorizing them to act as agents, in receiving subscriptions for the ten-forty loan.

and it is considered here a legitimate inmary why he permitted this woman to pass the enemy with her great quantity of contraband property, when he arrests all others.—Washington Correspondence of the New York Tribune.

THE TAX ON DISTILLED SPIRITS .- A Washington correspondent is authorized to state that the discordance of views in the Ways and Means Comdiscordance of views in the Ways and Means Committee respecting the tax on distilled spirits have been harmonized, and that the policy of high taxation is rapidly making converts outside and inside of their room. It is understood that a tax of not less than, a dollar will be laid on spirits, and that the Committee will recommend that this be laid to take effect in May instead of July. This will be sone to cut off the two months rope given by the law, as it stands, to distillers to get a heavy stock on hand. It will obviate also the necessity of another wasteful debate over the question of taxing retroactively. The revenue has lost two millions and a half of dollars through the last wrangle.

THE CATHOLIC PRESS AND SLAVERY.—At the outbreak of the Rebellion, Brownson's Quarterly flavery policy among all the Catholic journals.—The great majority of them were voilently opposing every Anti-Slavery measure of the Government, and ateing in concert with the sultra Peace faction of the Northern Democracy. But the trongress of the war has wrought among them several conversions. The Cincinnati Telegraph, the organ of Archbisop Purcell, was the first to come over to the Anti-Slavery party, and to admit and over to urge the necessity of abolishing Slavery throughout the United States. Its example has recently been followed by The Universe, the Catholic paper of Philadelphia, hitherto a violent Democratic and Anti-Administration sheet. In a late issue, this paper admits that the peace of the Republic demands the abolition of Slavery; that the lational current in favor of abolition grows steadily stronger and has become irresistible, and that it ational current in favor of abolition grows steadi-stronger and has become irresistible, and that it ould be absurd to attempt to oppose it. It is a refore gives Irish Democrats the sensible adto accept cheerfully what they are unable to alo. We note the conversions as signs of the mes.—New York Tribune.

The Speculation in Gold.—It is understood in Washington that if there is delay in breaking down the gold speculators in Wall street, by letting fall upon them the surpluscoin inthe Treasury, it is only because the enemies of the Gold bill succeeded by their amendments in disabling Mr. Chase from present action. AID AND COMFORT FOR THE ENEMY.—It is stated in best-informed circles that Mrs J.
