This, so far as we have heard is the only circumstance regarded by some as indicating the murder of Pensyl. We do not know that the circumstances stated in regard to the know that the circumstances stated in regard to the marks of blood and the dragging of a heavy body" have any real existence, or if they have, whether they have any relation to the disappearance of the missing man. ### THE GOLD EXCITEMENT.

A despatch to the Philadelphia Evening Telegraph of Tuesday gives the following in regard to the Gold Excitement in New York:

"Wall-street is intensely excited to-day. Crowds of stock and gold gamblers block up the pavements. The associated Banks have resolved to release the interest-bearing legal tenders in the Clearing House, even at the sacrifice of their accrued in interest. This has given a temporary relief, and produced a slight reaction in both gold and stocks.

The most desperate efforts are being made to bol-ater up "shaky" houses, but it is expected that a dozen or more will go by the board at 3 o'clock.

Two or three are already reported, but I refrain from giving names for fear of injustice.

The general public not engaged in gold and stock gambling are rejoiced at this state of affairs, and

give credit to Secretary Chase or "Old Greenback," as he is styled for all of this. sidered equal to a great victory on the bat-

"My communication with the world has been very much enlarged by the Lozenge which I now carry always in my pocket; that trouble in my throat (for which the Troches are a specific) having made me often a mere whisper."
