The Bedford Inquirer.

BEDFORD PA., FRIDAY, JULY 29, 1864.

☞ TERMS OF THE INQUIRER.—After this date our terms will be $2.00 in advance; $2.25 if payment is delayed three months. $2.50 if not paid within the year.

The advance in the prices of printing materials and labor, makes this increase necessary.

A SUBSCRIBER INDIGNANT—*Stops the Inquirer.*—The writer of the following note seems to include himself among the persons indicated last week in our notice of Buchanan's arrival. Let him speak for himself.

BEDFORD July 22d 1864.

MR. B. F. MCNEIL,—You will please discontinue my paper and also my advertisement, as I dont wish to have anything to do with so slanderous a sheet. I have about the same friendship for J. Davis that I bear for A. Lincoln, which may give you some idea how well I like him. Please send my bill and you will oblige yours &c.

I. MENGEL.

Mr. Mengel does not avow himself a friend of J. Davis, of course he don't. He and those who think with him show their friendship for the "Confederacy" by resisting everything done by the Government to crush out the rebellion. In this way they are of more service to J. Davis than they possibly could be by openly proclaiming their sympathy for him. Hear the Atlanta Georgia *Register* on the course pursued by the opponents of the Administration. The work they are doing here in aid of treason is duly appreciated by their allies in the south.

The *Register* says:

Ex-President Pierce, Seymour, of Connecticut, Vallandigham, Reed, Wood, Richardson, and hundreds of others, are as hostile to the war as they are to black republicanism. These men are doing us an indirect service. They are not openly and avowedly our friends, nor could we reasonably ask this of them.

If they did no more than resist the centralization of Mr. Lincoln, that far they are worthy of our respect and sympathy. If they hold up the banner of State rights, that far they are advocating a sentiment entitled to our admiration.

Such is the course they are pursuing, and such a course ought to have our cordial approbation.—Step by step the same convictions and the same temper that have braced them in compact unity and fiery valor to denounce ultra Federalism and New England fanaticism, will inevitably bring them upon the right ground as it respects our independence. We confess our faith in their political principles. We confess our confidence that eventually these men will see the whole truth and embrace all its conclusions.

We can gain nothing by denouncing them. We may lose much by presenting a hostile front to their peace movements. Live with them under the same government we never will. *But, meanwhile, if they will use the ballot-box against Mr. Lincoln, whilst we use the cartridge-box, each side will be a helper to the other, and both co-operate in accomplishing the greatest work which this country and the continent have witnessed.*

DRAFTED MEN REPORTING.—The Board of Enrollment has been in session in our town again during this week to examine the second enstallment of drafted men on the 700,000 call. The town has been enjoying its usual tranquility. Conscripts have come in quietly, reported, received exemption, paid commutation or agreed to report at Chambersburg, as unconcernedly as if it were an every day matter.—The first draft on this call was made for the nett quota, the one on the 5th of July for the deficiency, with fifty per cent additional. This, unfortunately would not fill the deficiency remaining, and to-morrow, another draft for the still remaining deficiency with one hundred per cent additional will be made. It is surprising to see so many paying commutation when they know that $300 will only exempt them for this quota, and that a call has already been made, for "five hundred thousand more," in which they must undoubtedly take their chance. It looks like foolishness to us, but we presume that those who pay understand there own affairs better than we do.

The numbers of its Board received the uniform praise and approbation of reasonable men of all parties. A more conscientious and honorable party of officials could not have been selected in the district for the positions.

THE BEDFORD INQUIRER (Pa.) says:

DISTINGUISHED ARRIVALS AT THE BEDFORD SPRINGS.—An unusual large number of visitors were registered at these Springs last week. On Wednesday Miss. Lane, Miss Harriet Buchanan, Dr. Henry Carpenter, and James Buchanan arrived. A number of his and J. Davis's friends from town went to the Mount Dallas Station to meet him, and returned to the Springs with him. Gen. Buell, who is staying at the Springs, rode in the same carriage by the side of Mr. Buchanan. A "Col." Plume of Philadelphia was conspicuous on the occesion. *The "Colonel" is the person who swung his hat and hurrahed loudly in town, one day last week, when it was reported by the allies of the Rebels that Washington was captured.*

—This "Col. Plume" will be recollected by many New Yorkers as spending some time in 1832 at Highland Light, N. J., and hailing from California. He then called himself a Secessionist, and as such was on terms of daily intimacy with a McClellan Brigadier, who also sojourned there. The "Col." seems to find congenial society wherever he goes. *N. Y. Tribune.*

The "Col." *does* find very congenial society in this place, and the "old Public Functionary" also seems to have fallen in with numerous kindred spirits hereabouts. If now J. Davis should happen along, we have no doubt the accord would be perfect all around.

LARGE FIRE.—The extensive steam tannery establishment of J. W. Jones was entirely destroyed by fire on Thursday the 21st inst. The tannery is on Evitts' creek on the state line, a part of the premises being in Maryland and part in Pennsylvania. The fire caught from sparks from the boiler in the afternoon about half past four, and in an hour the buildings and stock were entirely destroyed. There was a high wind at the time, that caused the flames to spread rapidly. The loss is estimated at about thirty thousand dollars, Insured in a Baltimore company. A large quantity of tanned leather, hid away in vats to secrete it from the (expected) rebel raiders, was saved.

SIMON NYCUM Esq., of Ray's Hill, sends us six new subscribers, paid in advance and says "I will try and procure you still more." This is the way Mr. Nycum and a number of others have been doing for some time past. Our list of subscribers is steadily increasing. We have received more than twenty new names within a week. Our circulation is now three hundred and seventy more than it was on the first of April last. This increase comes mainly from the eastern middle part of the county. If the same rate of increase could be obtained in the other parts of the county, the Inquirer would reach a circulation of two thousand copies.

FRANKLIN COUNTY POLITICS.—The Franklin *Repository* of this week says;

The Union County Convention met here on Tuesday last, and unanimously nominated Alex. K. M'Clure, of Guilford, for Assembly; Hugh B. Davisson, of Chambersburg, for Commissioner; John H. Criswell, of Green, for Director of the Poor, and Morrow R. Skinner, of Lurgan, for Auditor. Congressional conferees were chosen favorable to Gen. Wm. H. Koontz, of Somerset, for Congress, and Hon. Alex. King, of Bedford, for Judge. The Convention was entirely harmonious in its action. A series of sound resolutions were adopted.

☞ The quota of this county for the next draft will be 646.

ACCIDENT AT A PENNSYLVANIA COAL MINE.—An accident occurred at the Phœnix colliery in this State, on Saturday evening, which resulted in the instant killing of twenty-one men. They were on a slope car coming out of the mines from their day's work, and when near the top of the slope the chain broke, letting the car run back a distance of six hundred feet on a slope of seventy-five degrees, killing all who were in the cars.

MR. J. P. LONG of Hopewell township proposes to increase the circulation of the *Inquirer* in that section of the county. Our subscribers in that region have been more than doubled within a couple of months. But we suppose there are a large number left, who do not yet enjoy the satisfaction of reading the *Inquirer* regularly.

Geo. W English expects to travel in this county during the next few weeks. Mr. English will act as our agent in procuring new subscribers for the *Inquirer*. We have no doubt our friends will give Mr. English all the assistance in their power in his efforts to increase the circulation and influence of their favorite paper.

☞ Died about the 14th inst in the hospital at Fortress Monroe, David L. Dougherty, a member of the 55th regiment, of Napier township, 26 years old. He was a true patriot and a brave soldier.

Rev. Dr. C. A. Hay will preach in the Lutheran church Sabbath morning at 10½ o'clock, and Rev. A. Essick in the evening at 7½ o'clock.

The Rev. Edwards, of Philadelphia, will preach in the Presbyterian church next Sabbath morning, at 10½ o'clock.

☞ The County Commissioners will meet on Wednesday August 10th.

Gov. CURTIN is at the Springs. He will return to Harrisburg in time to vote on Tuesday.

NEGLECTED COUGHS AND COLDS. Few are aware of the importance of checking a Cough or "Common Cold," in its first stage; that which, in the beginning would yield to a mild remedy, if neglected, soon preys upon the Lungs. "*Brown's Bronchial Troches.*" or Cough Lozenges, afford instant relief.

The New York *Tribune* and New York dailies generally, have raised the prices of their papers to four cents a copy or twenty-four cents a week. Many of the $2,00 weekly papers are going up to $2,50 and some to $3,00 a year.

How long Eve, the first woman, lived, we do not know. It is a curious fact that in sacred history the age, death, and burial of only one woman—Sarah, the wife of Abraham—is distinctly noted. Woman's age ever since appears not to have been a subject for history or discuss o1.

DIED.

On the 24th inst., in Union twp., Emma Jane Stuft, aged 2 years and 17 days.

In Bedford Borough, on Sabbath, the 24th of July, Henry Havelock, infant son of G. W. and L. M. Rupp, aged 2 years, 3 months and 4 days.

"Of such is the kingdom of Heaven." How consolatory the words of Jesus which direct our attention to a better world, and assure us that our children, dying in infancy, are accepted through the merits of his death, and by the renewing of the Holy Spirit, are fitted for an eternal home in Heaven. The dear child whose death we mourn was a great sufferer, but he is happy now, in a world where pain and sickness are unknown forever.—There with his angel sister he waits the coming of the mourning group who follow after. May the household divided now, be an unbroken family in that Home from which there shall be no going out.

On the 2d inst., in Lancaster City, of lingering consumption, David P. Breneman, formerly of Woodbury, this county, aged about 33 years.

The deceased, at the breaking out of the rebellion in 1861, volunteered and served his term in three month's campaign, during which time he contracted his disease.

On the 17th inst., in the town of Woodbury, Miss Rebecca Ramsey, aged 57 years, 10 months and 17 days.

The deceased fell from a short stairway at Mr. Breneman's stable, on the evening of the 30th ult., and dislocated, and bruised her left knee. Her physician and all that attended her expected a speedy recovery, and she, too, was lively and hopeful, until twenty minutes before her death. She had resided in the family of J. Breneman Esq., for 19 years previous to her death; and, by her amiability and kindness, gained the love and warmest affections of his family, who deeply mourn her death. Her remains were followed to their last resting place by a large concourse of friends and relatives.

U. S. 10-40 BONDS.

THESE Bonds are issued under the Act of Congress of March 8th 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period *not less than ten nor more than forty years* from their date, and until their redemption **Five Per Cent. Interest will be Paid in Coin,** on Bonds of not over one hundred dollars annually. The interest is payable on the first days March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the Books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to order, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent for premium,) or receive them drawing interest from the date of subscription and deposit.. As these Bonds are

Exempt from Municipal or State Taxation,

their value is increased from one to three per cent per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

OVER EIGHT PER CENT. INTEREST

in currency, and are of equal convenience as a permanent and temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith and ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principle and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $708,975,000. The interest on this debt for the coming fiscal year will be $45,937,126, while the customs revenue in gold for the current fiscal year ending June 30th, 1864, has been so far at the rate of over $190,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than **Ten Millions a Week.**

Subscriptions will be received by

All National banks

which are depositaries of Public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depository Banks,) will furnish further information on application and

II.

A Companion to the Illustrated Horse Management.

NEW EDITION.

THE
ILLUSTRATED HORSE DOCTOR.

Being an accurate and detailed account, accompanied by more than 400 pictorial representations characteristic to the various diseases to which the Equine race are subjected; together with the latest mode of treatment, and all the requisite prescriptions written in plain English.—By Edward Mayhew, M. R. C. V. S., author of several Works on Veterinary Art.

[From the London Globe.]

Every gentleman who possesses or cares for horses would do well to keep this book in his house. Mr. Mayhew's treatment of the worst diseases to which horses are liable is very clearly laid down and the method of keeping horses well and to a prolonged old age, is that of nature, of common sense.

[From the Era.]

No one with the least equine knowledge can require to be told that Mr. Mahew is the man for the task which he has undertaken, and most satisfactorily accomplished.—His high reputation in the veterinary art, and his qualifications as a practiced writer on domestic animals, render him the very person for supplying an intelligent and interesting work on the diseases of the horse, which would be devoid of mere professional localities, while, at the same time, his skill as a draughtsman, and humor as a witty observer of life, enabled him to illustrate with his pencil what he had written with his pen. We advisedly say that "The Illustrated Horse Doctor" is the very best book of the kind which we know; and what gives it an essential charm is, that the author so thoroughly sympathizes with the noble animal which he describes . . . We at once pronounce it as scientific, yet intelligible; informing, yet highly amusing; acceptable to the profound horse doctor, yet the work of all others for the book shelves in every gentleman's sanctum. . . . We give it our unqualified approbation and recommendation.

☞ Either of the above books will be sent by mail on receipt of $5.
