THE ELECTION OF TUESDAY. -We give all the election returns of Bedford County received up to Thursday morning. There is not much doubt, but that the amendments have been carried in this county by a handsome majority. The peace democrats and al lies of the Rebels openly opposed the amendments. Men professing to be honest, and who claim to pos sess average inteligence opposed the amendment on the ground that their passage would confer the right of suffrage on the negro. Many were decieved by such misrepresentations into voting against the amendments. Reckless disregard of truth is the only stock in trade of modern democrats. It shows their rottenness and want of principle. We think the result of the election on Tuesday will everywhere be regarded as a true indication of the downfall and utter rout of the spurious de mocracy.

DURING the past few days, there has been much arm felt here on account of the rumors of the apreach of armed rebels in our midst. Gens. McCausland and Johnson had three thousand men here; two batteries planted to command the town and protect the five hundred who plundered and burned Chambersburg.—General Couch had just forty men within reach of Chambersburg subject to his orders, his new troops having been sent to Washington. Averill was under orders from Hunter, and although urged by Gen. Couch to fall back from Greencastle to cover Chambersburg; was unable to do so in time.

I speak from personal knowledge as to the disposition of our people to defend themselves, had it been possible, and Generel Couch would have called on them could he have hoped to save the town.

Our loss is over two millions; nearly three thousand people are homeless, and every way helpless, but we are cheered by generous friends on almost every side. We can dispense with the charity of the *Tribune*, but it should at least be just. If we had been favored with half the troops sent from the Army of the Potomac to protect the sent from the Army of the Potomac to protect the Tribune (a million people from a thousand or so of a mob), Cnambersburg would not be in rains.—
Our, people refused tribute, preferring the torch. No sort of effort was made to compromise or raise a dollar for the rebels.

Gentlemen.—Having stated it verbally to you, I have no hesitation, in writing the fact, that I experienced marked benealt from your Hesitada's German bitters. During a long and tedious assision of Congress, pressing and onerous atties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend,

Thomas B. Florence.

From John B. Wickersham, Esq., firm of Wickersham & Hutchison, the elebrated Manufacturers of Fancy Iron Works, 250 Canal St.

I am the recipient from you of one of the greatest in-rors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most an-arying and debiliating complaints that the human fami-y can be afflicted with, Chronic Diarrhea.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to romain until I was induced to try Huofiand's German Bitters. After the use of a few bottles of that valuable modicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Messrs. Jones & Evans—Gentleman: — My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me case when ever thing else had failed. Yours truly, JULIUS LEE.

From the Hon. JACOB BROOM.

Gentlemen: In reply to your inquiry as to the effect produced by the use of Heofland's German Bitters, in my family, I have no hesitatien in saying that it has been highly beneficial. In one instance, a case of daysepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second offecting a cure, and the third, it seems has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it I find it to be an unequalled tonic, and sincerely recommend its use to the sufferers.

Truly yours,

R. C. V. S., author of several Works on Veterinary Art.

[From the London Globe.] Every gentleman who possesses or cares for horses would do well to keep this book in his house. Mr. Mayhew's treatment of the worst diseases to which horses are liable is very clearly laid down and the method of keeping horses well and to a prolonged old age, is that of nature of company.

From the Era.]

No one with the least equine knowledge can require to be teld that Mr. Mahew is the man for the task which he has undertaken, and most satisfactorily accomplished.—His high reputation in the veterinary art, and his qualifications as a practiced writer on domestic aniumls, render him the very person for supplying an intelligent and interesting work on the disenses of the horse, which would be devoid of mere professional localities, while, at the same time, his skill as a draughtsman, and humor as a witty observer of life, enabled him to illustrate with his peneil what he had written with his pen. We advisedly say that "The Illustrated Horse Doctor" is the very less book of the kind which we knew; and what gives it an essential charm is, that the author so theroughly sympathizes with the noble animal which he describes. We at once pronounce it as scientific, yet intelliging informing, yet highly amusing: acceptable to the profound horse doctor, yet the work of all others for the book whalves in every gentleman's sanctum. We give a our unqualified approbation and recommendation.

"

BANNVART'S TROCHES, For the cure of Hoarseness, Throat Diseases, &c., are especially recommended to Ministers, Singers and persons whose vocation calls them to speak in public.

Read the following TESTIMONIALS,

From some of our Eminent Clergymen. Harrispyrig, Feb. 8th, 1864.

C. A. Bannyart—Dear Sir: I have used Brown's Bronchial Traches, Wistar's Lovenges and other preparations for hoarseness and Throat Troubles, and in comparison with them all, can cheerfully commend your own as a most admirable specific for public speakers and singers, in cases of Hoarseness, coughs and colds. I have found them serving in tithe of need most effectually.

To C. A. Bannyart—Dear Sir: In the habit of speaking very frequently, and in places where the vocal organs are very much taxed. I have found the need of some gentle expectorant, and that want has been supplied in your excellent Troches. I consider them very far superior to any Lozenges that I have ever used, in removing speedily that huskiness of the voice arising from its too frequent use, and impairing the effectiveness of the delivery of public addresses.
