and continuing until August 25th. To the Editor of the Bedford Inquirer : DEAR SIR-Thomas G. Wright and his two sons.

Pleasantville, Aug. 5, 1864. St. Clair has long enjoyed a bad fame for its ven omous copperheads, and we hope this wholesale slaughter, is an omen that indicates a more sweeping destruction in October and November next.

while mowing a meadow last week, killed in St.

Clair Twp. 117 copperhead snakes, old and young.

The Normal School opened Monday last. The attendance is larger than last year, notwithstanding the unsettled condition our county has been in for the past few weeks, from apprehensions of rabel raids. Sixty were present on Tuesday, about double the number in attendance the second day last year. We dropped in on Wednesday, and found the exercises very interesting. The instructors were clear, pretty thorough, ann spirited in their manner of conducting the recitations. The pupils were all attention, and sppeared as though they had come to make the best use of their time.

THE fears of a rebel raid are over for the present. Last Friday and Saturday there was some commotion. The merchants of Bloody Run removed most of their stock. And some of the hotel keepers in this place emptied out their cellars, and if they stay emptied we don't believe the community will suffer much detriment. Business is resumed and affairs move on as usual. A number of arrests of persons, charged with being spies, have been made within a week. Our county has been visited-lately by a great many "suspicious" persons, who were without doubt emissaries of J. Davis. A fact suggestive of their neighborly intentions to follow up the visit in force.

WHAT THE COPPERHEADS THINK OF IT. - A subscriber at Coildale writes among other things, that, "The other day I was somewhat amused at the remarks of some of the Copperheads of this townsphip. A few of the leaders were assembled together and were amusing themselves very much about the new paper to be started in Bedford. They thought it would be a great hurt to the success of the Union party, and would add greatly to the Copperhead party," &c.,

If anybody doubts, what the 'party' spoken of above, expects to accomplish by the "new paper," let them take notice of the public printing they are already giving to it. Who believes they will build up and sustain a paper that will add strength to the Union

approach the last two weeks, has made it impossible to get our paper out in time for all the mails. We have all worked early and late in order to prevent a failure. We are fally aire to the importance of always being up to time, and neglect nothing that we can do to necomplish it. We have hald first their powers will be glad to know that we have overcome some of their drown, the cavalry corps have become a torror to "Southern Railroads," and correct type setters, they can now be depended on for doing more and better work, than boys their pears and experience usually do. Our edition is now so large (1200) that the press work is a very serious difficulty to overcome. Our press has not worked well and it has taken more than three days in the week, to run off both sides of the Ixquagar. We have week before last we did the press work for more than half of our edition. In a very story time, and inside the first line of fortification around the half of the last two weeks, has made it impossible to get our paper out in time for all the mails. We have hald first from the date of call the mails of their brows, the cavalry corps have not office. Our subcribers will be glad to know that we have overcome some of these difficulties. Within three months three new apprentices in our office. Our subcribers will be added to five the prevention of than half of our edition. In a very short time, we expect the press difficulty will be removed. In the meantime, until the cylinder power press comes, as our force is now pretty strong, we hope our subscribers will have no occasion for disappointment in the regular receipt of their paper.

From the returns below, it looks as though the people of Bedford County are making up their minds that demoeracy, as it exists here, is a sham and a delusion. It is a step, and an important one, in the great political revolution going on over the country. If the people of this county are influenced by convictions, they will not rest antil they have effectually broken the thraidom of the

DIED.

George W. Harraugh died July 11th, 1864, from a cound received in front of Petersburg, Va., on the 18th f June, aged 28 years and 4 months.

of June, aged 16 years and 4 months.

He fell while gallantly defending the flag of his regiment as a guard to the Color Sergeant, a post to which he had been assigned a few weeks previous to the advance of the army. When death in any form enters and takes away one from the family circle, it is secompanied with sadness and sorrow. Yet amidst all it is a great pleasure to be privileged to perform for the departed one the last duties of the dying hour. The subject of this notice was not thus surrounded in his last moments. No affectionate mother, or loving wife or sister, was near to wipe away the last tear or close the cyclids. Perhaps it was done by some companion in arms, who passed through the terrible conflict unharmed. He fell in the discharge of his duty, not counting his life dear unto him when his examtry demanded the sacrifice. He fills a soldier's grave in companionship with many a comrade who fell with him on that memorable day. God bless the sorrowing family.

On the 26th we received orders to move, and by ive P. M., our corps was in motion, moving rapidly n the direction of Point of Rocks, on the James River. We arrived there by daylight in the morning, crossed to the north side and halted for a short me. Soon the 99th Regt. P. V., and ours were sent forward and deployed as skirmishers. Dear Edition:—Perhaps a few lines from this part of the field of mars may not be unwelcome to your numerous readers. The civizens of your quiet town, no doubt, look anxiously for news from their numerous friends in the army. For more than two months this Army of the Potomac has been very busily engaged. Marching and fighting has been our daily occupation, since crossing the Rapidan. Perhaps never in the memory of man have so many has never in the memory of man have so many two, deceased.

we found ourselves 1½ miles from Richmond, and inside the first line of fortifications around the city. The rebel cavalry disputed every step of our way, and when at Richmond they met our advance at Yellow Tavern, while their infantry pitched into our Division (Gregg's) in the rear, and while yet inside their fortifications, our gallant First Division charged and routed them on the advance, while Gen. Gregg politely informed them that he had no objections to permitting the citizens of Richmond to hear the music of his cannon, and that he would take his own time in leaving their fortifications. The rebel General Stuart fell. For awhile the "Johnies" were on all sides of us, right and left, front and rear, their iron hail shet and shell conventions around the city. The decide two, dee d. Many of our comrades were left behind, or found graves around the rebel city. From Richmond we wended our way to the Peninsula, and crossing the Chickahominy and Pamunkey, rejoined the army near Hanover. Remaining with the army sometime, we were engaged in the several fights and skirmishes on the Peninsula, until the 8th or 9th of June, when our First and Second Divisions started on a raid towards Gordonsville, en route, for the Richmond papers said "no one knew where." Near Lousia Court House, the whole rebel cavalry corps attacked us, whom we repulsed after a severe engagement. Tearing up the railroad for several miles we returned to the White House, where we found awaiting us a large wagon train, which we were to escort to the James, no easy task, in the then existing state of affairs. The entire cavalry force were hovering around it like hungry vultures. By fighting and manuveoring the train was brought to within a few miles of the James River, and Charles City Court House. On Friday, June 24th, the First Di vision taking the advance, the Second, Gen. Gregg's, was to hold the only remaining road which led to

Richmond. A few miles from the train we met the enemy apparently in heavy force. For some time neither party made any demonstration, when the rebels learning that only one Division opposed them, attacked us with their whole cavalry corps. Then followed one of the severest cavalry fights, said to have ever been experienced by any position of this. Browns Bronchial Troches. It may be useful to state in this connection that the total Funded debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was \$768,-975,000. READ WHO SAYS SO: FROM THE HON. THOMAS B. FLORENCE. FROM THE HON. THOMAS B. FLORENCE. FROM THE HON. THOMAS B. FLORENCE.

Washington, January 1, 1864, Gentlemen .- Having stated it verbally to you, I have Gentlemen.—Having stated it verbally to you, I have, no hesitation, in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedrous session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so, much needed and obtained. Others may be similarly advantaged if they desire to be.

Iron Works, 259 Canal St.

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhea.

During the long time I was auffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recom-

and, whenever I have an opportunity, cheerfully mend it, with full confidence in its reliability. Truly yours,

JOHN B. WICERRSHAM. New York, Feb. 2, 1864. From Julius Lee, Esq., firm of Lee & Walker, the most stensive Music Publishers in the United States, No. 722 Axtensive Music Publishers in the United States, Ne. 722 Chestnut Street, Philadelphia.

Mears, Jones & Evans—Gentleman:—My mother inlaw has been so greatly benefited by your Hoofland's German Bitters that I concluded to try it myself. I find it to
be an invaluable tonic, and unhesitatingly recommend it
to all who are suffering from dyspepsia. I have had that
disease in its most obstinate form—flatulence—for many years, and your Fitters has given me ease when ever thing else had failed. Yours truly, Julius Lee.

From the Hon. JACOB BROOM, Philadelphia, Oct. 7th, 1868.

Gentlemen: In seply to your inquiry as to the effect reduced by the use of Hoofland's German Bitters, in iy family, I have no hesitatien in saying that it has been ighly beneficial. In one instance, a case of dyspepala of hirteen years' standing, and which had become very disressing, the use of one bottle gave decided relief, the se nd offeeting a cure, and the third, it seems, has confirm ond oneeting a cure, and the third is come of its return for the cure, for there has been no symptoms of its return for the last six years. In my individual use of it I find it o be an unequalled tonic, and sincerely recommend its use he last subsequalled terms be an unequalled terms to the sufferers.

Truly yours,

JACOB BROOM, 1707 Spruce St

Rev. W. D. Seigfried, Pastor of 12th Baptist Church Philadelphia, December 26th, 1863. Messrs, Jones & Evans—Gentlemen:—I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofand's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters" whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicine preparation, I took it with happy effect. Its action was not upon only the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles. Very respectfully yours, W. D. SEIGFRIED. No. 254 Shaekamaxon St.
