One hundred dollars additional has been raised by subscription. This with the Government bounty of one hundred dollars will be paid to recruits serving one year. Making in all four hundred dollars.

HEARD FROM.—Lieut. John J. Barclay formerly of this place but now in the army, has been heard from. He was taken prisoner in the late raid of Wilson's cavalry south west of Petersburg. He is held a prisoner in Columbia S. C. from which place he has written to his friends in this place, who have been very anxious concerning his fate.—It was feared he had fallen in battle. He is confined in the same prison with Major John H. Miller.

MEETING OF THE "DEMOCRATIC CLUB."—The Chairman of the Democratic County Committee under the modest yet significant name of "Many Democrats" at last issued his official mandate to all "true Democrats in favor of upholding the constitution and the rights of the people" to convene in the Court House on Saturday evening last, for the purpose of organizing a democratic club. Long after the ringing of the bell, summoning the faithful to assemble, we could observe a lone follower of modern democracy tracing his footsteps to the conclaves of men braving to avenge "outrages on law and order."

Wm. Hartly Esq. was chosen President. After some preliminary business, a well known orator proposed that they have some speaking a subject sacred to the name of his friend on his right. Mr. Schell took the lead to himself, and opened by saying that he did not wish to make a speech, but had a few words to say about certain men in this community, who under a secret agency from the government were constantly communicating information to the authorities at Washington. He utterly despises these sneaks, who get behind posts, and trees and peep through key-holes to hear some (dis) loyal expression drop from democratic lips. But the gentleman solaced himself by the pleasant reflection that the days of this corrupt and tyrannical administration were well nigh ended, and that hence, so long prayed for by Vallandigham and his apostles, would be ushered in, and reveal the nefarious projects of these spies at home.

After him, followed the modest President, who in his retiring and deferential manner, as a man (he said) who had never engaged in politics, expressed his settled conviction on the great issues now before the country. He could see nothing cheering (loud applause) in the present attitude of affairs. He would ask, "What have we gained by the war?" (vociferous shouting) Absolutely nothing, (defeating roar of nothing.) Therefore let us have peace. He was in favor of an "armistice" for those who could do no peace as long as we kept fighting? He sat.

Mr. Shannon was the next speaker. In his opinion the question had just come to this, war or peace, Democrat or Abolitionist. Every man who is in favor of the war is an Abolitionist. If you are in favor of a further prosecution of the war, then you are in favor of Abolitionism, and all the heresies and blunders of this Administration, and all the distress that exists throughout the land, and you are in favor of these infernal drafts that come every three months of your lives; Slavery had nothing to do with the war, he admitted, however, afterwards that slavery was the cause of the war—so much for consistency.

Mr. Palmer made a short and sparkling speech.—The "Democratic club" then went to bed or some other place.

RECORD WITH REGRET, the death of Jerome Leonard and Wm. M. Amick, soldiers of the Republic, and members of Company D, 55th Regiment Penna. Volunteers.

Jerome Leonard was a sergeant in the company to which he belonged and had earned an enviable reputation, during nearly three years service, as a brave and gallant soldier, and one of the best drill officers of the Regiment. His comrades always spoke of him in terms of highest commendation, and his superior officers esteemed him a "thorough soldier" devoted to the service and faithful to his country. He received a wound in the right thigh at the battle of Cold Harbor, of which he died in the General Hospital at Fortress Monroe on the morning of the 11th of August inst.

In a letter, dictated by him the day before his death, he says: "I have done all I could for my country. It called me and I went and I have suffered. I don't regret coming to the army, my country is worth suffering for—is worth every thing." Wm. M. Amick was a private in the same company and was especially noted for the faithful performance of every duty and unshiniking courage amid every danger. He too was wounded in some one of the battles near Richmond, and died, as we learn under a second amputation of his leg which became necessary on account of gangrene. We are sorry that we could not receive fuller particulars of his death.

Peace to the ashes of these brave men whose patriotic services, and private virtues will long be remembered in this community.

DEATH OF AN AGED CITIZEN.—George James of Colrain township died the 2nd inst., aged between 82 and 83 years old. He had been a member of the Legislature for two sessions and County Commissioner. He leaves a numerous posterity—nine children, forty-eight grand children, and twenty grand grand children. Mr. James was highly esteemed by a large circle of friends and acquaintances.

McCLELLAN HOSPITAL, FORTRESS MONROE, May 31, 1864.

Madam, Three weeks ago, I was ordered from my own Hospital in Washington, to Frederickburg, to assist in the care of the wounded from the "wilderness." Those who have known my care as your own, Isaac W. Lashley, of Co. C, 8th Maryland Regiment. My attention was first directed to him by one of his comrades, and I soon found that he needed all the care I could give him. He bore his sufferings very patiently, saying that it was his Savior's will that he should die.

He told me that one of the Christian Commission workers for him: I will not therefore, repeat, what you have undoubtedly heard respecting the nature and date of his wound. It is my painful duty to tell you that when I left him on Thursday morning last, he was dying. He was, I think, partially delirious; but he told me some days before, he died, to tell his mother he died in the arms of Jesus.

Some one also may write you of his death, but I will give you this message—the most comforting he could have sent you. I have heard nothing, and have been ordered away from Washington to this place where I shall be very unwell, and I have no time to write you anything while the circumstances were fresh in my mind. I wish to tell you, also, that he was under the care of a kind and faithful surgeon, and that he was made as comfortable as possible. He was made as comfortable as possible. He was made as comfortable as possible.

I feel that when a Christian soldier dies for his country, he leaves an honored name which will not be forgotten.—Such men as you are very rare, and I hope they will give them up for the sacred cause of our country and human freedom.

He told me after he was wounded, he gave his pocket-book to the surgeon, with the money in it, and the surgeon promised to send it to his home. He said if you ever received it, to send its contents as you pleased. I think he died on the 21st of May.

Always, my Mother, to subscribe myself, Yours respectfully, CAROLINE H. MERRICK.

CAMP NEAR WHITE HORSE LANDING, Va., Saturday, June 11th, 1864.

Dear Friend, Mrs. Lashley: It is my painful duty to drop you a few lines to-day, painful for the tidings I have to send you. Your son Isaac, my friend and companion is dead. He fell fighting nobly in defence of his country, and his country's flag. He was wounded through the body in a fight that took place, May 31st, near the Wilderness battlefield. I saw him a few moments in the evening when he was carried off the bloody field, but only a few moments, and he was compelled to leave him. He was taken to the hospital at Frederickburg, on the Rappahannock river. He died on the 23rd of May, about 5 o'clock in the evening, and was buried next morning. I am told that a board with his name upon it, and his rank and regiment, was found on the north side of the town, and near the canal. When he died he had on his person a small Testament, which he always carried, and a small memorandum book; so the person who was with him, I heard that he had some money to write to you him while he was there, and I hope you heard from him while he was yet living. He had some money when he was wounded, how much I do not know.

The person who was with him said he did not think he had any money when he died, and I suppose he had given it to some one to send to you. I was with a good kind noble fellow, and a true, brave soldier. I feel his loss deeply, for I loved him almost as if to a brother. He had many friends in his company and regiment.

I sympathize with you, his parents, who mourn his loss, but I wish you to rest, and not mourn for him as one who had no hope. Almost the last words dear Isaac said to me were that he was all right. I have reason to believe that he died with a bright and happy countenance, and that he is now in a better place than any of us mortals beyond the grave. He said among other things, the last moments I was with him, that he hoped I would get out safe, and though suffering extreme pain himself, appeared to cheer me up as best he could. Dear friends, I hope I have not been the first to break this painful news to you, and that some one who was with him when he breathed his last, may have kindly sent you word. Although it hurts me to hear of his death, I am glad to know of him, yet it was my duty both to him and you, and I could not feel that until I had done so. I trust this timely written sheet may reach you, and find you all well and happy. I have no doubt that you should be glad to get a line from me at any time. A letter will reach me by directing it to—J. D. THOMAS, JR., No. 12, 13th St., Wash. D. C. or to—J. D. THOMAS, JR., Washington City, D. C.

Address me to be sent your sincere friend, J. I. T. To Mr. and Mrs. Lashley.
