Horse Thieves -- Communication from Mr. Geo. W. Williams.

B. F. McNau Esq:—Dear sir; my stolen horse as been found, he was taken up while on his way some, about two miles from Schellsburg on Thursey last, three days after being stolen. The thieves for there were two of them found of one, about two mises from Schellsburg on Thurs-by last, three days after being stolen. The thieves for there were two of them) found they were track-d into the mountain and well granded all ground; they evidently because alarmed and thought it the untest plan to let the horses ga. Mr. Harn a horse that the mountain resident of they evidently became alatmed and thought it the safest plan to let the horses on Mr. Horn's horse was taken up by a man on the mountain: neither of the horses had bridles on, although one of my near neighbors deremind Knooff had a new saddle two males and a hatter stolen the same night with the horses. I have paid the reward on the horse and would be very glad to have the opportunity to pay the reward on the third. We are no doubt surrounded by a very large gaing of horse thieves, and unless the people will do something to have it broken up, other measures will be stolen very soon. I think there ought to be meetings called and companies formed all over the country for the purpose of catching the thieves and applying Lynch law as they do in many places in the west, if nothing else will do. Had my neighbors all turned out (as a few of them did) we would no doubt have got the thieves as well as the horses, for othe am readyand willing to go into any arrangement to have thus thing broken up, I would like to have from some others interested on this subject.—Meny man owning a horse is interested in this matter, recollect if is a poor plan to wait till after the hone is stolen, before the door is locked.

## New Adrertisements.

The beneficial effects resulting from the use of this Remedy and its extensive use for Coughs, Colds and Throat Affections, has brought out many imitations, most of which contain injurious ingredients. The Troches have proved their efficacy.

A NUMBER of years have elapsed since the introduc-tion of HOSTETTER'S CELEBRATED BITTERS to the public. The prejudice in the minds of many persons against what are denominated patent medicines at first greatly retanded its sale: but as its virtues and merits be-came known, this harrier of prejudice was overthrown, and the demand increased so rapidly that in a few years scarcely a village existed it the United States in which the afficieted had not experienced the benefits arising from the use of the "Bitters," and at the present day there are to be found IN ALL PARTS OF THE WORLD vouchers for the great merits of the article. No greater cure for for the great merits of the article. No greater cure fo Dyspepsia can be found. See advertisement.

From the Hon. JACOB BROOM,

Gentlemen: In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters, in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, acase of dyspensia of angaly behavess. In one instance, acase of dyspessa of thirteen years standing, and which had become very dis-tressing, the use of one bottle gave decided relief, the sec-ond effecting a cure, and the third, it seems has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it 1 find it o be an unequalled tonic, and sincerely recommend its use to the sufferers.

Mesers. Jones & Evans—Gentlemen:—I have recently been laboring under the distressing effects of indigestion accompanied by a prostration of the nervous system Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hooflund' some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters" whose only aim spams so be to palm off sweetened and drugged liquor upon the community, in a sly may; and the tendency of which, I fags, it so make many a combrased drunkard. Upon laurning that yours was vanily a medicine preparation. I took it with happy effect. Its action was not upon only the stomach, but upon the nervous system, was proppt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles. Very respectfully yours, W. D. SEIGPHIED, No. 254 Shackamaxon St.
