The Bedford Inquirer.

BEDFORD PA., FRIDAY, SEPT 30, 1864.

AN APPRENTICE, (a boy about sixteen years old, intelligent and industrious) to learn the art of printing will be received at this office. Immediate application should be made. tf.

THE INQUIRER is a better medium than any other paper, for communicating with the people of Bedford county. It has a circulation of over twelve hundred and steadily increasing. Advertisements in this paper, reach a thousand readers more, than they would, published in any other paper that circulates in this county. tf.

We give the lists of drafted men in this county, South Woodberry, St. Clair, Schellsburg and Union excepted, which we could not procure in time for this week, they will be given next week.

We are in receipt of interesting communications, which we have not been able to use for the past two or three weeks, we shall try very hard to give our readers some of the most interesting next week.

We very much regret the temporary necessity, that prevents us from giving a greater variety and amount of matter. Our very heavy pressure of election printing, the presswork for our large edition, and the lack of force, are sufficient causes for the present deficiencies of the INQUIRER, as our readers will no doubt readily believe. We think there is a good prospect of relief and improvement close at hand, our power press is on the way from New York, and will be in operation we hope within a week; our working force will also be permanently increased and we feel confident that we shall be able to make the INQUIRER more deserving of support than it ever has been.

The Union men of the different Boroughs and Townships of Bedford County who desire to maintain the integrity of the nation through the triumph of the Union ticket at the coming election will unite in holding meetings at the following designated points where they will be addressed by prominent speakers.

We are often surprised to find so few SEWING MACHINES in use, in our section of the country. In the large cities, every family has its sewing Machine, and they would not be without one for ten times its cost. It is certainly the most useful and economical invention of the age, and we advise our readers to hesitate no longer, but see to getting one of these labor and life saving Machines. There are a great many kinds of Sewing Machines, and we have taken some pains to examine into their respective merits, and have come to the conclusion that the WHEELER & WILSON, HOOSIER PREMIUM SEWING MACHINE, is decidedly the best.

These unequalled Machines are adapted to every variety of sewing for family wear, from the lightest muslins to the heaviest cloths. They work equally well upon silk, linen, woollen, and cotton goods, with silk, cotton, or linen thread. They will seam, quilt, gather, hem, fell, cord, braid bind, and perform every kind of sewing, making a beautiful and perfect stitch, alike on both sides of the article sewed. The sewing will never unravel or wash out.

The Wheeler & Wilson Sewing Machines are so simple that a child can work them with ease. Printed instructions are sent with every Machine, so that any one can operate them without any trouble or difficulty. Every Machine is warranted, and the money returned if not entirely satisfactory.

Over *Fifty Thousand* of the celebrated Wheeler & Wilson Sewing Machines are sold every year, and yet the demand is so great that they can hardly be supplied as fast as ordered. Machines are carefully packed and sent in good order to any portion of the country.

We hope our readers will write at once to the Wheeler & Wilson Agency, No. 704 Chesnut Street, Philadelphia, and get one of their Almanacs for 1865, and specimens of the work done by the Machine, all of which they will send by mail, free of charge, to any address. We should be glad to see an Agency for the Wheeler & Wilson Sewing Machine established in our locality. We know them to be the best, most simple and cheapest machine in use.

Gen. Koontz in Franklin.

IMMENSE UNION GATHERING—CONFIDENCE IS A STRAIN.—One of the largest political gatherings of the kind ever held in Chambersburg, met at Brown's Hotel on Tuesday evening of last week, to hear Gen. Wm. H. Koontz the Union candidate for Congress. After the organization had been completed, Gen. Koontz was introduced, and was received with hearty cheers. He spoke over an hour, discussing the great issues in a most candid, earnest and eloquent manner, and elicited the warmest commendations of his friends, and expressions of respect even from his political foes. He exposed in a masterly manner the treachery of the Democratic leaders in attempting to mislead the people from the interests of the government by a Peace platform and a quasi War Candidate. His review of Gen. McClellan's position was in the highest degree creditable and entirely unanswerable. He indulged in no personal abuse—no low remarks; but stated his positions with the utmost candor, and elucidated them with clearness and force. Being a stranger to most of his audience, he surpassed all expectation as a stumper and cogent reasoner, and left the Union men most enthusiastic in his support and proud of their standard-bearer. We cannot pretend to give even a synopsis of his remarks.

After he had concluded, Mr. McClure was called for, and he responded in a few pointed allusions to the congressional record of Gen. Coffroth, the competitor of Gen. Koontz. He stated that the office of Congress was the most important position to be filled at the October election, and urged the people to elect Gen. Koontz because he would vote for every measure necessary to sustain our armies in the field; to pay our brave soldiers; to fill up their ranks, and to maintain the credit of the government. He stated that against Gen. Coffroth personally he had nothing to say; but of his official record he must speak. He said that *Gen. Coffroth had never voted for any measure to fill up the ranks of our armies or to raise means to pay them;* and said the speaker, I make the statement knowing that I am in the presence and within hearing of Gen. Coffroth himself. * * * * * * *

When the government wanted resolute to pay the soldiers, who were four months without their wages Congress was appealed to for a resolve to enable them to be paid, and to sustain the government credit. Against measures—the only one by which the means could be procured to pay our soldiers—Gen. Coffroth voted at every stage of the proceedings. Does he deny it?" Gen. Coffroth did not answer, and the vast meeting cheered as we heartily and called for his answer; but none come. Mr. McClure then said he had charged that Gen. Coffroth voted steadily against every measure designed to fill up our shattered armies so that they might give triumph to their holy cause. The draft was first urged by Gen. McClellan as the *only* means to fill up our armies, and when the conscription bill was before Congress and conceded on all sides to be the only means of saving our brave defenders from utter defeat, Gen. Coffroth voted against it at every stage, and he never voted for any measure calculated to put a single soldier in the field. He then came *home and voted against the right of the soldiers to vote at the last election!* * * *Franklin Repository.*

BROWN'S BRONCHIAL TROCHES are offered with the fullest confidence in their efficacy; they have been thoroughly tested, and maintain the good reputation they have justly acquired. For Military Officers and those who often over tax the voice, they are useful in relieving an Irritated Throat, and will render articulation easy. To the soldier exposed to sudden changes in the weather they will give prompt relief in Coughs and Colds, and can be carried in the pocket to be taken as occasion requires.

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Compon Treasury Notes, payable three years from August 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum.—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for forty dollars or some multiple of forty dollars.

The notes will be exempted to the amount of $150 from taxation by or under the authority of any State or municipal authority. Subscriptions to these Bonds are received in Current States notes of National Banks. They are TO BE REDEEMED IN COIN, at the option of the Government, at any period not less than three years from their date, and will bear interest at the rate of Seven and three-tenths dollars per hundred per annum. The interest is payable on the first days of August and February in each year.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith and ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principle and interest in gold.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total funded debt of the United States on which interest is payable in gold, on the 1st day of March, 1864, was $761,000,000. The interest on this debt for the coming fiscal year will be $80,000,000, while the customs revenue in gold for the current fiscal year ending June 30th, 1865, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold resources of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were issued from the United States Treasury, until March 28, 1864, in the first three weeks of April the subscriptions averaged more than **Ten Millions a Week.** subscriptions will be received by

FROM THE HON. THOMAS B. FLORENCE.
FROM THE HON. THOMAS B. FLORENCE.
FROM THE HON. THOMAS B. FLORENCE.

Washington, January 7, 1864.

Gentlemen.—Having stated it verbally to you, I have no hesitation, in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and constant duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend,
THOMAS B. FLORENCE.

From John B. Wickersham, Esq., firm of Wickersham & Hutchinson, the celebrated Manufacturers of Fancy Iron Works, 259 Canal St.

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

Hearing the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain still. I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours,
JOHN B. WICKERSHAM.

New York, Feb. 2, 1864.

From Julius Lee, Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut Street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen:—My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—fistulous—for many years, and your Bitters has given me ease when everything else had failed. Yours truly, JULIUS LEE.

From the Hon. JACOB BROOM,
Philadelphia, Oct. 7th, 1863.

Gentlemen: In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters, in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effected a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it I find it a most excellent tonic, and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM,
1707 Sprues St.

Rev. W. D. Seigfried, Pastor of 12th Baptist Church, Philadelphia, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen:—I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an impression to Patent Medicines, from the "thousand and one" quack "Sticklers" whose only aim seems to be to gain of sweetened and exaggerated lapse upon the community in a fly way, until the tendency of which, I fear, is to make many a confirmed drunkard. Upon hearing that yours was really a meritorious preparation, I took it with happy effect. Its action was not upon only the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles. Very respectfully yours,

W. D. SEIGFRIED,
No. 254 Shackamaxon St.

From the Rev. Thos. Winter, D. D., Pastor of Easborough Baptist Church.

Dr. Jackson—Dear Sir:—I feel it due to your excellent preparation, Hoofland German Bitters, to add my testimony to the desirous impression it has created. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters, I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, T. WINTER, Easborough, Pa.

From Rev. J. F. Berkemyer, of the German Reformed Church, Kutztown, Berks County, Pa.

Dr. C. Jackson:—Respected Sir:—I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's Bitters. I am very much improved in health, after having taken five bottles.

Yours with respect, J. S. BERKEMYER.
