The Bedford Inquirer.

BEDFORD PA., FRIDAY, SEPT 30, 1864.

AN APPRENTICE, (a boy about sixteen years old, in lligent and industrious) to learn the art of printing ill be received at this office. Immediate applica ion should be made.

THE INQUIRER is a better medium than any other aper, for communicating with the people of Bed ord county. It has a circulation of over twelve andred and steadily increasing. Advertisements n this paper, reach a thousand readers more, that they would, published in any other paper that circu ates in this county.

We give the lists of drafted men in this county South Woodbury, St. Clair, Schellsburg and Union excepted, which we could not procure in time fo this week, they will be given next week.

WE are in receipt of interesting communication

which we have not been able to use for the past two or three weeks, we shall try very hard to give ou readers some of the most interesting next week.

WE VERY much regret the temporary necessity, that prevents us from giving a greater variety and amoun of matter. Our very heavy pressure 'of election printing, the presswork for our large edition, and the lack of force, are sufficient causes for the presen deficienteies of the INQUIRER, as our readers will no doubt readily believe. We think there is a good prospect of relief and improvement close at hand, our power press is on the way from New York, and will be in operation we hope within a week; ou working force will also be permanently increased and we feel confident that we shall be able to make the INQUIRER more deserving of support than it ever

WE ARE often surprised to find so few SEWING MACHINES in use, in our section of the country. In the large cities, every family has its sewing Machine, and they would not be without one for ten times its cost. It is certainly the most useful and econom cal invention of the age, and we advise our readers to he sitate no longer, but see to getting one of these labor and life saving Machines. There are a great many kinds of Sewing Machines, and we have taken some pains to examine into their respective merits, the following and have come to the conclusion that the WHEELER & Wilson, Highest Premium Sewing Machine, is decidedly the best.

These unequalled Machines are adapted to every g variety of sewing for family wear, from the lightest muslins to the heaviest cloths. They work equally well upon silk, linen, woolen, and cotton goods, with ilk, cotton, or linen thread. They will seam, quilt, gather, hem, fell, cord, braid bind, and perform ev-

Gen. Koontz in Franklin.

IMMENSE UNION GATHERING-COFFROTH IN SNARL.—One of the largest political gatherings of the kind ever held in Chambersburg, met at Brown's Hotel on Tuesday evening of last week, to hear Gen. Wm. H. Koontz the Union candidate for Congress. After the organization had been completed Gen. Koontz was introduced, and was recieved with hearty cheers. He spoke over an hour, discussing the gaeat issues in a most candid, earnest and ele quent manner, and elicited the warmest commend tions of his friends, and expressions af respect even from his political foes. He exposed in a masterly manner the treachery of the Democratic lead-ers in attempting to mislead the people from the interests of the government by a Peace platform and a quasi War Candidate. His review of Gen IcClellan's position was in the higest degree creditable and entirely unanswerable. He indulged in no personal abuse—no low assaults; but stated his positions with the utmost candor, and elucidated them with clearness and force. Being a stranger to most of his audience, he surpassed all expectation as a stumble state of the surpassed all expectation as a stumble state of the surpassed and take him away.

Washington, January 1, 1864. Washington, January I, 1864.

Gentlemen.—Having stated it verbally to you, I have no hesitation, in writing the fact, that I experienced marked benefit from your Hoodland's German Bitters. Buring a long and tedious session of Congress, pressing and onercoss duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend,

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz; that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with. Chronic Diarrhea.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to bry Hoofand's German Bitters. After the use of a few bettlee of that valuable medicine, the complaint appeared to be completely cradiented.

I often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Messrs, Jones & Evans—Gentlemen:—I have recently been laboring under the distressing effects of indigection, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Eitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the 'thousand and one' quack "Bitters' whose only aim seems to be to paths off sweetened and dragged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicine preparation, I took it with happy effect. Its action was not upon only, the stomach, but upon the nervous system, was prempt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.
