this was the scene itself in living, sublime reality,

surpassing description. The gallant Griffin soon

rushed in his famous artillery and as usual silenced

the enemies' guns, while the dark shade of night

shut out from view the foe, and brought the dreadful

drama to a close. The enemy retreated, and a

strong line of federal earthworks and forts were now

erected where our gallant braves resisted and baffled

all the efforts of the foe to break our unprotected

A Soldier on Peace.

Your kind and ever welcome letter of the 14th came to hand on the evening of the 19th. I was so glad to hear from you, to hear that you were

well, and I hope that you may ever remain so

Your letter found me well and in good spirits, an-

ticipating a speedy termination of this cruel war; when we shall all return to the fond embrace of

ing its last breath. A few months will determine

whether we are to have a Union or not. The

Presidential election will in a great measurs deter-

mine the fate of the rebellion. If Abraham Lin-

coln is elected, which he certainly will be, I think

the war will be over. We have instances every

day almost to prove that such will be the case. -

We are having victories almost daily which go to

show that we are right and will come out victori-

ous in the end. Yesterday Gen. Mott, our division commander, received an official despatch from

the war department, signed by Gen. Grant, that

Sheri lan has gained a complete victory over the

rebels in the Shenandoah valley. He hurled the

rebels through Winchester and captured from twen-

the copperheads will tell you this is not true, as

they generally do, but news of that kind, coming

through Gen. Grant's hands, cannot be denied

And yet there is a certain class of people in the

north that will stand up and ery for an armistice

so that terms of peace may be offered to the reb-

els, while Jeff Davis has emphatically declared that

he will accept no terms other than the indepen-

dence of the Confederacy, and a restoration of all

slaves that have been set free. Look at our grand

armies in the field. Are they in favor of an ar-

mistic and negotiations for peace. I say emphat-

ically NO. But I will tell you what kind of peace

propositions the soldier is in favor of. Such as

Gen. Grant shall issue from Richmond, through

the cannon's mouth, so that all can understand

them, and written with the sabre and bayonet

never to be wiped out. Such is the only true way

of obtaining everlasting peace and a restoration

of our glorious Union, and the glorious old blood-

How to bring about an Armistice. HEADQARTERS Co. I, 21st P. V. Cav. ON THE CAPTURED BATTLE FIELD, October 4th 1864.

DEAR INQUIRER. - We have advanced on the end mies' works; have driven them out at the point of the bayonet; have gained a grand, commanding military position; have placed our cannons in the rebel forts, and now set down amid the glory, as well as the horrors of the battle field, to let our friends know the falacy of the statement "that the experiment of war is a failure," and that VICTORY and Union shine upon the bronsed countenances of our brave soldiers; that it is belched forth from every cannon's mouth; that it is hurled into the ene mies' ranks in bitter, indigestable pills of shot and shell, and that it spread a hallowed influence over our victorious army, and fills the bosom of soldiers with a glorious, unshaken confidence in the perma-

nancy of our government. The 5th Corps left camp on Friday, the last day of Sept., and marched in columns of brigades on the enemies' works, which lay between us and the s outk side R. R. The 1st Division on the extreme left of the corps. We soon came in sight of their works which were built very strong and in a comthe public. The prejudice in the minds of many persons against what are denominated patent medicines at first greatly retarded its sale; but as its virtues and merits became known, this barrier of prejudice was overthrown, and the demand increased so rapidly that in a few years scarcely a village existed in the United States in which the afflicted had not experienced the benefits arising from the use of the "Bitters," and at the present day there are to be found IN ALL PARTS OF THE WORLD vouchers for the great merit of the article. No manding position, and were protected by a fort, surrounded by an abatis. pell-mell out of the works. At this juncture Gen. Griffin rode up to the captured fort, and was cheered by the men; but shouted on my brove boys, charge those other works."-Never was a command obeyed more cheerfully, and in five minutes more, those glorious American banners were planted on another line of Rebel fortifica-

Washington, January 1, 1864. Gentlemen.—Having stated it verbally to you, I have no hesitation, in writing the fact, that I experience d marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend,

THOMAS B. FLORENCE.

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhea.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

Î often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Trûly yours,

be an invaluable tonic, and unhesitatingly recommend it
to all who are suffering from dyspepsia. I have had that
disease in its most obstinate form—flatulence—for many
years, and your Bitters has given me ease when everything else had failed. Yours truly, JULIUS LEE.

From the Hon. JACOB BROOM.

Gentlemen: In reply to your inquiry as to the effect produced by the use of Hoofland's (terman Bitters, in my family, I have no hesitatien in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it 1 find it o be an unequalled tonic, and sincerely, recommend its use to the sufferers. an unequalled an unequalled to the sufferers.

Truly yours,

JACOB BROOM Rev. W. D. Seigfried, Pastor of 12th Baptist Church Philadelphia, December 26th, 1863.

Messrs. Jones & Evans—tientlemen: | I have recently been laboring under the distressing efficits of indigestion, accompanied by a prostration of the nervus system num erous remedies were recommended by riends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters" whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drumkard. Upon learning that yours was really a medicine preparation, I took it with happy effect. Its action was not upon only the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and pernament benefit from the use of a few bottles.

I was advised by a friend to try a bottle of your German Bitters, I did so, and have experienced great and unexpected relief; my health has been very materially benefited. I toonfdently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Bespectfully yours, T. Winter, Roxborough, Pa. From Rev. J. S. Hrrman, of the German Reformed Church Kutztown, Berks County, Pa.

any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was \$768,975,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year ending June 30th, 1864, has been so far at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raiss the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Instructions to the National Banks acting as lean agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than Ten Ifillions a Week.
