#### ELECTION DETAILS.

We annex details of the election in the several States

PENNSYLVANIA .- The returns from the home vote alone, will give Lincoln and Johnson a majority in Pennsylvania, of ten thousand or more .-The soldier vote will add to this from 12,000 to 15,000.

The State of Maine gives about 18,000 majority for Lincoln, which the Soldiers' vote will increase to 25,000.

New HAMSHIRE gives over 2,500 Union major ity, with several towns to add, which will probably increase it to 3,000, Congressmen are to be chosen next Spring.

VERMONT gives 30,000 majority for the Lincoln Electors.

MASSACHUSETTS, complete except 13 small towns, gives Linclon 76,923. The towns yet to come in will make the majority 78,000. Governor Andrews is elected by the same vote. All the Union Congressmen are chosen by large majorities, and the Legislature is the next thing to unanimous on the same side.

RHODE ISLAND gives Lincoln 5,061 majority on the home vote.

CONNECTICUT gives a Lincoln majority of 2,427. The two last named States elect Congressme next Spring, and will do their part to make the New England delegation unanimous for the Administration

NEW YORK gives Lincoln and Johnson a majority of from 8000 to 9000, in a poll of over 700,000. Governor Fenton has probably over 9500; the whole Union State Ticket is chosen. The Senate (holding over) is 21 Union to 11 Democrats; the Assembly probably 78 Uniom to 50 Democrats. Union majority on joint ballot, 38, or thereabout-Congress will stand either 21 Union to 10 Democrat, or 20 to 11." Fernando Wood is defeated in the city, and it is believed Brooks also, but the canvassers have figured the latter in by 147 majority. His election will be contested by his opponent Dodge with good prospects of success. The dem. ma jority in the city of New York is set down at 36. 857, ten thousand of which at least is doubtles fraudulent.

NEW JERSEY .- The majority for McClellan and Pendleton, in New Jersey, will probably be some what over 7000. Two Union men (Gov. Newell and Mr. Starr) have been chosen to Congress out of the five, which is a Union gain of 1. In the Senate (holding over) there will be a Democratic majority of 5; in the House there will pryobably be a tie, or not more than 1 majority either way. DELAWARE has cast her electoral vote, as we

supposed she had, for McClellan and Pendleton by between 400 and 500 majority, and also elected the Democratic Congressman over Smithers, which is a gain

MARYLAND.-The majority for the Lincoln ticket in Maryland will probably reach 8000 to 9000' In the House of Delegates the Union majority is decided but in the Senate the Democrats are believed to have a majority of 1. Cresswel, Union is also defeated in the First District for Congress His majority before was very small, the district being considered very doubtful. This is a Union los. Harris, the secessionist, is re-elected in the Fifth District. In the other three districts Union men are elected.

WEST VIRGINIA is almost unanimously for Lin coln. Only one county went against the Union ticket.

KENTUCKY .- Kentucky has of course gone a gainst the Administration by a large majority .-Several of the river counties, however, have unexpectedly given large majorities for Lincoln.

OHIO .- In this state the majority for Lincoln is too large to be counted-some 70,000 to 80,000 ! -The Congressional delegation from this State will stand 17 Union to 2 opposition.

It is worthy of note that had the entire South | Vote at the October Election for Congresroted for McClellan, he would still have lacked 50 rotes of a majority. The victory of the Lincoh men is the most magnificent that any party has ever achieved in the history of the country.

THE GENERAL RESULT, by Electoral oots up as follows : For Lincoln and Johnson, 222

- McClellan & Pendleton,
- Lincoln majority,
- NO VITALS IN THE CONFEDERACY .- According

o Jeff. Davis's message to the rebel congress the onfederacy has no vital points. It is either what Mr. Mantilini calls "a demnition body" already, or its vitality is distributed so universally that if it

s chopped into a hundred pieces it will still live, like an eel. Having shown to his own satisfaction that the confederacy has recovered much lost ground west of the Mississippi river, and in Misissippi, Alabama and western Tennessee (which s too true), that Grant has sacrificed a great number of men and accomplished nothing, and that Sherman's and Farragut's victories are barren of esults, he proceeds to say that if Grant shall take Richmond, and Wilmington, Charleston, Sa-vannah and Mobile are all lost, the confederacy will still remain unconquered and unconquerable. His theory is that none of these are vital points ; that in fact the confederacy has no vital points .-It would seem to follow that if we conquer and oc-

cupy the entire South, the confederacy will still live ; but the rebel president stops a little short of unning his logic into the ground to that ridicuous extent-justalittle.-Springfield Kepublican.

The important intelligence comes from Shenandoah Valley that the Rebel army has again fallen rapidly back towards Staunton. Deserters who have come into the Union lines say that Early's force in the vicinity of Fisher's Hill broke camp on last Sunday morning, and commenced its retro grade movement, and on Sunday evening his pickets along Cedar Creek were also withdrawn, leaving, apparently, only small detachments of cavalry in Sheridan's front. The Rebel army in the Valley is now estimated at between twenty-five and thirty thousand, several thousand being unarmed conscripts he has recently gobbled up, and whom he expected to supply with weapons by capturing them from Sheridan's men. The Rebels are said to have been recently gathering up supplies for their Shenandoah Valley army in West Virginia. Included among the prisoners captured by our cavalry in the fights of Sunday a week were about thir-

ty of Early's officers. The entire Rebel losses were about three hundred and fifty, of which over one hundred and fifty were prisoners captured by our men. The Union casualties only amounted to bout one hundred and seventy.

The Maryland Union State Central Committee called upon the President to congratulate him upon his re-election. The President, in reply, said he would not attempt to conceal his gratification with the result of the election. He had exercised his best judgment for the good of the whole country, and, to have the seal of approbation placed on his course, was exceedly grateful to his feelings. He expressed his belief that the policy he had pursued was the best and ouly one which could save the country. He repeated what he had said before, that he indulged in no feeling of triumph over any one who had thought or acted different from himself. He had no such feeling toward any living man. He thought the adoption of a free State Constitution for Maryland was a great victory for right, and worth a great deal more than the part of Maryland in the election-although of the latter he thought well. In conclusion, he repeated what he had previously said, namely, that, "those who differed from and opposed us, will see that defeat was better for their own good than if they had been successful.

OUR WAR NOT A FAILURE .-- The great Wellington took six years to drive Napoleon out of Spain, a country as great as Virginia and then re-INDIANA. - At the October election at which the tired because of reverse elsewhere. Four nations Union majority was some 20,000, fraud was of Europe took two years to occupy the Crimea, a country about as large as New Jersey. England took twenty-eight months to repress the Sepoy rebellion, about as great an undertaking as to put down a rebellion among the negroes of South Carolina. France has in more than a year succeeded in getting only about 180 miles in Mexico, where she holds a very insecure position. England tors, and the result is seen. The majority for Lin- had better look at home before criticising the movenents of our armies. The latest information about Gen. Sherman is from The Cincinnati Gazette of Friday, which says the army Atlanta in two columns, one on the 9th and the other on the 12th, moving eastward, the former via Macon, and the other directly toward Augusta. The Gazette adds that the first column was heard from on the 14th, and had then advanced seventy miles on the road toward Macon. driving everything before it, and destroying everything as it went.

The Harrisburg Telegraph says:—"The follow-ing may be regarded as the official vote of Penn-sylvania, for Congressional Representatives, atthe October election. In compiling this vote, we had to be governed by the returns as made by the dif-ferent Prothonotaries, and as the majority of these officials made no distinction in what wascalled the "home" and the "soldiers' vote,' the aggregate of both votes are only given in the tabular statement below. In order to get the "home" and the "sol-diers'" vote, circulars have been issued from the State Denartment, requesting the different Pro-State Department, requesting the different Pro-thonotaries to fusnish statements of the polls in the camps containing Pennsylvania soldiers and in Continental Hot the State.

the State. —It is now conceded in official circles, that it will be impossible to ascertain correctly the result of the "home vote" at the October election, for the reason that many Prothonotaries failed to make the necessary distinction in their returns.— This being the case, bets which were made on that result, can never be fairly decided. England is alarmed at the lack of seamen. The men who were enlisted about the time of the Crimean war are nearly all discharged, their term of enlistment having expired. It is currently re-ported that not one in one hundred have as yet re-enlisted, but that numbers are coming to this coun-try and joining our navy. This is an important fact, and may well cause uneasiness in British na-val circles.

ASTOUNDING FORGERIES.—The story of forger-ies in this city, brought to light in the Tombs Po-lice Court, promises, when it is fully told, to prove one of the most astounding in the history of crime. One case, involving \$25,000, was yesterday gone One case, involving \$25,000, was yesterday gone into at some length, and a gang of ten ruffians, including some notorious burglars and counter-feiters, have already been secured. But this sum, large as it is, is supposed to be a mere fraction of the amount that will yet be shown to have been raised by the forgers on different banks. Some of those who profess to be informed on the subject, estimate the gross forgeries which this first case will bring to light, at from \$300,000 to \$500,000. And if the facilities for getting checks cashed at our banks are as great in every case as they anour banks are as great in every case as they ap-pear to have been in that trial yesterday, we can pear to have been in that trial yesterday, we can readily believe the future disclosures may turn out to be fearful. It is premature now to comment upon the details which we publish this morning. But it is not premature to ask business men at once to look to their bank accounts. It is not premature to call for redoubled vigilence, if pos-sible, on the part of the police. The city is evi-dently overrun with organized bands of plunder-ers, who arrange and perfect their plans for rob-bing the community on a scale of unprecedented magnitude.—N. Y. Times.

GENERAL NEWS.

count of this unexpected vote in support of the Administration. None, however, was shown. At the Presidential election, the honesty of the previous election, was shown by an increased majority. The investigation of the conspiracy, caused the loyal people to conspire against the conspiracoln will reach at least 30,000.

ILLINOIS .- Just before the election it was feared that Illinois might be lost to Lincoln and Johnson; But the result shows her to be one of the most decided friends to the Administration in the Union. Her majority will be over 30,000. Eleven out of the 14 members of Congress have been chosen, being a gain of six. Both branches of the Legislature are also Union.

IOWA .- This progressive State has cast her vote for Lincoln and Johnson by the immense majority of about 59,000-at least so claimed. She has also chosen a full delegation of 6 Union member of Congress.

WISCONSIN .- Wiscosin has gone Lincoln and Johnson by not less than 8000. She elects also 5 out of the 6 members of Congress, being a gain of 1 member.

MINNESOTA .- The Lincoln majority in this young State is between 2000 and 3000. Both her members of Congress are Union.

MICHIGAN.-The Lincoln majority in Michigan will be over 10,000. She elects a unanimous Union delegation to Congress, Trowbridge beating Baldwin, D., present member-a gain of 1.

MISSOURI .- Contrary to the expectations of many, Lincoln and Johnson have carried Missouri by a large majority. There are at least 9 Union members of Congress elected out of the 11 .-There is not only a large majority of both branches of the Legislature chosen, but a decided majority of the delegates to a new Convention to alter the Constitution, so that Slavery, like in Maryland, shall be extirpated at once and forever. This decisive result may be ascribed to the late rebel invasion.

KANSAS.-We believe there was no regular opposition to the several Union tickets in Kansas-so there can be no doubt as to the result.

OREGON- We have also heard from this far distant State. Oregon has cast her influence into the Union scale by from 1500 to 2000 Union majority.

CALIFORNIA .- Patriotic California has cast her vote for Lincoln and the Union by a majority of not less than 20,000! In San Francisco the Union majority was over 5000. She has chosen all three Union members of Congress.

NEVADA, the new State recently admitted, elects a Union Governor, and gives Lincoln 3,000 majority. Thomas Fitch, Union, hasbeen elected to Congress. The Legislature is largely Union, insuring two United States Senators, of the right sort.

Immediately upon the receipt of the intelligence of the proposed guerilla raid into the Cumberland

Valley, steps were taken by Gov. Curtin for the organization of the militia forces of the border counties. Over one thousand men have already been enrolled in Franklin and Adam's Counties and armed and equipped by the State authorities. No apprehensions is now entertained of an incursion. Of twenty scouts sent by Mosby into Penn sylvania, seven have been captured. The others are believed to have escaped to the other side of the Potomac.

### THE WAR FOR THE UNION.

Excitement at Hagerstown--Another Accident on the Potomac.

dent on the Potomac. A special to the Evening Telegraph, dated Washington, November 19, says: —Parties, arriving here from Hagerstown, Maryland, state that some alarm is felt there lest Moseby should make a dash across the river to burn Hagerstown, as he has threatened to do it, and prisoners who have fallen into our hands recently, say that it is the intention of the Rebels to do so in retaliation for the destruc-tion of the property in the Valley. —This fear has been increased by an attempt sev-eral nights ago to fire the Court House, which is situated in the very heart of the town. It was discovered in time, however, to prevent a serious conflagration. Arms have been formed in the cour-

conflagration. Arms have been furnished to citi-zens, and companies have been formed in the coun-ty for home protection. It appears to be the determination of the Union citizens to defend themselves from guerilla depre-dations, and a number of them have volunteered as scouts. Scouting parties are out day and night. The retreat of Early will doubtless cause Mosby to seek another field of operations. On Wednesday night a collision occurred near Point Lookout, between the *Dragon* and the *Free-born*, gunboats of the Potomac Flotilla, whereby the bow and apron of the latter were knocked off causing her to leak badly. By the use of pumps she was kept afloat until she arrived at Saint Ini-goes, where she was beached.

The truth must soon be disclosed, however.

From the Hon. JACOB BROOM, Philadelphia, Oct. 7th, 1863. Gentlemen: In reply to your inquiry as to the effect produced by the use of Hoefland's German Bitters, in my family, I have no hesitatien in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very dis-trossing, the use of one bottle gave decided relief, the sec-ond effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for ond effecting a cure, and the third, it seems, has cohurned the cure, for there has been no symptoms of its return for the hast six years. In my individual use of it 1 find it o be an unequalled tonic, and sincerely recommend its use to the sufferers. Truly yours, JACOB BROOM, 1707 Sneares St

Rev. W. D. Seigfried, Pastor of 12th Baptist Church, Philadelphia, December 26th, 1863.

Messrs. Jones & Evans-- Genthemen: [ I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervus system, num cross rendless were recommended by riends, and some of them tested, but without relief. Your Hoofland's some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters" whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a site way: and the tendence of which, I fear, is to

off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicine preparation, I took it with happy effect. Its action was not upon only the stomach, but upon the nerrous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles. Very respectfully y 2 rs, W. D. SEIGFRIED, No. 254 Shackamaxon St.

From the Rev. Thos. Winter, D. D., Pastor of Roxbor-ough Baptist Church

Dr. Jackson .-Dear Sir .--I feel it due to your excel-lent preparation, Hoedand German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disor-der in my head and norrous system. I was advised by a friend to try a bottle of your German Bitters, I did so, and have experienced great and unexpected relief; my health has been very materially beneited. I confidently recom-mend the article where I meet with cases similar to my own, and have been assured by many of their good el-fects.

Bespectfully yours, T. WINTER, Roxborough, Pa.

Dr. C. Jackson;-Respected Sir:-I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's Bitters. I am very much improved in health, after hav-ing taken five bottles. Yours with respect, J. S. HERMAN.
